Easier Cables and Free Selling Kept Wheat Down Yesterday.

OPENING TRADES WERE AT A DECLINE

Corn Was Nervous Within a Brief Range-Dry Weather Caused Strength and Although Selling at the Advance Caused Reactions it Closed Firm.

CHICAGO, June 14.—Easier cables and free selling were more effective than bad crop reports today, and as a result July wheat closed %c lower. Corn closed %c

cable reporting the weather improving. Berlin cabled that the weather was favorable for the crop. The trading was not heavy. Corn was nervous, within %c range. Dry weather caused strength, and although self-

weather caused strength, and although selling at the advance caused several reactions the market was generally firm.

Oats were higher on unfavorable crop reports. The range for July was %c.

Provisions, after an easy opening, advanced on buying, but reacted with wheat, closing at the bottom. Compared with last night, July pork is 10c lower, July lard 7½c lower and July ribs 7½c lower.

Light Stocks Are the Only Thing Which Prevents the Market from Slumping. BOSTON. June 14.—The American Wool and Cotton Reporter testay says of the wool market: The situation is peculiar. The value of wool is largely nominal and uncertain. There is almost wheat closed %c lower. Corn closed 1/4c higher, oats 1/4c higher and provisions lower all around.

Opening trades in wheat were at from 1/4c to 3/4c, eased off from 11/4c to 1/4c, rallied 1/4c, changed some and closed easy. The early strength was attributed largely to the dry weather and numerous bad crop reports in from the northwest, and quite an active demand prevailed early, but later on prices declined, influenced some by the lower cables, both continental and from Liverpool. The fact that there was no cash demand of consequence was also somewhat of a factor and he'ged depress the market. The situation abroad was more favorable, according to private advices, one Paris cable reporting the weather improving. Ber-

Professional Operators Were in Control on 'Change Yesterday.

NEW YORK, June 14.—The professional operators who usually take the short side of the market were in control on the Stock exchange today, and as is customary in their campaigns, carried the war on with rumor as the chief weapon of attack. As against Sugar it was urged the schedule of the tariff affecting the product of the refining company would in all probability be changed adversely to the interests of the trust, and it was hinted some of the insiders had already unloaded, having seen danger ahead. The pressure to sell the stock was felt at the very opening, and was kept up almost steadily to the close. There were occasional railies, but at each recovery fresh stock came out and the quotations fell off until shortly before the close, 97, the low point, was recorded, being 4% per cent below yesterday's final sale, and the closing price today was only ½ per cent above the bottom figures. Sugar preferred declined 1½ per cent, closing at the lowest figure touched. The grangers were attacked on reaction in the price of wheat, but gave way only slightly with the other active stocks, and the last quastions show colors and the last quastions above colors at the last quastions. and the last quotations show only a decline of % to % per cent, the dealings being small, except in St. Paul and Burlington. small, except in St. Paul and Burlington. Boston was the heaviest seller of Union Pacific, but there was also considerable local selling. Two bear points were given out in the stock that there was trouble in the reorganization and that the net earnings for April showed a large falling off. A decline of 2½ per cent was recorded, of which half was recovered at the close. The publication of the main points of the proposed plan of reorganization of the Atchison had the effect of weakening not only the stock, but the class of A and B bonds, which it is proposed to turn into income bonds, the 4 per cent mortgage bonds alone being benefited by the announcement of the plan by reason of the fact that their status is not OMAHA LIVE STOCK MARKET

changed and the reduction of fixed charges makes their position more assured. The stock receded 1½ per cent, recovering ½ per cent, in the course of which \$375,000 changed hands, fluctuated between 75 and 77, closing % off from the highest, at an advance of 1½ per cent on the day. The class A second, of which \$112,000 were sold, declined from 31½ to 29%, closing at a recovery of ½ per cent, and 2½ per cent lower than yesterday. The general market was very heavy during the last hour and closed weak. The hond market was fairly steady during the morning, but became easier during the afternoon in sympathy with the

