Stop at the Ogden, Council Bluffs, the best \$2.00 house in Iowa.

Wood of all kinds, coos and coal. L. G. Knotts & Co , 700 Broadway. Geo, S. Davis, prescription druggist. Use Domestic scap. It is the best.

#### THE DAILY BEE NEWS FROM COUNCIL BLUFFS

What the Citizens Think of a Proposition from the Union Pacific.

OFFER TO BUY THE UNION DEPOT GROUNDS

Conditions That the Railroad Company Would Impose on the City-Another Phase of the Union Depot Question Brought Out by Recent Events.

The proposition of the Union Pacific railway to buy the union depot grounds on condition that the city council would clear up a defect in its title to Union avenue, has attracted considerable attention from the citazens. The fact that there was a defect in the title has not been known until recently. and when it was announced there was a flurry among some of the citizens, who hoped that it might result in the city regaining possession of the avenue. If the view taken by City Attorney Hazelton is correct, however, the railway company has asked for nothing more than it has already, and its only reason for making the present request of the council is to put an end to annoyance that might arise in the future.

Where the fromble Commenced.

The trouble dates back to a little over three years ago, when an ordinance was passed repeating the ordinance by which the company was compelled to randominy trains | Omaha conducted the exercises, which were every half hour in order to keep possession. of the avenue. It was the intention of the conneilmen who passed the second ordinance to relieve the company of its obligation only on the condition that they enter the union denot within eighteen months, and a clause to that effect was tacked on. The ordinance went into effect immediately opon accent-ance by the company, and the company lost no time in accepting it. It now turns up that there was no reference to this provis-ional clause in the tilic of the ordinance, and, according to the state law, that part of the ordinance is consequently utterly void.
Union avenue, as it now transpires,
was given to the company without receiving
any benefit from the gift, and the company was allowed to discontinue its half-hourly trains, also, without giving up anything i return, all on account of the carelessness of the parties who drew up the repealing ordi-

In the opinion of the city attorney, how-In the opinion of the city attorney, how-ever, the gift of Union avenue to the com-pany was an unmitigated benefit, and to get it back would bankrupt the city. It is 120 feet wide, and running diagonally, as it does, through the city, there is not more than one lot on each block that would pay for the cost of paving and filling, which, in all probability, will some-time be necessary. More than one half of the cutire paving would have to be time be necessary. More than one-half of the entire paying would have to be charged up to the city as intersections, and nearly all the other half would be assessed up against little triangular lots which would not be worth selling for taxes. The consequence would be that if the city should find some way of gotting the avenue away from the relivant common it would in the from the rallway company it would in the end find it had a very poor bargain.

Might Build a Depot Itself. The reason of the willingness of the Union Pacific to purchase the union depot grounds for any sum not to exceed \$30,000 that may have been expended by the stockholders in the purchase of the tand and the payment of taxes, is attributed by W. S. Mayne, the attorney for the depot company, to an inten-tion of the Union Pacific to put up a local depot in the near future at the corner of Ninth avenue and Seventh street, on the land upon which it was in-tended to have the union depot. He claims have had a conversation with General G. Dodge, vice president of the Union Paitic, in which that gentleman said that be fore many years the transfer hotel would be turned into a freight depot, the freight of-fices would be moved to this side of the river and when that was done the passenger depot would be moved farther up into the city, as a means of counteracting the advantages the

other roads now have in covering the terri-tory west of Council Bluffs which was for merly monopolized by the Union Pacific. Taken Up by the Council. At the meeting of the council the matter vas at once taken up wi any prenm nary skirmishing. W. S. Mayne presented the petition of the depot company. It is a carefully drawn statement of the situation

as viewed by the gentlemen most interested, and reads like this: and reads like this:

Gentler en Your petitioners would respectfully represent that they with other citizens whose names appear upon the list herewith, furnished the money to purchase blocks, 5, 31 and 32 in Riddle's subdivision to aid and encourage the crection of a union depot thereon. During the past avey years negotiations have been carried on between the officers of the Union Depot company and the representatives of the six principal lines of railroads centering here. At one time we had a written agreement with them by which they were to take this ground and use it for union depot nurpo-ses, but the board of directors of one or two of these railroad companies refused to confirm the action of their representatives and Join with the other lines in carrying forward the much desired in provement.

he much desired improvement.

In the meantime—the Northwestern railroad as built a new local depot—on Broadway, and the Chicago—Burlington & Quincy is preparing to build—one on Main street, and it is evident to us that the union depot enterprise teast with

dent to us that the union depot enterprise must whit.

