FEATURE WAS COVERING BY SHORTS

Corn Was Firm Withiu a Small Range and Oats Were Strong on Unfavorable Crop News Stocks and

Bonds.

CHICAGO, May 28 .- Fears of crop damage again aided the bulls in wheat today and July closed with a %c gain. Corn and pats closed 5sc higher and provisions scored a slight advance all around.

There was only a moderate business in wheat, with price changes limited to from %c to ic range. The feature was covering by local shorts and the absence of the selling pressure which was so pronounced Saturday. The better tone was attributed to the frost scare, reports of bad weather abroad, stronger continental cables and bad crop news from the west. Private cables reported a severe storm in England, which had badly damaged crops, and many districts in northern Spain and southern France were said to be under snow. The decrease in the visible supply was not as large as gen-erally expected—715,000 bu.—making the total quantity in sight 61,329,000 bu., against 70,159,000 bu. for the same time last year. Prices advanced with few reactions, and the close was at the top.

Corn was firm within a range of from

5ac to 3ac. Reports of crop damage, a decrease in local stocks last week and a fair

demand were the bull factors. The mar-ket closed at the top.

Outs were firm on favorable crop news, and helped by the strength in wheat and corn, prices advanced from ½c to %c and closed strong, at the top.

Provisions opened weak on big live hog receipts, but firmed up later on scarce offer-ings and the strength in the grain markets.

The close was strong, with July pork 5c, July lard 2½c and July ribs 10c higher. Freights were quiet at 1¼c for corn and from 11%c to 11%c for oats to Buffalo, and 21%c for corn to Kingston.

The leading futures ranged as follows:

Minneapolis Wheat Market.

Minneapolis Wheat Market.

Minneapolis, May 25.—The wheat market showed greater strength today than for some time before, due to further reports of damage by drouth in Kansas and Nebraska, and cold weather throughout Michigan and Wiscons n last night, with the expectation that the weather will be cold throughout Ohio, Indiana and Illinois tonight. There were also further reports of damage throughout Missouri. All of these created a desire on the part of shorts to cover. The market opened in the morning not much above the close of Saturday and gained strength through the day until about 50 was gained up to the close. Reports of shipments from the Atlantic scaboard were quite free, and New York was especially lirm. The visible supsity decreased less than was expected and recipits were larger in the northwest. This offset so some extent the damage reports, but in spite at it the covering of shorts put the market up. September wheat advanced less here than at surrounding points, although there was a rise of ke in that month. The seiling was mainly on the part of elevator people in the interior, who were selling against present farm deliveries, which are moderately large compared with what glasy were a few days ago. The market closed:

northern, 58%c. ipts were 221,680 bu.; shipments, 20,240 bu. No. 2 northern, 1846.

Receipts were 271.530 bir: shipments, 20.249 bir. making considerable swrptus in local stocks above the day's shipments and text consumption. Local mile were grinding at the rate of about 21.399 obes for the twenty-four hours. Flour-shipments were 21,450 bits. The flour market was stendy, but firmer, with millers asking nearest to the outside raine of prives. Patents quoted at 22.50 to 25.55; bisors, 12.00 to 12.50. The Market Recent rep ats a decrease of 19.000 bir. In Minneapolis private elevators for the week and a decrease of 19.000 bir. in the smaller country elevators and a decrease of 18.000 bir. in the smaller country lines and independent houses. The decrease in Minneapolis public elevators for the week was 12.30 bir. making a decrease in Minneapolis public elevators for the week was 12.30 bir. making a decrease in the northwest exclusive of Duioth, of 551.700 bir. for the week. Politic decrease 25.715 bir. making a total decrease of 15.000 bir. list week. This leaves a total supply in Minneapolis, Duioth and Sept-1 rand country elevators of 22.0000 bir. against 23.346,530 bir. a your ago. The same authority figures out an estimate that farmers marketed alout 190.000 bir. in the northwest list week, and are still selling at about the same rate now.

STOCKS AND BONDS. Week Opened in Securities with a Decrease

in Business.

