CLEVELAND, May 26.-In the ninth inning today, after Pittsburg had won the game fairly by good fielding, and but one out was required to retire the home team, the the visitors were given the victory, 9 to 0, The game was interrupted in the ninth by a lot of boys on the bleachers beginning to throw cushions at the players, and the spectators soon crowded on the ground. for a week. To a man up a tree it looked very much as though some of the players were miffed at the substitution of Jellen for Robinson in the box and were determined that he should not win the game. Jellen pitched the most

brilliant game that has been seen in Omaha this year. He held the visitors down to eight hits, which was doing pretty well when it is considered that the only way he could get a man out was to strike him out. Five of these eight hits, including Ryan's home run drive in the seventh inning, were made after every opportunity had been offered to retire the side. Barnes was in the box for the visitors, but was only fairly effective. Spud Farrish umpired

he game and did it perfectly. Naturally, the game was a very tame and unsatisfactory exhibition. The errors of the home team were so inexcusable that no one could possibly delude themselves into the belief that they were trying to win and the small crowd present went away burdened with a very large disgust. Stoney and Crawford hit safely in the first

inning, but Abbott forced Stoney out at third and a neat double play, in which Hayward and Heald officiated, retired the side. The visitors made a couple of hits themselves in their half and both runners scored on errors by Stoney and Crawford. In the third inning, after two men were out, Crawford cracked away for a couple of sacks and scored on Abbott's line hit to right field. Ryan fumbled Robinson's hit and Abbott scored on the play. Jefferis went out from Ryan to Heald.

The same thing was repeated in the next

inning. Jellen hit to Randolph and was thrown out at first, and McKelvey went to the bench after three futile attempts to connect with the ball. Then Marquette found one of Barnes' drops for a base and Lawler brought him home by a corking four-bag drive to the left field fence. This was all we got until the ninth, when Marquette hit for two bases and scored on Packard's wild throw of Lawler's fly. Robinson's wild throw let Ryan across the plate in the sixth, after two men were out, and in the seventh the visitors cinched the

and in the seventh the visitors chicken the game. Heald bunted and through slow in-fielding reached his base. Packard knocked an easy pop-up right into McKelvey's hands. Stoney ran for it too, and between them they let it reach the ground without making an effort to catch it. Jellen saw that he would have to do it himself and struck Hopewell out for the fourth consecutive time. Hayward hit for a base and advanced to Bill's easy grounder, Heald scoring on the

play. Then Ryan smashed the ball for a homer and four more runs came traveling in, and the game was won. Score:

TROUBLE WITH AN OWNER.

The only incident of unusual note was the ruling off the track of P. B. Young, the with fine weather and a fast track assured a good attendance at the fair grounds tobig bewhiskered owner of I-de-fy, by Judge Loper. Young had some moss-covered grievday. Backers of form were out in force and the speculation was the best for many ance against Starter Hatch, and insisted on airing his ideas in the presence of the officers of the association, embellishing the same with a good deal of bad grammar days. The talent, however did not have a cinch on the results, for favorites failed to land the money in four events. A new feature of the card was two races of a mile and coarse profanity. Patience finally balked, and Judge Loper summoned the irate gentleman aloft and informed him in succinct and elegant diction that he could either apologize to the officials present or levant. He bristled up like a huge razor back at this proposition and said he would see the officers of the association in that disreputable abode supposed to lie somewhere between here and China first, and Judge Loper very promptly and very properly ruled him off the track. He hung Leonard around, however, all the afternoon, and divers times attempted to conciliate the Third race, mile and a half: Baylor (1) to 1) won, May Hardy (2 to 1) second, Long Ten (6 to 1) third. Just before the last race, in company with Dr. J. J. Russell Condon Paced by a Triplet Lowers Two State Records.

Russell Condon yesterday lowered the state records for a quarter and a half mile. He rode at the fair grounds track, and was paced by a triplet, mounted by Muentefering. Mulhall and Flecher. The quarter was made in 0:29, and the half in 1:04. The former records were 0:34 and 1:14, Timers were: Wirtz, Search and Burdick, and the judges were: M. O. Daxon, George Waldron and J.

E. Ebersole. This cut of ten seconds on the half mile record is quite a creditable performance, especially as it was performed on a lumpy track, in a hot wind. Under good conditions Condon would have set the mark at least two seconds lower for the half. He will, some day soon, have a try at the state mild record. By the way, this Omaha triplet team is making some pretty good time, and unless something occurs it will be among the flyers at the Denver meet.

BALDWIN ON RINGERS.

Views of a Well Known Horseman on Disreputable Turf Methods. EAGLE GROVE, Ia., May 21.-To the Sporting Editor of The Bee: The predica-

ment Bob Kneebs has gotten himself into over in Germany is one that does not reflect any great amount of credit on the light harness interests America-the land that fathered the gait and the sport. The trotter pacer are American institutions, by both breeding and education, and having reached that degree of popularity that includes the highest class of sport-lovers it is akin to an outrage for such men as Hefner and Kneebs to go abroad and besmirch the honor of the American turf as they seem to have done. Strict rules of the associations have made hack drivers of such men in this country, and those drivers who now ask for the word on any of our courses bear the stamp of being honorable, and ninety out of every hundred of them are gentle-men, and that term does not include the mechanics who preside over "ringers." Kneebs' stable, as registered, includes a list of horses that are not fashionably bred, and there are none of them with a mark, and yet he entered an alleged on-developed mare at Berlin against a horse with a record of 2.18%. When did Bob Kneebs ever start a green horse in a 2.19 class in this country. When did bob that degree of popularity that includes the

mark, and yet he entered an alleged undeveloped mare at Berlin against a horse with a record of 2:184. When did Bob Kneebs ever start a green borse in a 2:19 class in this country? When did he ever have a green one that could "go some" that he would start in anything better than 3:00? When did Mr. Kneebs ever create a sensation in this country, where the stakes and purses are three, yes four times greater than in Europe, by starting a green stalle in such classes as 2:19? If the Sioux City driver has entangled himself in the intricate meshes of German criminal law he is but getting his just deserts for bringing dire disrepute on the trotting turf of America.

The relations of the coal miners' strike to the members of the Brotherhood of Locomotive Engineers was thoroughly canvassed by the convention, the result being an order advising the engineers who have been threatened by the strikers for carrying "scab" coal to obey the law. That, in view of the circumstances and reciprocal contracts made with the railroads prior to the strike, seemed to be the simplest solution of the difficulty, for obedience to law will figure as a prerequisite and relieve the engineers of responsibility.
