who are in favor of something which will break the back of this monopoly. According to the statement of a gentleman heading was introduced in the legislature who is actively interested in the movement, the electric light company is doing business and so innocent did it appear that some in this city without the shadow of a legal who were on the alert found great difficulty right. It had a charter up to 1889. One year before it expired the legislature passed in finding the bill, its title being simply to direct a slight change in the statutes of the a law prohibiting the granting of any pub-lic franchise to any private corporation with-The move was detected and killed state. In spite of the fact that be no more threatening of the woolsack, but now it comes to light that another this statute was on the books, the city coun-cli in 1889 went on and renewed the gas but now it comes to light that another move has been made to cut down the juris-diction of the superior court, limiting the amount which can be determined in this tribunal at \$7,000. At present the court has concurrent jurisdiction with the dis-trict court in civil matters and to cut down the limit of the legal play, as suggested, would simply lessen the amount of con-venience afforded by this court, while the exponse would remain the same. In other words, the taxpayers are to be called upon company's charter. Since then the supreme court has decided the law constitutional, so the charter of 1889 is void and the company's gas mains and cleetric poles and wires are cumbering the streets by public sufferance. Those who are opposed to the renewal of the city's contract with the company for furnishing light base their opposition on the worthlessness of the company's charter, expense would remain the same. In other words, the taxpayers are to be called upon to pay just the same, but submit to having less for their money. The purpose of the move seems so apparent that it is not be-lleved that the legislators will be duped into crystalizing it into a law. Neverthe-less, lest in haste or without sufficient knowledge of the facts, the legislators might be led into see foolkness a remonstrance and this, it is said, will be the legal ground upon which an injunction will be asked, providing such a move proves to be neces-Gas is sold at \$2 per 1,000 feet in Council Bluffs. MULCT BILL FINALLY PASSED

Something at Last.

DES MOINES, March 21 .- (Special Telethe jutant to The Bae.)-The action of the lower house today indicates that the enactment of a mulct-bill and the resubmission of the prohibitory amendment to a vote of the people will be the final solution of this question, so far as this legislature is concerned. The house reconsidered and passed the mulct bill without discussion or amendment. This result was reached through the action of a party caucus, by which it was agreed Bray. to pass the resolution resubmitting the question to the people. In consideration of this agreement five radical prohibition members, Coonley of Butler, Doubleday of Polk, Jester of Greene, Mitchell of Adams, Stuntz of Story and Wood of Madison, who voted against the bill on the previous occasion, changed from no to aye along with Root and Trewin, two local optionists, who voted aye for the sake of party harmony. The result, which was announced as 53 yeas to 45 nays, was greeted with wild cheering and immediately followed by an adjournment, when an old fashioned republican love feast followed. republican love fcast followed. THE GREAT MECCA COMPOUND.

TheSovereign Remedy for

Birns

Instantly religies all par and heals without se rring. Endor ad by the medical f culty and multitui " of people whos sufferings it has rel word. ple whos sufferings it has rol worl. COUNCIL BLUFFS, In., Aug. 26, 1801.—The Foster Mg. Co.: Gentlemen—I am happy to te-tify to the wonderful magic effect of your Mecca. Compound in burns: I was burned, as you know, by an explosion of a plumber's gasoline furnace on the morning of July 2, 1891. The entire sur-face of my back, arms and back of lower limbs was so badly burned that large portions of blis-tered skin came off with the removal of my clothing. The pain that followed is indexaffe-able. I could not have endured it twenty-four hours and lived. The shock was so great that I went almost into spinsme, but in two hours after the appletation of your Mecca Compound I was almost entirely releved from pain and in nine-teen days after the accident was back at my work.

work. I can also further state that there will not be a scar left from that terrible burn, and all is due to your Mecca Compound. It alout a sept in every home, workshop or place of business for immediate use in case of an accident. I feel that I cannot say bo much for your wonderful remedy. Yours very respectfully. H. O. MEAD.