NEW YORK, May 28.—The week opened on the Stock exchange with a decrease in the volume of business and a generally duil, heavy tone to the speculation. The trading was unimportant, as a rule, and was largely monopolized by the room operators, who operated only in a small way. There was no specially controlling influences in the market. A renewal of the reports that the sugar schedule of the tariff bill as agreed on by the senate committee would finally be adopted failed to move the stock of the trust up 1/2 per cent in the early dealings, but 'the higher range led the shorts to put out fresh lines, which led to a decline of 1% per cent. Insiders came to the support of the shares at this point, with the result of a rally of 1% per cent. The improvement was only temporary, and, under fresh selling, a decline of 2 per cent was effected. In the later dealings a recovery of 1% per cent was made, of which 1 per cent was lost at the close, the last sale being at a figure 1% per cent below Saturday's closing. Sugar preferred is down % per cent. The granters preferred is down % per cent. The granger preferred is down % per cent. The grangers opened % to % per cent lower, and, on selling orders from the west, made further declines. Occasional railies occurred, but the trend was downward and the final sales were at the lowest of the day, except for St. Paul, which is % per cent above the bottom figure, the net losses being: Rock Island and Burlington & Quincy, each 1 per cent; St. Paul, % per cent, and Northwest, % per cent. Atchison was sold by Boston and local traders in the belief that the as-

sesament to be made under the reorganization will be heavier than has been proposed under the published plan. A decline of % per cent on the day resulted, and considerable long stock was thrown on the market. which was taken surprisingly well. Missouri Pacific made a gain of % per cent in the morning trading and then lost 1 per cent, closing at the lowest figures made, despite reports of steadily increasing net earnings. The transactions in the rest of the list were unusually light, and only the specialties were there any material fluc tuations. The trading was very irregular during the afternoon and was generally heavy at the close. The railway and mis-cellaneous bond list market was somewhat easier in tone during the morning, but gained strength in the afternoon and closed firm.

The Evening Post says: No doubt the fact that two important controversies—that over the senate sugar tariff and that over the bituminous coal miners wages-will come to a head this week, served to make the day's stock market dull. Such active pressure as there was against prices came chiefly from a clique of operators for the decline, who a clique of operators for the decline, who sold on the professional basis of a market whose scattered short interest has been lately "driven out." Otherwise, the day's movement of prices was quite as meaningless

as those of a few days since.

The Evening Post's London cablegram says: Business in stocks today was consays: Business in stocks today was confined to arrangement of the account, which is of moderate size. Money was plentiful Contagoes on American 2 to 3 per cent. Except for gilt-edged stocks the tone was bullish. Consols were 10114, the highest record. Americans opened firm, but fell away and closed weak at the lowest price. BUILS Higher: 9c.

OMAHA LIVE STOCK MARKETS

Cattle Supply Short, but Hogs Continue to Concedn Freely.

BEEF STEERS JUMP UP A FULL DIME

Offerings Scarce and All Classes of Buyers After Them-Hogs Slum a Nickle to a Dime in Sympathy with

the East.

MONDAY, May 28.
Supplies of cattle were rather light for a Monday, but the run of hogs was the heaviest for the first day of the week in nine months. Sheep receipts were also liberal. The cattle market was very active at prices ranging from strong to 10c higher than Saturday. There was an active demand from the dressed beef men and a good inquiry for shipping and speculative account, as well as for export. Chicago was reported higher and, as the supply was imited, dealers lest no time in getting down to business. The demand for good medium weight and heavy cattle was better than it has been for a long time, but good, fat, light cattle were quick sellers. Rough heavy cattle did not fare so well, and the light steers felt the depression in the feeder

but the movement was brisk and trade was over before the middle of the forenoon. There were not a hundred head of cows in the yards, and as buyers all wanted them the meager supply soon vanished. Prices ruled a shade stronger than Saturday all around. Veal calves were also in active demand and firm. Heavy caives were rather neglected. Bulls, oxen and stags sold readily at full strong prices.

