COMMERCIAL AND FINANCIAL

Extreme Dullness and Narrow Fluctuations the Features in Grain.

6

WHEAT CLOSED A FRACTION LOWER

Lower Cables and Expected Increase in Northwestern Receipts Caused that Cereal to Decline-Mild Weather

Against the Market.

CHICAGO, Jan. 12 .- Extreme, duliness and narrow fluctuations were the features of the grain markets today. Lower cables and expected increase in northwestern receipts sent wheat down after an early advance, but May closed only be lower than yesterday. May corn closed by c higher, May onts unchanged and provisions slightly lower all around.

Wheat was quiet and fluctuations were confined to a range of 14c. May opened 14c lower at 66c. On rather free offerings at the start there was a slight drop, but there were buyers for the wheat thrown on the market and prices advanced. The advance could not be long maintained, however, in the face of the discouraging early news. Cables were generally lower. The mild weather was against the market and alded the decline. Receipts here were light, Chicago getting but 72 cars, against 314 a year ago. Northwestern receipts were also less than last year, but this news was more than offset by rumors that receipts in the north-West will increase largely next week. Trades were very few, but such as were made showed a steady decline until May touched 65% c. Then there was a reaction which almost overcame the provious loss. which almost overcame the previous loss The advance was caused by the export clearances, which from the four principal Atlantic ports amounted to 400,000 bu in wheat and flour. Closing cables came weak and lower, and they, with the rumor of an excess of 30,000,000 bu, over the require ments of the importing countries to the end of the present season, prevented a further ndvance and May closed midway between the top and the bottom of the day at 60c. May opened at 66c, lost 16c, sold up %c, lost 16c, reacted 16c and closed easy at the opening figures.

A very moderate speculative trade oc A very moderate speculative that of curred in the corn market, which held fairly steady all day. Speculative offerings were less free, while the demand, especially for the new year deliveries, was considerably increased. There appeared to be good-sized buying orders in the market for May around 3816c, parties who have sold at higher figures being anxious to buy back. around 35%c, parties who have sold ac higher figures being anxious to buy back. May opened at 35%c, and, after advancing %c on buying, reacted to the opening fig-ures and then advanced %c to 38%c, where it closed, fluctuations having held within Lie range.

In oats there was a fair trade and a weaker feeling early, prices receding slightly on free trading, but later reacted from 1 c to 3 c on buying by Captain Phillips From $\frac{1}{2}c$ to $\frac{1}{2}c$ con buying by Capitan 1 minipara and closed steady. Receipts were 202 cars with 200 cars expected tomorrow. May opened $\frac{1}{2}c$ lower at $\frac{30}{8}c$, lost $\frac{1}{8}c$, advanced $\frac{3}{8}c$ and reacted $\frac{1}{8}c$ to the close at $\frac{30}{8}c$, fluctuations having been confined to $\frac{1}{4}c$

range. Provisions were quiet. The general tone was weak in response to the decline in live hogs at the estimated liberal receipts for tomorrow. The filling of a few orders at the opening caused a slight advance, but as soon as this was done the market sagged off. pork and lard being carried down by the break in ribs, the packing institutions that had hought the day before selling out. A firmer feeling prevaited later, particularly for lard, but there was not much doing and shortly before the close the market became weak and lower and so closed. Compared with last night May pork is 10c lower, May

Lard 5c lower and May pork is 10c lower, May Estimated receipts for tomorrow: Wheat, 83 cars; corn, 510 cars; oats, 200 cars; hors, 24,000 head. The leading futures ranged as follows:

The market on black walnuts is low and no one wants to buy.

