Oil rates from Wyoming to Chicago continue to be a source of much discussion and not a little criticism with the men interested in the ou fields of the northwest. At present rates per hundred on oil to Chicago from Wyoming is \$1.35, which is considered prohibitive on the part of the capitalists interested in the development of the Wyoming fields. Lately they have called the attention of the Burlington people to

the attention of the Burlington people to their situation and have asked for a rate that would permit them to compete with the Standard Oil company at Chicago.

Mr. Holdrege, general manager of the B. & M., speaking yesterday morning of the article in The Beeregarding the situation in Wyoming said: "We have been asked to make a rate that would permit the Wyoming company to company with the Standard Oil company to compete with the Standard Oil people in Chicago, and have looked into the matter a little, but beyond this nothing has been done. The oil fields are situated about eighty miles from Gillette on our road, necessitating a haul by wagons for that dis-tance before delivery is made to the railroad company. Now the wagon haul alone would cost as much as the railroad haul from Gillette to Chicago. To put the Wyoming people upon a competitive basis with the Penn sylvania oil fields, we would have to make the haul for nothing. While this may be a fair proposition for the Wyoming people, it would hardly suit as. In order to compete with the Standard people at Chicago a pipe line would have to be built from the we's to Gillette on our line. This would be comparatively easy, as it is all down hill, the water shed running to the north and a good course could be obtained by following the

Powder river.
"We have not looked over the wells for the benefit of the company, but I believe there is oil in paying quantities in that section if piped. It is useless to think of making rates that would put these people on an equality with the Pennsylvania fields as long as the wagen haul enters into the consideration. However, we have taken the matter under consideration. Beyond this nothing has been done."

## EXTENDE , THE LIMIT.

Concessions Made to Visitors at the Fair on Utah Day by the Rauroads. CHICAGO, Aug. 31.—The Western Passen ger association today agreed to extend the limit of tickets for Utah day at the fair six days. It was originally intended that tickets sold from Utah tothe fair should have a final return limit of September 14. This has now been made September 20, the vote on the proposition being unanimous.

The general managers of the Chicago lines and some from outside lines met again today for the purpose of adopting a uniform policy of retrenchment and to formulate plans for the systematic handling of any strike which might result in the policy of re-trenchment which might finally be adopted. A similar meeting was held about a month ago, but it was a failure, not a single eastern road being represented. The meeting today was better attended, but was not much more of a success, and nothing definite was done. Another meeting will be held in a short time. The Chicago, Burlington & Quincy is now running solid trains from Chicago to Galveston. The trains heretofore have not been able to run farther than Houston without change, but today the first through train to Gaiveston left via the Missouri, Kansas & Texas. The running time is about forty-six hours.

The vast majority of Grand Army men bound for Indianapolis from the west are coming via Chicago instead of by way of St. Louis, despite the difference in price. There s considerable dissatisfaction among they however, at the length of the stopover privelege allowed in Chicago.

Filed the Answer. The State Board of Transportation has completed its answer in the injunction case brought in the federal court by the Union Pacific stockholders to restrain the board and the officers of the road from putting into effect the provisions of the maximum rate law, and the document will be filed this afternoon. The answer in the main is identical with the answers filed in the cases difference being the figures as to the mileage and the dividends. It is denied that congress can in any manner abridge the right of the state to control the railroads within its limits so far as local traffic is concerned, and it is claimed that the act of congress prohibiting the reduction of fares on that road until the net income shall exceed 10 per cent, exclusive of the 5 per cent for the United States, applies solely to interstate travel and does not in any manner apply to the charges for the carriage of local freight. An exhibit attached shows dividends of the from 1875 to 1884 ranged from 3 to 8 per cent, and aggregated annually from \$1.286,075 to \$4.260,788. The same allegations are made regarding the issuance of bogus stock to ab-

sorb the enormous earnings, as were made in the case of the Burlington and other roads. Roar from Rawlins. A telegram received last night from Rawlins, Wyo., stating that the employes of the Union Pacific would not submit to the cut in

wages which is bulletined to take effect September 1, but were willing to donate a month's wages, was handed to an official of the Union Pacific yesterday.
"The telegram is incomprehensible," said the offic al, "in view of the fact that the reduction only interests salaried people and not men working on schedule. Of course if it means that the clerks and others Rawlins are dissatisfied with the reduction why they know what to do in such cases The Union Pacific is not borrowing any money, but is reducing expenses wherever possible. The men working on trains and in shops have not been cut and no proposition has been made looking to a reduction. Of course, I cannot see why the engineers. brakemen, switchmen and others should no be reduced when we have to stand the re-duction. It is not a fair proposition on the part of the men, and they know it. If they would only reverse the condition and become the company for a little while they would ascertain the condition of the road and do just what we are doing, reducing expenses

