COMMERCIAL AND FINANCIAL ook noted during the past few days. In small look noted during the past few days. In small transactions there is a fair business with leading houses, more particular in staple cot-tons. There is no disposition yet to anticipate wants, which conservation is not regarded by wellers, as they feel that business is safer under the circumstances. Compared with a fortnight ago the situation is better, and it seems to be slowly improving.

Omaha Produce Market.

1100. BERRIES-There was a liberal run of black-berries and, as predicted, the market was lower. Baspberries were not plenty and the market on them was about steady. There were no strawberries on the market except fortgreeven cases from Oregon, which arrived in very poor condition. Oregon fancy, \$3.50; blackberries, per 24-qt. case, \$3.00; black raspberries, per 24-qt. case, \$3.50; black responderies, per 24-qt. case, \$3.50; black price, \$3.50.

TROPICAL FRUITS.

Queer Somersault Was Turned by the Wheat Market Yesterday.

THAT CEREAL FELL NEARLY TWO CENTS

This Was in the Face of the Government Crop Report Indicating a Smaller Crop of Wheat-Stocks and Bonds.

CHICAGO, July 11 .- A queer somersault was turned by the wheat market today. The latest whiff of the financial blizzard seemed to be the reason. There was a fall of 1%c a bu. In the price of the cereal right in the face of the government report indicating a smaller prop of wheat than in any year since 1885, and with that exception, than on any year since 1877. Compared with last night, wheat, at the slose, had lost 15c, corn declined Sc and oats

No. Provisions prices were also heavy. Wheat opened fully Mc to Mchigher than restorday's closing, but ruled weak, immedately began to decline, prices receding in all 1%c for September, held steady and the close was about 1%c lower. Corn elosed about %c ries, 83.50. SMALL FRUITS—The early California peaches do not move off as rapidly as they might, owing to the number of southern peaches on the mar-ket of good quality. Apricots, per 4-basket crate, 81.25; plums, wild goose and Chick-asaw, per 24-qt, crate, \$2.50; California peaches, \$1.15021.25; Texas peaches, 90c0\$1.00 per 3-bu, box. MELONS—Watermelons are plenty and are moving very slowly. The market is bare of cantaloupes. Watermelons, per crate, one doz, \$2.50 TROPICAL FRUITS. ower than yesterday.

The market was a decided surprise to opera-tors, who had expected higher prices today on the strength of the government report. The higher opening was the result of this report. which indicated a crop of \$97,000,000 bu. sgainst a crop of 401,000,000 bu. a month ago. shrinkage was entirely in spring wheat. But there were other influences which out-weighed the effect of the government report. There was a rally on the solvernment report. Railroad stocks at New York were much lower, the failure of a roal estate firm at Denver, the failure of a roal estate firm at Denver, the failure of a roal estate firm at Railroad stocks at New York were much lower. It was thought there was a good deal of long wheat on account for the sus-pended Kansas City firm to be sold out. There was a general desire to sell most of the session and the same disposition was shown to buy. It was easier to follow on the breaks than on the bulges, be-panse the news in corn was mostly bearish. The crop estimate in corn lost much of its force because the trade had already dis-tore because the trade had already dis-tonted a good improvement in condition while receipts were good but these were offset, ieaving less than 500,000 bu. of No, 2 in fstore. There was a rally on the light estimates to-morrow. Later wheat got panicky and corn dropped with Bartlett-Frazier, Parker and others buying on these breaks. All the vessel room available was taken for corn, which ppened with from \$e to \$k loss and sold off from \$e to \$e, railled for \$e, closed showing a celline of from \$e to te. The form the root \$w_{10}\$ to \$e to \$e the store of \$w_{10}\$ to \$e to \$e to \$e to \$e the store \$e the aread others buying on these to react \$w_{10}\$ to \$e to \$e to \$e the \$e the \$e the aread \$e to \$e the \$e the \$e the \$e to \$e to \$e to \$e to \$e to \$e the \$e the \$e the \$e the \$e to \$e to \$e to \$e the \$e the \$e to \$e to \$e the \$e the \$e to \$e the \$e the \$e the \$e the \$e to \$e the \$e the \$e the \$e to \$e the \$e to \$e to \$e the \$e t There were the failure of a real estate firm at