ing the afternoon in sympathy with the share market, and closed rather heavy. The Evening Post's London cable says:
The Evening Post's London cable says:
The Hank of England's return today exceeds
all former records. The proportion of cash
to liabilities is 70½ per cent. The coin
and bullion amount to £37.844,000, an increase during the week of £784,000, of which
£676,000 was imported; £60,000 coming from
Egypt; £233,000 from Australia, and the remainder in bars and United States coin.
The stock markets were generally better The stock markets were generally better today, especially for South American bonds on the fall in the Argentine gold premium to 288. Gold dribbles out from here to Ar-gentine on exchange. Americans are steady, except Atchison bonds, which were weak on the reorganization scheme. The amount of fresh capital to be raised is much dis-liked. India is buying silver.

Cattle Showing Much Weakness Under Decidedly Light Receipts.

YESTERDAY'S TRADE LACKED ACTIVITY

Dull and Lifeless on Anything but the Top Grades-Hogs Go Down and Up, but Finally Close Weak and Lower.

THURSDAY, June 14. The supply of both beef and shipping cattle was decidedly simited, yet the condition of the trade elsewhere was such that, notwithstanding the small number on sale here, no advance in prices was noted. Best shippers and killers sold fairly steady, while everything else was dull and lower. One string of choice heavy shippers sold for \$4.70, as high a price as has been paid in

some time. Choice cows and heifers also changed hands at about steady prices, while anything except best grades were slow sale and lower as a rule. The market on thin, grassy stuff is badly demoralized, and prices are as low

as they generally get.

Prices on stock cattle continue on the down move, and a further decline is noted today, especially on stockers, and there are slow sales at prices from 30c to 40c lower than a week ago. Representative sales:

HOGS-Receipts of hogs so far this week show a slight increase over last week's big run, the supply today almost reaching the big run of last Thursday. The market opened a litte slow and about 5c lower, strengthened later in the day, but dropped back and closed weak to 10c lower than yesterday, with quite a good many hogs in first hands. Sales were at extremes of \$4.45 to \$4.80 and bulk, \$4.65 to \$4.75, against a bulk yesterday of \$4.70 to \$4.75, and on last Thursday the bulk was 50 to \$4.55. Representative sales:

CHICAGO LIVE STOCK.

Strictly Choice Cattle Continued to Hold Their Own Yesterday, CHICAGO, June 14.—Strictly choice cattle conas it has been since the market began to mend. The supply is moderate and as there is every probability that it will continue to be the case. sellers expect to see prices maintained. Not so with common and fair grades; they are arriving much too freely, and a steady recessor of prices is the result. While there were several butches of stears here today that were good enough to bring from \$4.50 of 5t. the great holls had to go below \$4.50. Sales of steers we eprincipally at from \$4 to \$4.75 and from \$2 to \$3.25 bought must of the cows, heifers and bulls. There were about 2,000 Texas cattle. They continued dull and declining. The greater part of the steers sold below \$3.75, and from \$2 to \$42.50 bought most of the cows.

In hogs there was a limited amount of trading early in the day at fully Wednesday's quotations, the best heavy weights selling at \$5.65 and as high as \$4.80 being paid for assisted light. An hour after the opening the market had eased off 5c and it remained weak at that reduction. The continued larger receipts, yesteriary's decline in provisions and the hot weather were the causes of the reaction. The shrinkage was best than reasonably might have been expected under the prevailing conditions. Sales were principally at from \$4.65 to \$4.85 fr. light weights, averages of less than 259 lbs., and the bulk of the heavy hoks were taken at \$7.05 and as high at \$4.50 and some at \$5.10.

The sheep market was no worse than on the day before. That is the most hopeful thing to be said of that branch of the trade for many days. That it was no worse than on the days. That it was no worse then on the said of that branch of the trade for many days. That it was no worse then on the said of that branch of the trade for many days. That it was no worse the secure of the continued decrease in receipts. Only about \$7.00 head arrived today, and the tond since Saiurday is barely \$6.300 head, as against \$5.325 for the same time last week. The demand was not a whit improved and sales were slow at Welnesday's quotations. Poor to choice sheep sold on a basis of from \$1 to \$1.50, yearlings \$2 to \$4, and spring lambs at from \$2.50 to \$4.75. The pens still contained sellers expect to see prices maintained. Not so with common and fair grades; they are arriv-

Local Produce Market.

