BEE NEWS FROM COUNCIL BLUFFS

Appointment of a Receiver for the Omaha & St. Louis Railroad Company.

CAUSE GIVEN FOR TAKING SUCH ACTION

J. F. Barnard, a Well Known Rattroad Man. Piaced in Charge of Affairs by the Court-A Statement from a Director.

For several days past J. F. Barnard, a railway man who is known all over the country, has been in Council Bluffs, but no one seemed to know exactly what was the business which brought him here. Yesterday noon the rumors that have been flying about vaguely in ratiway circles as to the object of his visit were all set at rest by the announcement of his appointment to the office of receiver for the Omaha & St. Louis railway. A petition was filed in the United States district court at Keokuk late Wednesday afternoon by the United States Trust company of Chicago, asking for the appointment of a receiver to wind up the affairs of the company. Judge Woolson heard the case yesteriay morning, granted the potition, appointed Mr. Barnard, approved his bond, and the receiver took hold of the duties of his office at noon. A visit to the general offices of the company in the Merriam block yesterday found Mr. Barnard up to his neek, to all appearances, in work. He said that he had had no time to examine into the affairs of the company as yet, so that he could give but little information that would se worth anything. He professed not even to know what was the ground upon which the Union Trust company had applied for the appointment of a receiver. F. M. Gault, the general manager of the road, was out of the city and will not be home until some time today, so that it could not be learned positively how the change in management will affect him, but it is rea-

sonably certain that his connection with the company will be severed. One of the Directors Talks.

W. H. M. Puscy, one of the members of the board of directors, was seen yesterday and asked for a statement of the issues between the Union Trust company and the railway company which had led to the present situation. "About two years ago," he replied, "at a meeting of the stockholders and bondholders of the road it was desided to pass the payment of interest. was decided to pass the payment of interest which would come due last July and last January and to use the money which would otherwise be used in paying off inter-est coupons in improving the road. At that time the company was in very bad financial straits. This decision was perfectly legal, as a majority of all the stockholders united in it. There were others who were opposed to it, however, and they have now united in this action to have the management of the road put into other hands. The receipts of the road will now be used in paying off the interest which was passed last July and January." He admitted, however, that that was a small amount, comparatively speaking, so that it is probable that there are other circumstances con-nected with the case which Mr. Pusey is keeping under his hat.

Disagreement Between Partners. W. H. Barton and George Gehring, who have been keeping a restaurant at 543 Broadway, have had a falling out, and the former, in a petition filed in the superior court asking for the appointment of a receiver airs his woes. He states that, although the business requires a suave and polite manner on the part of the pro

prietor, Gehring has driven away customers by a studious reglect to live up to the rules of the books on etiquette. He also claims that the junior member of the firm has gone about the place looking so slovenly as to take away the appetites of the guests. He wants a receiver appointed in order that the affairs of the firm may be wound up.

Difference in Aural Faculties, A rather occurar misunderstanding seems to exist between the residents of South Nineteenth street, immediately south of Jackson street. At 608 South Nineteenth street is a boarding house presided over by Mrs. Frink. Early last evening some of the neighbors telephoned to the police station that some one had been shot at the boarding house. A pistol shot had been heard, but as no gore was observed it was thought that no fatalities had resulted.

When asked for particulars Mrs. Frink professed dense ignorance. She had heard a shot just as she was scating herself at the supper table, but had no idea who fired it. That one of her boarders should commit such an indiscretion was preposterous. They were the nicest young men in town and the story that one of them had brought home a jag and in the exuberance of his joy dis-charged a pistol, was a "campaign lie of the blackest dye." On the other hand, a dozen of the neighbors could not be dissuaded from the certainty that some one had "fired a shot within the precincts of Mrs. Frink's boarding house, and there the matter was allowed to rest.

COLORADO-UTAH COMMISSION.

Slight Reduction Made by it in Rates-Election of Secretary.

DENVER, June 22 .- This morning the Colorado-Utah railway commission had things all its own way at the Brown palace, the Transmissiouri association having completed its business, and many of the officials having left last night for their posts in the east. The entire morning was taken up in discussing the rules as they are applicable to the lines doing business between Colorado and Utah and with only a few minor changes they were adopted the same as those governing the Transmissouri association.
Immediately following the revision of

rules, the election of a secretary was taken up and P. J. Flynn unanimously chosen to fill the position. In the matter of rates a reduction was made between Colorado common points and

Utah common points. At present the rate one way is \$25. Commencing July 1 it will be reduced to \$20. The round trip rate to the same points is also reduced \$5. This completed the business of the committee and it adjourned sine die.