During the time this property was held by the Union Depot company a large amount of taxes accumulated by reason of extensive street improvements in that part of the city; \$1,300 had been paid, and upwards of \$6,700 were still due. To clear up these taxes Receiver T. J. Evans was appointed by the district court with authority to borrow the money accessary to pay these taxes and hold the property until it could be sold. This is the present situation. To preserve this ground as railroad property, and at the same time make such disposition of it as will refund the citizens the money they have so generously contributed, is the desire of the court, the receiver and your pelitioners.

Jointon, as it does the Tenth Avenue depot grounds of the Union Pacific railroad, and that road having control of the only outlet to the west, it was evident to us that it would be to the best interests of the city and with more promise of the ground being used for the purpose for which it was intended, if promise of the ground being used for the parpose for which it was intended, if it could be sold to them. With that object in view representatives of the Depot company and Mr. Evans have had personal interviews with the president of the Union Pacific company and with one of the union depot matter was discussed and the disappointment of our citizens at the outcome fully explained, for which, however, that road was in no wise to blame. They finally consented to take the property off our hinus provided the cost does not exceed \$30,000. Those of us who have come into contact with these representatives of the Union Pacific railroad view their proposition as a most generous one. It was a friendly act upon their part, as they have no present use for the grounds, and we believe it is placing it in the hands of our friends, for that corporation under its present management is certainly friendly to the interests of

is placing it in the hands of our friends, for that corporation under its present manage-ment is certainly friendly to the interests of this city. They have been loyal to the union depot enterprise in all its varying phases, and yet it demanded from them far greater sacri-lices than from all the other roads. In taking this property they make the condition and re-quest that the cloud which rests upon their right to use Union avenue be removed by or-dinance that it may not hereafter be a cause disturbing the friendly relations which exist between that corporation and this city. Mr. Mayne's Statement.

It was signed by the directors and stock-holders of the company. Mr. Mayne continued to represent the company before the council. The important part of his pica for the company was the citation of legal precedent to show that when the city council gave the Union Pacific company the right to occupy Union avenue and the railroad company accepted it the company then went ahead and compiled with the state law governing railroad rights-of-way and paid the owners of abutting property satisfactory damages and thus acquired the same rights as are held by all railways in the state; that the city cannot any more successfully attack that right than can the farmer who has ac-cepted damages for a road running through

Mr. Mayne stated that the depot company had prepared just such an ordinance as was desired by both the depot people and the Union Pacific, but before it was introduced Mr. Shugart arose and made an carnest protest against the whole proposition and favored instead the remission by the city of the \$13,000 taxes that have accrued against the property since it was acquired by the depot

A similar protest in writing was received from William Siedentopf and read. Railway Commissioner Smith added even

showed the council that the question of

union depot lies and always has laid with the Union Pacific company, that the lewa roads would have joined in a depot within forty-eight hours after the Union Pacific had made a hours after the Union Pacific had made a move and that the excuse that the delay was caused by the reluctance of the lowa reads was simply a shallow subterfage, that the Union Pacific could not have kept them out if it had tried. He stated that he had been assured while in Des Moines by the general manager of one of the Iowa roads that his company was anxious to join in a union depot but was not in a position to move publicly in the matter, and that every lowa road would be compelled to join in the scheme the moment the Union Pacific started. He advocated carnestly the use of every power the council had to compel the every power the council had to compel the Union Pacific to keep its piedges to the city. A number of those interested in the depot

site and anxious to let go spoke in favor of . P. Dodge wanted to disabuse the minds of the council of the impression that the Union Pacific wanted to make this trade. The company had only accepted the depot company's proposition after persistent

Mr. Mayne said he was not authorized to Mr. Mayne said he was not authorized to speak for the company, but he believed and felt he know enough to assure the council that if the Union Pacific got the property it would be used for passenger depot purposes. The final disposition of the matter was deferred until Monday evening by a resolu-tion referring it to the committee of the whole

Funeral of W. H. Grandy. The funeral of W. H. Grandy, the druggist who committed suicide, took place yesterday from the residence of the late Miss Weirich, under the auspices of the local lodge of Masons, Rev. T. J. Mackay of Omaha conducted the exercises, which were attended by the Masons in a body. The pall bearers were E. R. Fonda, H. A. Cox, J. W. Peregoy, C. M. Harl, J. P. Stevenson and George Rudio. At the close of the exercises the remains were ex-orted to the Northwestern depot, accompanied by the Masons and Dalbey's baint, and were taken to Canada under charge of J. B. Atkins.