The trade in feeders was simply demoralized. Supplies, both fresh and stale, were

market. Prices were somewhat uneven.

heavy and they could hardly be moved at any price. Even low prices fall to stimulate the country demand, as pastures are all dry. Prices are nominally fully 50c lower than a week ago, but in many cases that would hardly cover the decline. Good to choice feeders are quoted at \$3.00@3.30, fair to good at \$2.75@3.00, and the commoner grades at from \$2.65 down. Representative

1 feeder.... 660 2 00 140 feeders... 640 2 75 2 bulls.... 460 2 00 1 bull.... 840 2 00 HOGS-It has been nine months since over 5,000 hogs were received on Monday That number was exceeded today, and with lower markets elsewhere sellers had to submit to a 5c to 10c and in most cases a flat 10c decline. The demand was confined almost entirely to local packers, although shippers took nearly 800 hogs. One packer, who got left on filling his order, paid \$4.571/2 and \$4.60 for a few loads at the close, and a couple of loads of pigs went at \$4.40. For fair to good hogs of all weights, however, is was practically at \$4.50 and \$4.55 market nearly everything going at those figures, as against \$4.60 and \$4.65 Saturday and \$4.65 on last Monday. It was rather a dull, drag-ging market, but a very good clearance was finally effected. Representative sales:

CHICAGO, May 28.—The week opens with a good bulge in prices for useful grades of cattle, The run fell more than 2,000 head below the arrivals at the opening day last week. Buyers hustled into the market early with urgent orders to fill and put up from 10c to 15c advance readily enough where the quality and weight were suitable. Prime 1,435 to 1,437 lb. steers soid af from 14-15 to 14-30 were numerous. Most of the fair to good dressed beef cattle were bought at from 15-16 to 14-30 were numerous. Most of the fair to good dressed beef cattle were bought at from 15-16 to 14-30 were numerous. Most of the fair to good dressed beef cattle were bought at from 15-16 to 19-20, the work before most of the fair to good young steers selling at from 25-50 Cows and mixed stock shared the advance, selling readily the above Friday's range. The few yeal caives went at steady prices, About 1,000 head of Texas cattle found ready sale at the advance. Choice fed Texans sold up to 33-30, and most of the fair steers at from 31-5 to 33-50.

Hog prices receded mother point from the closing values of last week laday. The run was 8,000 head in excess of the arrivals of the opening day of last week and fully 6,000 more than the popular estimate. With such ample sumply the day opened weak at from 5c to 10c decline from Saturday's range. The best heavy logs sold pertyly up to 45-50 and choice medium and mixed lots went slowly around \$4.75. The great bulk of the offerings of all weights went at from 4.55 to 44-75, with interior mixed and tow grade stuff at from 4-30 to 34-50. The late market was more active and 5c above the weak morning prices was paid for desirable lots. A loud of 25-11, prime hogs sold on the closing market at \$4.85, 43s top price today. Trade closed firm. The run of sheep today was nearly 400 head larger than on the opening day last week, but just show each subserval and sood steedily at the choice medium steeds of the choice mutton stock went at from \$2.75. the fam burket were unsalable property and a burden at 19c declin

KANSAS CITY, May 28.—CATTLE—Receipts, 3,000 head; shipments, 2,100 head. Market strong to 10c higher; Texas steers, \$1,056/3.75; Texas cows, \$2,006/3.5; shipping steers, \$1,256/4.25; native cows, \$1,606/3.55; stockers and feeders, \$2.90 (63.70; bulls, \$2.406/3.25; stockers and feeders, \$2.90 head. Market weak to 5c lower; bulk, 4.596/4.55; heavies, \$4,506/4.60; packers, \$4,506/4.65; mixed, \$4,456/4.57;; lights, \$4,406/4.55; Yerkers, \$4,506/4.55; SHEEP—Receipts, 400 head; shipments, 1,000 head. Market steady.

New York Live Stock Market. New York Live Stock Market.

NEW YORK, May 28.—BEEVES—Receipts, 5,700 head. Market slow and harely steady; native steers, prime, \$4.4564.455; fair to good, \$4.2564.40; ordinary medium, \$4.0964.42½; good Texans, \$4.30.

SHEELT AND LAMIS—Receipts, 5.800 head; sheep and yearlings slow, shade easier; lambs opened strong, closed dull and weak. Sheer, poor to choice, \$2.0064.50; yearlings, fair to prime, \$4.2565.12½; southern lambs, inferior to choice, \$2.5066.60.

HOGS—Receipts, \$9.00 head. Market steady; inferior to good hogs, \$5.0065.40.

Stock in Sight. Record of receipts of live stock at the four principal yards for Monday, May 28, 1894;

Total 20,222 48,966 15,979 Local Produce Market. Local Produce Market.

BUTTER—The most interesting feature of the trade just at present is the packing stock market. While buyers generally are offering about 71½c for fair packing stock, as high as %c has been pald by one house at least. Good country butter is quoted at 12%14c, and separator creamery at 16%17c.