Local Produce Market.

Interest in the market is centered principally in butter and eggs, which are receiving even more attention from dealers than usual. Poulity, veal and hay remain practically unchanged from Wednesday's quotations.

BUTTER—The butter situation is rather perculiar. Judging from the bids that are being made by buyers it might almost be called excited. The receipts have been light for some time back, the average being only 247 packages daily during the past six days. Of this number at least forty-seven packages must have been creamery. There is considerable competition among the buyers of packing stock and yesterday they put the price up to lie for grass goods. Other grades of butter are more quiet and prices are about steady. It is hard work to get over life for the best country butter. Creamery butter is firmer, and holders are asking lic for solid packed separator and 20g2ic for bricks.

EGG—The egg market is very firm in spite of the fact that New York is off again and that prices are too high here. The quality of the eggs is very poor on an average and as high as eighteen cases have been candled to get six cases of good eggs. On account of the quantity of poor eggs on the market it is possible to get eggs at almost any price. Good, bright stock, however, sold yesterday at lice. Seconds solid down as low as fc. A shipper in the country writes that he has been offered lie on track in the country by an eastern buyer, but probably of doubtful responsibility.

LIVE POULTHY—For some reason the market is very slow. Just why more poultry is not going into consumption is a hard question to answer, as it is cheaper than most other kinds of meat. The dressers stocked up quite heavily during the glut, in anticipation of a speedy advance, and are now unloading on the retail trade, which may have sometring to do with reducing the demand at commission h uses layers are very particular, and want the best hens, while old roosters are neglected and hard to sell. Quotations are unchanged. O'd bens, 5675-c; g BANANAS—As usual, when berries are on the market the demand for bananas is not very heavy. Choice stock, \$2.00@2.50.

LEMONS—The weather has not been warm enough to create a very heavy demand for lemons. Fancy lemons, 300 size, \$4; fancy lemons, 300 size, \$4; fancy lemons, 360 size, \$4; fancy lemons, 360 size, \$4; fancy lemons, 360 size, \$4.50@2.75.

ORANGES—With the market full of berries, the demand is somewhat limited for oranges, and the supply on the market is small. Mediterranean sweets, \$3.50@3.75.

PINEAPPLES—There is a fair supply of Florida pineapales on the market at \$1.50@175 per doz., or \$8.00@9.00 per crate of about six doz.

MISCELLANEOUS.

\$1.40@1.50. VEGETABLES.

A consignment of Texas squashes, cucumbers and green peppers was a feature of the market. The market was about steady on all lines reported.

SQUASH—Texas summer squash on orders. \$1 per dox. CUCUMBERS—The market is very well sup-plied with southern cucumbers at 12 per crate on orders. GREEN PEPPERS—Texas green peppers, per 14 bu. box, 75c.

ONIONS—Both southern and California new onions are offered on the market, Southern, per bu box, \$1.50; California, per lb., \$24,022.5c.

POTATOES—Carload lots of potatoes are arriving daily, both from California and southern points. Supplies in the country, as well as the city being about exhausted, the demand is good and the receipts are kept pretty well cleaned up. Good stock, \$1.001.10 per bu.

CARBAGE—California is furnishing the bulk of the cabbage and it is pretty good stock for this season of the year. Good shipping stock, on orders, \$24,022.5c.

ASPARAGUS—Good shome grown stock, \$5,040c per doz. on orders.

PIE PLANT—Home grown ple plant, 2c on orders.

ASPARAGIS—Good home grown pie plant, 2c on orders.

PHE PLANT—Home grown pie plant, 2c on orders.