The decensed had coursed at the Weirich residence on Fourth street for the last lifteen years, and was very much attached

iffteen years, and was very much attached to the members of the family, and especially so o Miss Weirich, whose death took place last Saturday. He read the news of her death in Sunday's paper while at the hospital, and that was the first laking be that that she was worse than she had been The news was a terrible shock to him, and ne who witnessed the scene said that he acted as if some one had struck him a blow. The news doubtless caused a melan which was the principal cause of the rash deed which ended his life. The Masons passed appropriate resolu-

tions at a special meeting held yesterday afternoon just before the funeral.

At Dohnny's Theater. Saturday and Sunday evenings "A German Soldier" is to be given. It is an original musical comedy-drama written expressly for the popular comedian. James A. Reilly, and produced with a strong east and elegant stage surroundlings, under the management of Mr. James E. Orr, one of our ablest caterers play is in four acts, and is a true picture of the France Person of the Franco-Prussian war. Humor and pathos equally abound. Mr. Reilly introduces a number of the new and stirring songs especially composed the play. The plot is marvelously full of interest and from start to finish the numerous elever dramatic surprises ensure the delighted attention of the audience. At the matince Saturday the price to any part of the house will be

Next Monday evening the old, but ever popular "Uncle Tom's Cabin" will given by Sutton's double company with two Topsies, two Marks and four donkeys.

Bluffites at the Pen.

Sheriff Hazen returned yesterday moraing from Fort Madison, where he left John Sherwood to serve out a twenty months' sentence in the state penitentiary for forgery. Sherwood took his imprisonment very coolly, and stood the removal of his clothes and the substitution of a suit of second hand stripes that had been made for a man of very different dimensions, in a philo-

Mr. Hazen saw a number of prisoners who were sent up from Council Bluffs. Bill Criss has developed into a well behaved colored boy, and is anxiously awaiting the expiration of his sentence next July. Fred Kissell and Howard Sparks are also said to be two of the best behaved prisoners in the peniten-tiary. Benson, Burns and Anderson, who made life so exciting for the jailer here, have not lost any of their life, and are cor finually stirring up rows among the convicts. John Brown, who went to the penitentiary for having two colored wives, asked the for having two colored wives, asked the sheriff if either of the wives had commenced actions for a divorce, and when informed that they had not, remarked that they might as well, for he would never have anything more to do with them.

Piles of people have piles, but De Witt's WitchHazel Salve will cure them

A Big Supper. Arrangements are rapidly being comleted for the supper to be given by the adies of this city for the benefit of the Union Christian Mission and Industrial It is expected to be one of the largest affairs in this line ever given in the city. The Eiseman building has already been secured, and the date is Friday, April 21. The girls of the Industrial school will go in a body and be treated to a free supper.

Coal and wood; best and cheapest Missouri hard wood in the city; prompt delivery. H. A. Cox, No. 4 Main.

Domestic soap outlasts cheap soap.

Talking of a Club House. A meeting of the wheelmen of this city is to be held this evening at the World-Herald office, 103 Pearl street, for the purpose of reorganizing the old wheel club or, rather, to organize an entirely new club on another and more satisfactory plan. The club last year failed to meet the expectations of its organizers for a number of reasons. For the past two months the scheme of having a club house has been talked of, and one of the objects of tonight's meeting is to take some definite action in that direction. A cottage conveniently located is to be rented for the summer and fall and fitted up as a meeting place, with reading rooms, bath rooms and the other conveniences that are usually to be found in such places. So far the names of over sixty bicycle riders have been obtained as members of the new organization, and from the way that wheels are now being sold the list will be more than doubled before the end of the season. The organization is to be modeled after that of Omaha.

Why Not Use the Best? "There are numerous preparations in the market for coughs, colds, croup and whool-ing cough. Among them we wish to call

ing cough. Among them we wish to call your special attention to Chamberlain's Cough Remedy. It is sold on its merits. This assertion is warranted by its sales, which surpass any preparation of a similar nature. I hear nothing but praise from customers who have used it." The above is what Eugene P. Unangst, the leading druggist of Bethlebem, Pa., says in a circular to his customers. He has sold at retail over 1,000 boatles of this remedy during the just. 1,000 bottles of this remedy during the past year, and knows it to be without an equal. The praise that naturally follows its intro-

WANTON WORK OF A MAD MOB OF STRIKERS

Quaregnon the Scene of a Lively Fight-Universal Su Trage De manded -Hemonstrations Before the Chamber of Depnties-Rioting in Many Places.