EGGS—The market remains in the same notch where it has been for so long a time. It seems as if the price has been established for so long a time that it is hard work to break away from it. Good stock, %c. a time that it is hard work to break away from it. Good stock, Sc.

LIVE POULTRY—The week opens with the maket about where it was at the close of last week. Shippers have been piling in poultry at a rate that has made it impossible to keep the market cleaned up and still maintain prices. Old hens had to go at 6c, and roesters at 364c. The demand for other kinds of poultry is rather light, though a limited quantity is salable. Ducks, 7675gc; hen turkeys, 765c; gobblers, 6c; geese, 6c. Ducks, 7@75c; hen turkeys, 7@5c; gooders, acgeese, 6c.

GAME—There is no game coming and none wanted at this season.

VEAL—The receipts have been very large all the week, but dealers have managed to keep the market pretty well cleaned up and prices have been pretty well maintained. Good fat veals were quoted at 6@7c, with sales of the best largely at 6%c.

PIGEONS—There is a demand for old pigeons, but young birds that are not strong on the wing are not wanted. Old birds, per doz., \$1.50@1.60.

VEGETABLES.

OLD BEANS—The market is steady. Neither

OLD BEANS—The market is steady. Neither the demand nor supply is very heavy at this point. California hand picked navy, \$2.15g/2.25; western navy, \$1.90g/2.00; common white beans \$1.00g/2.00. western navy, \$1.9962.00, common white beans, \$1.0061.85.
ONIONS—New southern onlons are quoted at \$4 per bbl. Top onlons are plenty at 15625c on orders.
POTATOES—The potato market has been very weak during the past eight or ten days, but there is perhaps a little firmer feeling than there was at the commencement of last week. Some pretty good stock has sold on track as low as fice to peddlers. On Saturday a jobber paid as high as 80c for a car lot on track. Good stock suitable for shipment is quoted at \$56790c.
CABBAGE—The supply of cabbage is light and arrivals are very irregular, to such an extent, in fact, that it is not always an easy matter to pick up just what is wanted to fill orders. Good shipping stock on orders, 2%c.
ASPARAGUS—Good home grown stock, 25949c per doz, on orders.
PIE PLANT—Home grown pie plant, 2424c on per doz. on orders. PIE PLANT-Home grown pie plant, 2@21/2c on PIE PLANT—Home grown pie plant, 2@2½c on ordere.

TOMATOES—There is a wide range in prices as in quality, but choice and really desirable shipping stock is worth \$3.56 on orders.

GREEN VEGETABLES—Radishes, per doz., 20525c; lectuce, per doz., 25545c; cacumbers, 12.254_5c; paralley, per doz., 35545c; beets, per doz., 89c; water cress, per case, 16 boxes, \$1.50. NEW BEANS—Receipts are large and it requires quite an effort on the part of receivers to keep the market cleaned up. Wax beans, on orders, ½ bu, basket, \$1.25; string beans, ½ b

per 21 qt. case, \$2.50.

TROPICAL FRUITS.

BANANAS—It has been no easy matter to get bananas lately. There have been few sales in New Orleans. A good deal of the stock shipped to market has been too green, and it fias been almost impossible in many cases to fill orders with such stock as was wanted; good stock, per bunch, \$2.0092.30.

LEMONS—There have been very few days of real good lemon weather thus far this season. When warm weather really comes dealers look to see a much firmer lemon market. Pancy lemons, 390 size, \$1.5093.75.

ORANGES—With the market full of berries, the demand is very limited for oranges, and the supply on the market is small. Mediterranean sweets, \$1.50; Chiffornia seedlings, \$1.50.

FIGS—Fancy, per lb., 124,615c.

DATES—Hallowees, 55 to 70-lb. boxes, per lb., 51.50.

DINEAPPLIES—Choice, per, doy, \$2.50. PINEAPPLES-Choice, per doz., \$2; small,

HONEY-California, 150; dark honey, 12\(\frac{1}{2}\)ec.
MAPLE SYRUP-Gallon cans, per doz., 112.
NUTS-Almonds, 15\(\frac{1}{2}\)ftc; English watnuts, 10\(\frac{1}{2}\)ec filberts, 12c; Hazzli nuts, 10c.
ChiER-Pure juice, per bbl., 16; half bbl., 25. Chier-Pure Juice, per bbi., 16; half bbi., 12.25.