NASHVILLE, Aug. 31.-The strike of the machinists and other shopmen at Louisville and one or two other points along the Louisville & Nashville system has not yet had any effect on the local situation. Trainmen and shopmen are at their posts today

Hitting Hitl. The possibility of a meeting of the transcontinental lines on September 5 as announced last week is by no means as bright as a fortnight ago, the Canadian Pacific refusing to join theother roads on the ground that as Jim Hill reduced the rates without consulting the "Canuck" he can now restore

them in like manner.

There is considerable ill feeling existing between the Great Northern and Canadian Pacific, and unless all the transcontinental lines unite in a common agreement to restore rates it would be the height of absurdity for the other roads to go together. As it looks now, there will be no meeting September 5.

Toresa, Aug. 31 .- Articles of incorporation of the Dagota, Wichita & Gulf Railway company were filed in the office of the secretary of state today. The incorporators are E. R. Powell, G. W. ## AFFAIRS AT SOUTH OMAHA

Death of W. B. Bell Causes Universal Regret in the Magie City.

SPECIAL MEETING OF STOCK EXCHANGE

Mrs. McGuckin Smashes Daniel with a fleer Buttle-Sequel of Domestic Discord-lucrease in trog Receipts-Charged with Assault-Gossip.

Witliam B. Bell, the well known stock buyer for the Cudahy Packing company, died at the home of his sister at 456 Bowen avenue, Chicago, at 9 o'clock Wednesday night. Mr. Bell had reached his 32d year. He was born in Decatur, Ill., and went to the stock yards in Chicago fifteen years ago. For a few years he went into the commission business, but was later on employed by Mr. Armour as buyer. For the last six years he was employed as buyer for the Cudany Packing company in this city. He was considered to be one of the shrewdest buyers at the South Omaha yards and was well liked and highly respected by all who snew him or bad any dealings with him. He was vice president of the South Omaha Live Stock exchange at the time of his death.

On the 15th of the present month Mr. Bell went to Chicago to consult a physician about his health. While there he was taken down with sickness and never rallied. The burial will take place in Chicago on Friday afternoon.

A special meeting of the exchange was held yesterday afternoon to pass appropriate reso-lutions and to take organized action upon the demise of one of their most esteemed mem-

At the meeting it was decided to send a committee, consisting of George Jackson, L. C. Redington, C. E. Bogart, Al Powell, M. R. Murphy, Fred Chittenden, J. J. Murphy and I. B. Charged with Assault,

James Landy and John McManey were arrested Wednesday night by Captain Austin on a warrant charging them with assaulting an old man named Cummings and a farmer named Jerry Canty, who lives out near Gilmore. Canty claims that he drove up to Smith's saloon, on Twenty-fourth and Q streets, to get a drink. He left Cummings and a hired man in the wagon. When he went out to the wagon he says that Landy and McManey followed him out and assaulted him. The hired man was so fright-ened that he drove the team clear home without stopping and told Mrs. Canty that her husband had been killed in South Omaha. This was about midnight. Mrs. Canty drove hurriedly back to the city and found her husband alive but pretty badly disfigured. There was a general row among all of the men. The testimony was very conflicting, but Judge Fowler was satisfied that an assault had been committed, and he fined McManey \$25 and costs and Landy \$7

The prisoners claim that Canty started the fight by striking the first blow When Burney Lovell went home about 9 o'clock Wednesday evening he found that a number of his friends and neighbors had congregated there to help him celebrate the 41st anniversary of his birth. Although it was a surprise party on Burney it was no less agreeable to him, and he proceeded to make all hands enjoy themselves as best he could. Cards were indulged in and there was an abundance of refreshments. Among those