Buessus, April 12.—The strike movement is spreading. Three hundred miners engaged in the strike perpetrated much wanton damage at Quareguon in the province of Hamaut today. The strikers made an attack upon the sheds about the mouth of a pit and smashed every window in them. There were many men working in the pit who had refused to join the strikers and the mob's efforts were directed against them as much as against the owners of the pit. All sorts of rubulsh, old boards, stones and dira were thrown into the shaft, the intention of the strikers being to imprison the men in the mine. The pit officials were helpiess to contend against the mob, and assistance was asked from the gendarmes. Before officers arrived at the pit considerable damage had

Beat Off by the Police. The mob was on the point of attacking another pit when the gendarmes arrived. The latter at once ordered the rioters to disperse, and upon their refusal to do so, attacked them with the flat sides of their swords. The strikers finally dispersed, fearing that if they resisted the gendarmes would resort to the keen edge of their weapons. Further trouble from the strikers is apprehended, and a close watch will be kept upon all their actions. Great activity is shown among the labor

leaders. All their efforts are now directed to bringing about an enormous demonstra tion against the Chamber of Deputies for refusing to adopt the bill to establish universal suffrage.

Immediately after the assembling of the deputies today an excited crowd gathered around the Palais de la Nation. The incessant accession of small groups soon swelled the crowd until it pushed into the park and up and down the rue Royale. The parliamentary building had already been surrounded by unmounted police. As the crowd because more demonstrative a squad-ron of police was called out and held ready to charge. At 4 o'clock the workingmen to charge. At 4 o'clock the workingmen nearest the parliamentary building raised a shout for universal suffrage and made a rush to break the colice line. The police were driven back and the mob tried to push up the steps. The mounted reserves charked with drawn swords. The mob met them with repeated volleys of stones, but event-ually was forced back and partly dispersed, in the conflict some of the reflectmen were rioters were cut or trampled on.

Fought with Stones.

The real disturbance followed in the rue Levin between the Panais de la Nation and the bonievard du Regent. As often as they were dispersed by the police the rioters tried to reassemble and fight back with stones. In the district round the parlia-mentary building fifteen men were arrested. Less serious disturbances in other parts of Less serious disturbances in other parts of the city were also followed by arrests.

The deputies adjourned the debate on the vision of the constitution after the cometion by the special committee of the ex-mination into the plans of suffrage reform that have been submitted.

Striking coal miners have rioted all the afternoon at Guesnas, three miles from Muoses. The men attacked the buildings near the pit's mouth shortly after noon, drove off the guards and officials and demolished all the machinery, houses and shops They tried to take by storm the Catholic lub, but were driven back by other private citizens and the police. A councilor who en-couraged the moo has been accested. The rioters have possession of most of the town. The garrison in Mons has been confined to the barracks and a call for help is expected om Guesmes before the night is as

Many Workmen Killed. Madrid, April 12.—There was an explo don in the Salla Callada company's mills in Mattario this morning. The roof of the building was blown off and struck the ground 100 yards from the foundation. The walls were rent, and most of the flooring collapsed. All the men employed by the company were at work when the explosion occurred. Most of them went down in the wreck. Fire broke out immediately after the explosion. The work of rescue was begun at once. The dead bodies of nine begin at once. The dead bodies of time workinen and the minager have been re-moved from the ruins. Rescuers are still trying to recover the rest of the bodies. The number of the dead is not yet known.

Loxpon, April 12.-What little change there is today in the strike situation at Hull is in favor of the masters. The strikers have made no further attempt to create dis orders. Already dozens of unionists have returned to work, and today several more applied for and were given tickets for the abundance following religions to the property of shipping federation, entitling them to enter and work upon the wharves.

Crops Injured by Frost. PUBBLA, Mex., April 12.—The growing crops which have been so promising in this state have been badly injured by severe frosts during the past several nights. Frosts are also reported to have injured crops in the state of Morena and in some sections of

the northern part of Mexico. Bought by the Southern Pacific. Monterey, Mex., April 12.-It is reported here today that the Monterey & Mexican Gulf is soon to pass into the hamis of C. P Huntington of the Southern Pacific con

Limited Stock of the Finest in the

World.

Breadway, near Northwestern to ob-

World.

S. H. Ford has opened a wholesald liquor store at No. If Pearl steet. Conneil Bluff., and has put in a large and well selected store of wines, brandles, whickles, etc. It is a last worthy of mention that Mr. Ford is the fortunate possessor of nearly forty barris of the flows whickles. In 1880 he bought sevent, the burris of Kentucky C. F. C. Taylor whisky and it was not until about three years ago that he paired the goods on the market. Of this stock he has left about forty barries, and experts all pronounce it absolutely the finest whiskes in the country. He selis it mainly to families for medicinal use, as it is too costly for the regular trade. It is worth over \$19 per gallon. There is not mother brander such whisky in the U. S. His stock of brandles and wines comes from the famous Leiand Standard vineyard in allfornia and inverse high reputation for excellence and
