Not an Unpleasant Thing Has Occurred-State Organizations Elect Officers-Competitive Drills and Band Contests - Attractions Close Today.

CAMP LOGAN, GRAND ISLAND, Aug. 31 .-[Special to Tue Bes.] -The fourth day of tife in camp is the most successful. There is a tremendous gathering and the attendance will reach fully 25,000, a very good sized crowd in this Columbian year.

Every train that came in today was heav lly loaded, and many extra coaches were added to provide privileges for the incoming multitudes. The crowd is as good natured and as joily as it is large. Everybody is out for enjoyment, and they are having it. Not one event has occurred to mar the pleasure of the occasion, and all seem to be having a good time in camp.

### Yesterday's Camp Fires.

This afternoon's camp fire was the best attended and most enthusiastic yet held. Church Howe made the address, and he awakened a large amount of enthusiasm. His plea to the veterans to stand together and battie for their rights was received with cheers. He said that he was not talking politics, but being an old soldier he talked as such; he did not call it politics, but rather self-preservation. He counseled loyalty to the administration, but he warned the veterans, however, to see to it that those in were not put there again. He thought it time for the yeterans to get back in the saddle and let the other fellow walk. He wanted every old soldier who served sixty days or more and was honorably discharged from the service to receive a pension and urged that no veteran east a vote for a candidate to congress that would not favor such proposition.

The evening camp fire was addressed by Governor Crounse, ex-Governor Thayer and Tom Majors. The following resolutions were presented to the evening camp fire and adopted with unanimity.

whereas. The recent order of the secretary of the interior in suspending or "holding up" worthy pensioners who have fulfilled the requirements of the law and whose claims have been properly adjudicated, is without precedent, unpatriotic and at variance with good law or equity: therefore be it.

Resolved, lift the soldiers, sailors and marines representing every loyal state in the union, now residing in Nebraska and in mass convention assembled, that the national encampment be requested to appropriate sufficient funds to loyally contest the right of the secretary of the interior so to rule, and instruct the national pension committee to proceed in accordance with their best judgment to secure and maintain the right of all pensioners under the law.

The meeting is the third one of a series which has been held to discuss matters in connection with the settlement of the sand hills and the disposition of land remaining unsold. A committee of four was selected to re-port resolutions and plans at the next regu-lar meeting, to be held at Hyannis Septem-ber 29.

First Ten Men Average Fifteen Points Aplece Over the Record of Last Year-General McKever's Retirement Opens a Lane of Promotion.

Quite a crowd gathered at Bellevue yesterday to witness the last day's shooting in the rifle competition of the Department of the Platte. Among those present were: Colonel John C. Bates, commandant of Fort Omaha; Major Worth of the second infantry and Mrs. Worth, Captain Keller of the Sec ond and Mrs. Keller, Captain Kinzle, Mrs. and Miss Kinzie and Lieutenant Chrisman and Mrs. Chrisman, besides the officers of

the general staff. There were ten medals to be distributed and seven places on the team to be sent to Fort Sheridan to be filled, and there was sharp competition all along the line for the honors. After the shooting was over there was a wait of an hour and a haif, which was rendered very tolerable by the delightful musical program rendered by the Second Infantry band, and the presentation of medals then took place.

Colonel Benham, in presenting the medals, said: "It is a pleasure to me to give honor where honor is due, and yet I regret exceedingly that I cannot bestow a mark of distinction upon every man who has taken part in this competition, for they have all ac quitted themselves with credit; but the government has provided only ten medals, and these, of course, go to those making the highest scores."

Lieutenant J. C. Gregg of the Sixteenth infantry was the gold medalist, followed by Corporal Atkins of company B, Seventeenth Corporal Atkins of company B, Seventeenth infantry, Sergeant Drechxlar, company C, Sixteenth infantry, and Sergeant Wilson, company H, Seventeenth infantry, as winners of the silver medals. HE DECIDES FOR AN OPEN FAIR SUNDAY

When Judges Dunne and Brentano Held that the Stein Injunction Should Be Dissolved, Goggin Figuratively Kicked Them Out of Court.

CRICAGO, Aug. 31 .- An extraordinary scene was witnessed in the superior court this morning. In the absence of Judge Stein, who issued the order forbid-ding the closing of the World's fair gates on Sunday, the management applied to Judge Goggin to dissolve the order. He called Judges Dunne and Brentano to sit with him. They agreed that the order be dissolved. Goggin held that it should be continued in force.

At the opening of court this morning he directed the clerk to enter an order continuing the case sixty days, or till after the close of the fair.

Judge Dunne insisted on the right to read the opinion of the majority and did so. Then, after a wordy wrangle, a private conference of the three judges was held, at the close of which, Goggin announced that he no longer desired the other judges to sit with him. They retired. and Goggin overruled the motion to dissolve and refused to set a date for hearing a motion to vacate the order. Goggin afterward gave as a reason for his extraordinary action that to set aside Judge Stein's order would cause the people to los confidence in the judiciary.

Judge Goggin made a long, rambling address to the audience in the court room, relative to taking public parks for private use. It is denied that he was under the influence of liquor.