ppened with from \$\$c to \$c to \$c to \$s and sold off from \$\$c to \$\$c; ralled for \$\$c, closed showing a secline of from \$\$c to 1c.
The fonture in oats was the strength and ad-vance of \$\$c in July and the weakness and de-pline of \$\$c from yesterday's close in Septem-ber, the close showing a net advance for the day of \$\$c in July and \$\$c decline in September. The strength was due to the fair buying by shipping houses. The weakness in the new crop features was attributed to free selling on the government trop report. The advance of yesterday in provisions was wiped out, but the weakness in the grain markets, the Kansas City failures and some selling by packers and raiding by Wright did the business. Armour and Allerto. brokers tried to sell ribs. Logan and Schwartz sold in a way to break prices. Lard and ribs lost heavily. The former lost 30c cf its Sep-tember prices and 35c for October. Septem-ber ribs are 22% clower. Little attention was given to park. It was marked down 10c from current prices. current prices.

Estimated receipts for tomorrow: Wheat, 55 cars; corn, 270 cars; oats, 165 cars; hogs, 25,000 head. The leading futures ranged as follows:

THE OMAHA DAILY BER? WEDNESDAY, JULY 12, 1893.

cent, General Electric 6% per cent, Man-haitan 45 per cent and other active stocks anywhere from 1 to 3% per cent. There was a heavy pressure to seil and considerable ex-citement prevalued in consequence of the sen-sational rumors put affeat. Late in the after-moon there was a raily of \$ to 2 per cent on purchases to cover shorts, but the advance did not hold and final quotations were about the lowest touched. There was some buying, how-ever, by commission houses at the lower range on account of improvement in the financial situation. Among the specialities Colorado Fuel and from was offered down to 30 and pre-ferred down to 70. The last previously re-ported transaction in the regular were at 30 and 105 respectively. The market closed heavy in tone.

Omana Prorince Market. BUTTER-The market was without change or increasing feature of any kind. Fancy creameries, solid packed, 16218c; choice to fancy country, 15216c; fail to good country, i2c; packing stock, fresh, 1832. Edge-The market was steady at former where has been so much molsture in the atmos-here has been so much molsture in the atmos-well as usual, and that there is a good deal of there has been so much molsture in the sales. The FOULTRY-Foultry of all kinds was in brought as high as Sc. Spring chickens, per doz., \$1.7538.50; best hens, per 10., arvic; mired coops, per 16. 6c; old roosters, per doz, \$1.7538.50; best hens, per 10., arvic; mired coops, per 16. 6c; old roosters, being market continues weak, but ith the receipts move of quite freely. Old outous. Britise-There was a liberal run of black-

ported transaction in the regular were at 30 and 108 respectively. The market closed heavy in tone. The Post says: Several events in todays news played into the heads of the bear oper-ators, and they made the best of their oppor-tunity. London sold stocks again, the govern-ment report showed reduced wheat averages, and there were reports toward the close of dis-sensions among the trunk line managers over the question of Worlds fair rates. That the bear operators should utilize either of these facts for a violent attack on values was the logical result. The position of these market adventurers, indeed, has grown to be somewhat dubious, Unless renewed demoralization in prices could be forced there was at least a chance that pro-fitable retreat from their present market posi-tion would be cut off. With due sagacity the London settlement was chosen as the time for such renewed attacks, for it is this period, it must be remembered, in which the full damage from the collapse in the London prices, after the fall in silver buillon, was bound to be brought to light. Most of these revelations have now been made. The following are the closing quotations on the leading stocks on the New York Stock ex-change today:

London Financial Review. Copyrighted 1833 by James Gordon Bennett.1 London, July 11.-[New York Heraid Cable -Seccial to THE BEE.]-The stock market was again flat though the closing was above the worst. Two failures have so far occurred, one J. T. H. Read, one of the oldest and most respected members and a director of the Great Eastern rallway. Bankers advanced rates 2 to 3 per cent on Americans and from 3 to 4 per cent for the account. Silver is slightly harder: rupee paper is up %d. Apart from the small gain in Ontarios, Americans were flat. The close was rather firmer. Illinois Central lost % per cent. Denver preferred and Ohio & Mississippi & per cent each, Union Pacific 1 per cent. Milwaukee 1% per cent, Mexican National A 4 per cent and Mexican rallway preferences lost 1% per cent each. Canadian Pacifics % per cent and Grand Trunks about % per cent. A financial house interested in American and Mexican securities is believed to be in difficulties. The foreign market was irregular. It is reported authoritatively that Drex ei & Morgan recently attempted to buy the Financial News, but would not pay the terms asked. It is believed that in conse-quence a new London financial journal will be started. George Gould, after much iliting between Long's hotel and the Gresham house in this city, is now in Paris, said to be intent on marketing Western Union on this side. London Financial Review.

OMAHA LIVE STOCK MARKETS.

Better Tone to the Cattle Trade-Hogs Take a Sharp Upturn. TUESDAY, July 11.

Receipts of all kinds were again fairly lib-eral today. There were in the neighborhood of 3,000 cattle received of which nearly all were natives more or less corn-fed. Conditions were much the same as on Monday and at least as far as the good, ripe, fat cattle were con-cerned the market was not radically different. Eastern markets were reported active and steady and there was a disposition on the part of speculative shippers to do some bus ness. Dressed beef men were also want ing moderate supplies, and all classes of buyers were apparently willing to pay ver nearly steady prices for fat, light and medium Differs were apparently willing to pay very nearly steady prices for fat, light and medium weight beeves. These showed little if any de-cline, fair to good 1,050 to 1,250lb. steers sell-ing largely at from \$4.25 to \$4.65. Heavy cat-tie, unless choice, were slow sale at shaded prices. Good to choice 1,250 to 1,500lb. beeves brought from \$4.70 to \$4.90, while there were sales of coarse 1,200 to 1,300lb. steers as low as \$4.25 and \$4.35. The grassy, warmed-up and lean cattle sold very slowly at fully 10c, decline, a drop in prices for this class of stock so far this week of about 25c. Sales were very uneven at from \$4.20 down. The good cattle mostly changed hands in good scason, but holders of inferior grades found it an all-day job to get rid of them. The cow market was about steady, but not at all active. Offerings were limited and the quality as a rule common. The extreme range on common to good stock was from \$1.75 to \$2.50, with the buik of the trading at from \$2.30, with the buik of the trading at from \$2.30 to \$3. Calves were in light supply and firm at \$5 and \$5.25 for choice veal stock. Prices ruled fully steady on rough stock, com-tor to choice buils, oxen and stags selling at rom \$2 to \$4. Trading in stockers and feeders was on a mail scale, but atabout steady prices. Regu-lar dealers had a good supply on hand, and the country demand not at all pressing. Good to choice feeders are quotable at from \$2.55, and common stuff at from \$2.57 to \$3.25, and common stuff at from \$2.50 to \$2.75. Bepre-sentative sales: DRESSED DEEF.

sentative sales: DRESSED BEEF.

CROP CONDITIONS.

Reports from Nebraska on the Statu. of

Growing Grains. The following weekly weather crop bulle-

tin was issued by the Nebraska weather ser-

vice from the Omaha observatory yesterday The week has been favorable for corn and

corn three to four feet high and laid by in excellent condition; small grain badly injured by drought. Buffalo County-Excellent prospect for a good corn crop. Small grain will make

south. This crop will generally be fine. Rust is reported in some places. Corn is generally fine and growing excellently, and its prospects were never better. Hay outting is still progressing. In some sectious dag-age by rain is reported. Potatoes have been injured by warm, dry weather. Rys har-vesting is in progress throughout the statea fair crop. Dawson County-A good growing week for corn. Wheat and rye harvest commenced.