Wool Market. Bostow, Jan. 12.—The Commercial Bulletin will say tomorrow in its report of the wool market: Business is at a standstill and will continue so until some action is taken on the tariff. The sales of scoured wool are compara-tively large, as manufacturers are buying from nand to mouth and carrying as little ma-terial as possible. The opening of heavy weight cloths up to date is a flat failure. Bos-ton has almost succumbed and is now sending sheepskins to Canada because it does not pay to pull them. Even scoured wool can be landed by rail from San Francisco at a cost of 1e per lb. The sales are 1,300,000 lbs. domestic and 117,000 lbs. foreign against 2,675,000 lbs. domestic and 872,000 lbs. foreign for the same week in 1893. VEGETABLES. the new bond lise the further provision that or national bank cherency, congress is ex-pected to favor the plan. The stock of the currency closed at yesterday's final figures after reacting '4 "für cent at the opening, only 500 shares changing hands. Save for brief periods of weakness at the opening and about 1 o'clock the general market was firm and closed withs an upward tendency to prices, the improvement ranging from '4 to 2% per cent. Attrision was firmly held on a report that the first and second mortgage bondholders that arrived at an upreement in regard to the reorgingation. The Post says. Sinch speculators as en-gaged in today's market accepted the pres-ent bond issue discussion as a favorable ele-ment. This was partly because of a report which circulated to the effect that if con-gress continues to "delay. Mr. Carlisie will take the matter into his own hands under

take the matter into his own hands under the general statutes enacted cighteen years ago. The advance in prices was also due, however, to the enlargement of the specula-tive share account within the last day or two, which made it possible by a mild buil demonstration to drive the smaller operators for the decline to cover. This process con-tinued with occasional intervals of total duliness throughout the day so that the duliness throughout the day, so that the volume of business was exceptionally small, the closing showing a series of net gains in

The firmness continued up to 1 o'clock and prices further advanced 14 to 14 per cent. The improved tone was largely due to the announcement that the bill providing for an issue of \$50,000,040 of silver certificates against seigniorage on the bullion now in the treasury is likely to become a law. The shorts began to cover on this news. A raid was then made on Louisville & Nashville, was then made on Louisville & Nashville, which sent it down 14% per cent and the rest of the active list 1% per cent. -Louisville & Nashville led an upward movement, which set in shortly before 2 o'clock, with an ad-vance of 1% per cent and the rest of the list sold up 1% to %. New York Central first preferred declued 2 per cent. The market generally closed firm

OMAHA LIVE STOCK MARKETS.

Cattle Trade Slow and Weak Generally-Hogs Dutl and Lower.

FRIDAY, Jan. 12. So far this week, compared with last, there has been an increase of about 3,400

cattle and 2,200 bogs, while the falling off in sheep supplies amounts to over 4,500 head.

The general cattle market was slow and weak. There was not an unusually large supply on hand, but the quality, as a rule, was decidedly indifferent and the demand not at all urgent from any quarter. Prices were hardly quotably lower than on Thursday, but it was harder work to sell the cattle. In general values averaged 25c to 30c lower than last week. The fair to pretty good steers weighing from 950 to 1.250 lbs. sold at from \$3,60 up to \$4,10, while poor to fair stuff 736

brought anywhere from \$2.75 to \$3.50. In butchers' and cauners' stock the market was decidedly uneven. Something fat and smooth that suited the dressed beef men sold at very nearly steady prices, from \$2,75 to \$3.40, but the ordinary run of butchers' stock at from \$2.25 to \$2.75 and the canning grades at from \$1.50 to \$2.10 showed all of a loc decline. The move-ment, too, was sluggish and the feeling weak. Calves sold about as usual at from \$1.75 to \$5, and there was little noteworthy change in the market for rough stock, sales of poor to prime stuff being made at from \$1.85 to \$4. There was some improvement in the feeder

trade. Receipts were light, the demand good from all sources and prices a shade better all around. Good to choice feeders are quoted at from \$3 to \$3.60, fair to good at from \$2.75 to \$3 and lighter, commoner grades at from \$2.70 down. Representative sales: DRESSED BEEF. Av. COLORADO.

WESTERN CATTLE.

Hogs-Receipts today were heavier than they have been for nearly a month past, and the quality, as a rule, was very fair. The liberal offerings and the bearish tone to eastern advices caused a slight reaction in prices, and the market opened with buyers prices, and the market opened with obyers bidding 5c to 10c lower than Thursday. Fair to good hogs of all weights went at \$5.20 to \$5.25, with a load or two of choice butcher and heavy hogs at $$5.21^\circ$ and \$5.30. There was no demand from shippers and speculators, and with no outside support the warket weakened as the morning ad-vanced with buyers bidding \$5.15 to \$5.20,

Trading became dull and at the close there