APPLE HUTTER-Per 20-lb. pails, 11; half bbis. 35gc per lb.

HIDES-No. 1 green hides, 25gc; No. 1 green salted hides, 2c; No. 2 green salted hides, 2c; No. 2 green salted hides, 2c; No. 1 yeal calf, 8 lbs. to 15 lbs., 4c; No. 1 dry flint hides, 5c; No. 2 dry flint hides, 3c; No. 1 dry salted hides, 4c; part cured hides, 3c; No. 1 dry salted hides, 4c; part cured hides, 3c; No. 1 dry salted hides, 4c; part cured hides, 3c; No. 1 dry salted hides, 4c; part cured hides, 3c; No. 1 dry salted hides, 4c; part cured hides, 3c; per lb. less than fully cured.

SHEEP PELTS-Green salted, each, 25@60c; green salted shearlings (short-wooled early skins), No. 1, each, 5gilso; dry shearlings (short-wooled early skins), No. 2, each, 5c; dry flint, Kansas and Nebraska butcher wool, pelts, per lb., actual weight, 4g6c; dry flint, Colorado butcher wool pelts, per lb., actual weight, 4g6c; dry flint, Colorado butcher wool pelts, per lb., actual weight, 4g6c.

BEET SUGAR AS A BUSINESS

Some Facts and Figures Concerning the Growth of the Industry.

ALMOST A HUNDRED FOLD IN SIX YEARS

From 600,000 to 43,000,000 Pounds Since 1887-Henefit Omaha Derives Directly from the Existence of the Factories.

T. R. Cutter, manager of the Utah Sugar company of Lehi, U. T., and Mr. Granger, superintendent of the same company, spent yesterday in this city, the guests of M. C. Peters. The gentlemen are on their way to Europe on business connected with the improvement of their plant. They reported the beet crop prospects in Utah as excel-lent, which they ascribe to the fact that the fields are under irrigation. The Ne-braska beet crop, in their opinion, is suffering from the drouth, and they deplore the absence of an irrigation system at Grand Mr. Cutler said that last year his factory

Island,

Mr. Cutler said that last year his factory was operated iso days and produced 3,750,000 pounds of sugar, and that ten days after the run was over they did not have a pound of sugar on hand. Still more remarkable, however, is the fact that it was all sold it I'tah.

"This will serve to give some idea of the amount of sugar consumed and of the importance of the beet sugar industry," said Mr. Cutler, "when it is known what one territory is capable of taking.

The manufacture of beet sugar in the United States may very well be termed an infant industry, there being only seven factories in the whole country. The first factory of the kind was crecied at Alvaraio, Cal. some fifteen years age, and has been operated ever since. This experiment was followed by the building of factories at Grand Island, in this state, and at Watsonville. Cal. The factories at Norfolk, Neb. Lehi, U. T., and Chino, Cal., are still younger. The smallest and youngest of the number is located at Staunton. Va., and has been operated only one season.

Sugar men, like the representatives of most other new industries, always have plenty of figures at hand showing the growth of the industry which they represent. As these figures are of especial interest in a beet sugar state like Nebraska they may be introduced here without any apology. The following will show the beet sugar production of the United States since 1857.

Very few industries are able to show such a rapid increase in production. As there are seven factories, the question naturally suggests itself as to the origin of the output, which is answered, so far as the year 1893 is concerned, by the following: Staunton, 36,488; Grand Island, 1,835,900; Lehi, 3,759,000; Norfolk, 4,000,000; Alvarado, 4,186,572; Watsonville, 14,500,000; Chino, 15,039,807.

The money invested in the seven factories foots up about \$2,000,000. Tributary to these factories there are about 20,000 acres of land. The production of beet roots for sugar making in the United States during the past year approximated 200,000 tons, and the average price paid to the farmers for their raw material was \$4,50 per ton.

While Omaha has no beet sugar regions farmers for their raw material was \$4.50 per ton.

While Omaha has no beet sugar factory, she receives a direct benefit from the industry. It may not be generally known, but it is a fact that this city manufactures the greater proportion of the sugar sacks used by the factories. Only recently an order was filed with the Omaha bag factory for 300,000 sacks to go to Chino, Cal.