Southwest Section.

Bouthwest Section. Hitchcock County-Still dry, cora late and uneven: slight improvement in pastures. Kcarney County-Corn has made a phe-nomenal growth and nearly all so large that plowing must cease; harvesting of winter wheat and barley begun. Furnas County-Fine week for corn, pota-toes, grass and vegetables. Some hall, but slight damage. Harlan County-Corn advances muldie:

Harlan County-Corn advancing rapidly; sceptionally clear of weeds. Webster County-Cora in exceptionally

rood condition. Dundy County-Corn in need of rain.

West Section.

Lincoln County-Corn is doing better than at any time before this season. Thomas County-Corn has made a rapid growth and is mostly laid by; small grain has improved and promises half a crop. Scotts Biuff County-The fine rains last week have caused the crop to grow well the past week. past week. Northwest Section.

thoroughly discussed. This matter will be be secret and will be held in about two weeks in Pittsburg or Allegheny. We will formulate our action and present it as the expression of the Grand Arman protection of the secret be Rock County-Small grain is short, but the Grand Army posts of western Pennheading nicely; corn in some localities fine, in others small, but growing nicely. ' Cherry County-Corn looks well, small sylvania at the national encampment to be held in Indianapolis in the first week in September. Then the feelings of the grain and hay improved by rain the past Grand Army as an organization will be Sloux County-Crops in most part of the expressed in no unmeasured terms and the people of this country will know

county in fair condition; corn doing excel-lent, GEORGE E. HUNT, Weather Bureau Director.

STOCKS AND BONDS.

Depression in Security Circles More Pro-

nounced than Ever Yesterday. NEW YORK, July 11 .- The feeling of appre-

hension and distrust which has prevailed in stock circles for some time was still more pro-

nounced today and the bears met with un-usual success in beating down prices. Sales for London account and the failures at that

center combined with the emburrassment of western houses to depress the stock market.

The selling movement gained momentum as the day drew to a close, when it was currently

reported that a leading capitalist with strong Vanderblit affiliations had been forced to

potatoes, and especially for corn, which has grown finely and continues in excellent con-dition, but except in the northeast section of the state, is beginning to need rain again. In the southeast section 79 cows..., 987 62 30 1 bull...1410 62 00 69 feeders.1077 5 00 Hogs-Supplies today, while not at all ex-cessive for the second day of the week, hardly came up to what dealers had been led to ex-pect, and this, together with the favorable tone to early reports from Chicago and the active inquiry from all classes of buyers, es-pecially local packers, enabled sellers to real-ize prices strong to anickel higher than Monday for their holdings. The trade was active from the start and was all over before word was re-ceived of the lower close to the hog and pro-vision markets in Chicago. As the morning advanced the market grew stronger. Early sales of fair to good hogs were largely at \$5.90 and \$5.95 and later sales largely at \$5.95 and \$6 with chölze loads at \$6.75. The bulk of the hogs sold at \$5.95 and \$6 against \$5.90 and \$5.95 on Monday. Representative sales: No. Av. Sh. Pr. No. Ay. Sh. Pr. 3 297 — \$5.70 wheat harvesting is progressing rapidly and the outlook is satisfactory for good yields. Oats are nearly ready for harvesting, but the crop will be cut short by rust, complaint of which is quite general. In the northeast section most all the reports are favorable and wheat harvesting is about head to be and wheat harvesting is about ready to be gin. In Wayne county some damage was done crops on July 6 by wind and hall. Reports from the central and southwest-ern section are uniformly favorable, and the prospects are more promising than they have been during the past two months.