Another Cut on Pacific Coast Business. Following the cut of the Great Northern yesterday J. W. Hannaford, general traffic manager of the Northern Pacific, announced that on June 25 the Northern Pacific would put in effect a first-class rate of \$25, St. Paul put in effect a first-class rate of \$25, St. Paul to Portland, and a second-class rate of \$18, being a cut of \$10 and \$8 on the Great Northern's rate made last Sunday. But Mr. Hill, not feeling the body blow dealt him by the Northern Pacific, announced yesterday that the Great Northern would put the same rates into effect June 25 as made by the Northern Pacific, on the ground that while rates were somewhat cut the rate made by the Great Northern to Pacific coast points did not quite adjust the differences on rates previously made. And so the

merry war goes on.
The Union Pacific has done nothing toward . Hill is just a trifle too swift at the present time for transcontinental roads.

Paying business to him would be ruinous usiness to any other road.

President Caldwell of the Western Passenger association, getting tired of these cut rates on the Great Northern's part, has called a general meeting of the association for next Tuesday at Chicago, when the matter will be discussed and some method de vised to stop the bold buccaneer of the northwest in slashing rates in the middle.

The New Orleans Traffic association, which is one of the strong associations of the country, is responsible for the new rates which, on their face, are almost prohibitive, giving Omaha only the Black Hills country and the territory of the Platte river. This gives this city an advantage over the upriver town, but the dif-ferential is so small that the jobbers here are by no means enthusiastic, and will ask the Commercial club to do something toward righting what is clearly a blow at Omaha's

Reading Renabilitation Plan Abandoned. PHILADELPHIA, Pa., June 22.—The board of managers of the Reading road has decided to abandon the plan of rebabilitation.

The decision was reached because not enough holders of securities assented to the plan. The officials of the company said after the meeting that foreclosure was now

regarded as inevitable.

The failure of the Reading readjustment plan is to be attributed to apathy on the part of New York bondholders, notwithstanding that the large banking houses with foreign connections have deposited the se-curities controlled by them. New York holders say it is unfair to ascribe the failure of the plan to them. Somebody will have to put their hands in their pockets and take care of certain collateral loans in order to save important lateral roads in the Reading system and to meet the July interest.

Parents' Persuasions Prevail. The head of a well known family Council Bluffs was in South Omaha en a sad mission yesterday. He was in search of a wayward daughter, and he found her in a disreputable nouse on Railroad avenue. He pleaded with her to leave the place and return home with him, but the girl, who is only 16, closed her ears to his arguments, and the father was compelled to leave the without his charge. He went directly home and told his wife of what he had seen and done. The mother then came to South Omaha, and, by the aid of the police, suc-ceeded in getting the girl out of the house and into the police station. The tears and pleadings of the mother brought the girl to realize her foolish position and she consented to return home and lead a different life. Out of respect to the parents the name of the girl is suppressed. Their home is on Vine

street in the Bluffs. Old Glory Will Be There. The United Order Truebund will celebrate the fifth anniversary of its organization in South Omaha on Sunday. Saive for Wounded Pride. John Duhig, through his attorney W. F. Bayliss, has commenced a suit in the district court against Thomas Brennan, exchief of police, for \$500, as damages alleged to have been incurred through false imprisonment. Thomas Ryan and Patrick Rowley, who were Brennan's bondsmen, are also included as defendants in the action. Duhig was arrested on the day after electried and acquitted. He claims that he was locked up by Brennan without a warrant be-ing served, and that he was totally innocent of violating any law whatever.

CRIME IN HIGH PLACES! It is not strange that some people do wrong through ignorance, others from a failure to investigate as to the right or wrong of a matter. But it is strange, that individuals and firms, who are fully aware of the rights of others, will persist in perpetrating frauds upon them. High-toned, wealthy manufreturing firms will offer and sell to retail merchants, articles which they know to be infringements on the rights of proprietors, and imitations of well known goods, We want to sound a note of warning to the retailers to beware of such imitations and simulations of "CARTER'S LIT-TLE LIVER PILLS." When they are offered to you, refuse them; you do not