Toledo Grain Market. TOLEDO, May 28.—WHEAT—Higher, active; No. 2 cash and May 531ge; July, 55c; August, 551ge; September, 561ge, CORN—Dall; No. 2 cash, 38c asked; July, 384ge, OATS—Steady; No. 2 mixed, 25c; No. 2 white, RYE-Dull; cash, 49c bid, CLOVER SEED-Steady; prime cash, \$5.50 October, \$4.70.

Buffalo Grain Market. BUIFFALO, May 28.—WHEAT—No. 2 red, 57c; No. 1 white, 65c, CORN—Duit; No. 2 yellow, 42½c; No. 3 yellow, 42c; No. 2, 41½c; No. 3, 40½c OATS—In good inquiry; No. 1 white, 41½c; No. 2 white, 41¼c; No. 3 white, 46½c; No. 2 mixed, 359(35½c,

New York Dry Goods Market. NEW YORK, May 28.—With a light order business and spot purchases on a more moderate scale, the trade in purely seasonable fabrics was very slow. There is an irregular demand for autumn specialties, yet the business laid out was not important.

Peoria Grain Market. PEORIA, May 28.—CORN—Market quiet and unchanged; No. 2, 28½c; No. 3, 36c.
OATS—Market active and higher; No. 2 white, 364,9364c; No. 3 white, 354,9354c; No. 3 white, 354,9354c; WHISKY—Market dull, but nominal, WHISKY—Market firm; high wine basis, \$1.15.

Hastings' Numerous Guests. HASTINGS, May 28 .- (Special to The Bee.)-Hastings will be a very busy city

next week and will endeavor to keep good her reputation as the convention city of Nebraska. At least 600 visitors will be here attending three separate conventions, and as many as 1,100 may be in attendance. On the 5th, 6th, 7th and 9th of June the drug-gists will be here, with 400 or 500 pillmakers in attendance, and a possibility of 600. On the 7th the Uniform Rank division of the Knights of Pythias will hold a brigade meeting in Hastings. It is not yet determined whether the whole brigade will at-tend or simply the officers. If the officers only attend forty will be the limit of the delegates, but if the whole brigade comes to Hastings 250 may be here. The Uniform Rank will elect officers for the ensuing year for the brigade and regiment. On June and 6 the Order of the Eastern Star will bring anywhere from 200 to 300 ladies to the city, and so the minimum number of visitors will be 650, and the maximum 1,150. Miss Minie Ryan, a well known and

highly esteemed young society girl of Has-tings, died last night at her home in this city of consumption. She had been brought back to Hastings from California recently, when it was found that her speedy death was inev-itable. Miss Ryan was a teacher in the academy of the Sisters of the Visitation for some time, and was a very talented young lady, much respected by all who knew her. Contractor Klose began the work of pav-ing district 2 this morning, starting on Lincoln avenue. The death of P. A. Stewart of the firm of Stewart and Klose, contractors delayed the work for some months, but Mr. Klose will complete the work on the dis trict.

Crops in Need of Rain. SUPERIOR, Neb., May 28 .- (Special The Bee.)-No rain has fallen here for several weeks and small grain entirely ruined. Corn is not suf-fering any yet, but will not hold out many more days without moisture. Gardens are badly injured. The Republicon river was never known to be so low at this season as it is at present. The corn trade here is was never known to be so low at this season as it is at present. The corn trade here is beoming. The Santa Fe road has taken out over 400 cars of shelled corn from here to southern points, most of which has been shipped in here by local dealers on the roads entering the city and transferred.

DECATUR, Neb., May 28.—(Special to The Bec.)-Yesterday the clouds opened up for a few minutes and a light shower was the result. It will answer for a heavy dew, but the farmers are wishing for a good, heavy rain. FREMONT, May 28.—(Special to The Bee.)

say that unless they are favored with more rain very soon all small grain will be be yond redemption.

BEATRICE, Neb., May 28.—(Special Telegram to The Bec.)—H. Hutchinson, the Rock Island rainmaker, ceased operations Satur-day night at 12 o'clock, but resumed again at

The farmers of the surrounding vicinity

4 o'clock yesterday and has continued since that time. He states that the conditions are very favorable and is confident of a rainfall within the next twenty-four hours. Children Cry for