TOMATOES—The supply on the market is very liberal, both Mississippi and Florida being large shippers to this market. As a result, prices are considerably lower than they were a short time ago. Mississippi stock, per 4 basket crate. \$1.5921.75; Florida stock, per 6 basket crate. \$1.5921.75; Florida stock, per 6 basket crate. \$1.5921.75; Florida stock, per 6 basket crate. \$2.2562.25.

NEW HEANS—The low prices of the past have stopped shipments to this point to such an extent that there are hardly enough to fill orders. In consequence, prices are up again. Wax beans, per bu., \$2.902.25; string beans, 11.75 per bu.

PEAS—The supply is light and the market stronger. Good stock, per bu., \$2.

EGG PLANTS—Per doz. on orders, 75c@41.09, FRUITS.

Owing to the cars being late, the auction sale announced for yesteriar morning was postponed until 2 p. m. Cotton Market.

New York Dry Goods Market.

NEW YORK, June 14.—The demand has excluded staple cottons in favor of autumn fancies, for which there was only a moderate request. Prints and ginghams did fairly well, also domestic fabrics; wool flannels in demand and fair sales. Cloakings were looked after. Dress goods of the woolen order were sold ahead, Cotton dress goods of the tartan characters in request; colored cottons slow. Printing cloths dull at 2 li-16c for 64 squares.

Omaha Hay Market.

Top prices for best grades of hay yesterday were as follows: Upland hay, \$8.50; midland, \$5; lowland, \$7.50; rye straw, \$6. Demand fair, supply fair. Color makes the price on hay, Light bales sell the best. Only top grades bring top prices.

considerably less than the best stock brought on the day before. Advices from Hood River. Ore., which supplied the finest berries received on this market last year, are not at all favorable. The Hood river rises near Mount Hood and flows north through a valley about ite miles wide and twenty-five miles long into the Columbia river. The valley is in the midst of the Cascade range of mountains and is accessible only from the railroad running slong the Columbia river. This read for 100 miles east has been damaged and even washed away in many places by the floods. This has made it impossible for the berry growers to ship their fruit, and as a last resort they are drying it. Sundried strawberries promise to be a navelty on the market this fall.

CHERRIES—The market has been very poorly supplied with California cherries this week, there being only a part of a car to supply all the demand until yesterday when several hundred boxes were distributed at auction. Choice shipping stock is still rather scarce at \$1.50. Iowa, Nebraska and Missouri cherries are plentiful at \$1.25 per 1/2 bu. basket.

APRICOTS—Which were already plenty have been made still more so by the arrivals of yesterday. As a result prices are lower, and good shipping stock is quoted at \$1.50\$ \$1.50\$ per 24-qt. case.

BLACKBERRIES—The supply is still light, there being only a few cases in. Shipping stock is worth \$4.

BLACK RASPBERRIES—The receipts of raspberries were light and the demand good. Good shipping stock on orders, \$4.

DECREASED ASSESSMENT. Douglas County Assessors Have Not Found as

Much Property as Usual. The county commissioners held a short session yesterday, sitting as a board of equalization for the purpose of hearing such complaints as might be presented upon the subject of assessment of real and personal property returned by the various assessors. Owing to the fact that the totals on all of the books had not been made, but little headway was made, aside from receiving the complaints and filing them for future refer-

PEACHES—The first auction sale of California peaches took place yesterday. Still more are billed to arrive today, and the market is likely to be well supplied from now on. They are quoted at \$2.00g2.25.

PLUMS—The first California plums of the scason have arrived and are quoted at \$1.2.01.50. They are the small, red fruit known as the cherry plum.

The decrease in valuation of these pre-cincts aggregates \$188,563, or about 10 per cent, being greatest in Elkhorn, Douglas, East Omsha, West Omaha and South Omaha, where there are a large number of unproductive town lots.

The situation causes the commissioners

some alarm, as they argue that if the same decrease should hold good in this city the entire valution of the county will fall below \$20,000,000, with a possibility that it will not exceed \$15,000,000, which they claim will mean a much higher levy for state and
