Foreign Crop Damage Reports and Other Bullish News Shove ! Wheat Up.

THAT CEREAL RULED DECIDEDLY ACTIVE

There Were Good Buying Orders on Hand at the Opening and Local Shorts Were Easily Induced to Cover.

CHICAGO, June 18 .- Crop damage reports from foreign lands and other bullish news shoved wheat up today and July closed 3c higher after a 3%c advance. Corn closed %c higher for July, oats finished the higher for August and provisions closed at a slight ad-

The wheat market ruled decidedly active, The better tone was due, in addition to foreign crop news, to a decrease on ocean passage and a larger reduction in the visible supply than expected. There were good buying orders on hand at the opening, some for foreign account, both for each and futures, and the local shorts, who had anticipated a still further break today, were induced to cover. A press cable reporting the crops in Austria and upper Hungary damaged by frosts and snow and private advices quoting Berlin and Antwerp closing strong on bad weather created an active demand. Another Berlin cable reported the market excited on bad weather. The decrease on passage, according to Beerbohm, was 2,128,000 bu., and the India shipments were reported at 380,000 bu. The visible supply decreased 1,160,000 bu. A feature was the spread between July and September, which widened to 21sc early and later narrowed to from 17sc to 2c under active demand for the former. The market opened %c higher and after advancing 3%c. acted %c, closing firm. The elevator people were large buyers.

Corn was active and stronger with a 11/20

range. Covering by shorts and the strength in wheat were the factors. Oats were firm with wheat. The range for July was %c.

Provisions were very dull, but firm on the Action of wheat. Compared with Saturday hight September pork is 5c higher, September lard 21/2c higher and September ribs 5c

There was a fair inquiry for vessels; rates steady at 11/2c for wheat and 1c for corn to Buffalo. Charters for wheat to New

Minneapolis Wheat Market.

Minneapolis Wheat Market.

Minneapolis June 18.—The wheat market was strong and active today, opening this merning 4c higher than the close of Saturday, and advancing later 14.0 for July and 15.c for September. The advance was based mainly upon bad weather reports in Europe and higher cables. No large lines of wheat came on the market for sale and miscellaneous buying was greatly in excess of the offerings for sale. Business was nearly equally divided between the month of July and September. with very little danc in other futures. The market closed: June and July, 62c; September, 53%c; on track, No. 1 hard, 64c; No. 1 northern, 62c; No. 2 northern, 61%c. Receipts of wheat for the day were 145,000 bu; shipments, 77,300 bu. The market made another decrease in the local supply of wheat of 180,000 bu, in the twenty-four hours. The four market was duli and higher, as millers ad-Minneapolis Wheat Market.

anced their quotations in sympathy with the drance in wheat. More inquiries came later in the day after the advance, indicating an in-ranging interest in the flour situation.

Local Produce Market.

Local Produce Market.

The general market yesterday was quiet, as usual of a Monday, and it was made still more so by the heavy fail of rain, which insted until middiny. Asids from the drop in buitor there was no very noteworthy change in values.

HUTTER—The heavy rains, which have covered a good starte of the butter producing sections of the state, promise to start up the pastures and there see the butter cattput, and has fact naturally weskens the speculative market. Now York as sending out some very bearish reports, claiming that the recent advance was due to manipulation and not warranted by the actual conditions prevailing at the time. As a result buvers here are lovering their bids and offering only 10c per packing stock, Choice country butter, Egific.

FIGUS—The eag market has not shown much change since the close of last week. A good many segs are going at 9½0, but nearly as many at 10c. These arices are obtainable only for strictly fresh and bright stock. There are, however plenty of eags sold as fresh at 5c.

LIVE POLITIV—There was very little pouttry of any kind in, but the first of the week there is never any inquiry of any consequence, so that the market did not show any change in prices. Old bens, 5c, roseters, 3c. The demand for recess and ducks is very light, and what few prices fold bens, 5c, roseters, 3c. The demand for recess and ducks is very light, and what few prices are mostly birds that have been plucked, and in consequence not very destruible. There is quite a little inquiry for turkeys, and the few that are coming menting the second of the second

some pretty low prices have been made. Choice fat and smale veals are quoted at 595c; coarse and large, 25fc.

CHEENE—There is some very choice Wisconsin cheese on the market. Wisconsin, full cream, new make, 10#11c; Nebraska and Iowa, part skim, 69fc; Limburger, No. 1, 10c; brick, No. 1, 10c; Swiss, No. 1, 13fride.

HAY—There were nine cars of hay in yesterday, which was a very light run for the first of the week, and the rain will be apt to keep the receipts down for a day or two. The market could hardly be quoted higher, though there was a strong feeling, and dealers looked for a very little of the best hay touched 25. There was very little straw coming and very little demand. Upland hay, \$5.50; midland, \$5; lowland, \$7.50; rye straw, \$6. Demand fair; supply fair. Color makes the price on hay. Light bales sell the best. Only top grades bring top prices.

PIGEONS—The gim clubs use quite a good

top prices.

PIGEONS—The gim clubs use quite a good many pigeons, and there is a demand for old birds strong on the wing. Old birds, per doz. VEGETABLES. There was not much in the way of new fea-tures to be found in the vegetable market. Home grown vegetables are gradually taking the place of those shipped in from a distance, and prices in consequence are gradually going lower.

Advices from Muscatine, Ia., say that 1,400 acres of watermelons have been put in. The average yield is about one car per acre, and the harvest generally commences about August 10 and ends October 19. 10 and ends October 19.

CANTALOUPES—A few Texas cantaloupes have arrived on the market, but are not moving off very rapidly. On orders, \$1.00@1.50 per SWEET CORN-Texas sweet corn, on orders, BEETS-New beets, per doz. bunches, 20@25c, on orders.

SQUASH-Texas summer squash on orders,

SQUASH-Texas summer squash on orders,

CUCUMBERS-The market is flooded with both home grown and southern cucumbers, and they are not moving off as rapidly as dealers would like to see them. On orders, per crate, \$2, or 0@40c per dog. GREEN PEPPERS-Texas green peppers, per 14 bu. box, 75c. OLD HEANS—Hand picked navy, \$2.10@2.15; medium navy, \$1.90@2.00; common white beans, \$1.50@1.60.

ONIONS—The market is not quite so strong. On orders, southern, per bu. box, \$1.50; Cali-fornia, 26245c per ib. FOTATOES—Through some means several cars POTATOES-Through some means several cars of California potatoes were delayed on the road and all came here in a bunch. This has rendered the supply for the time being quite large, but they are moving off quite freely, and prices are about steady, though lower than they were early last week. Good stock, \$1 per bu. CARBAGE—California is furnishing the only cabbage that is coming to this market from a distance, and it is good for the season. Some home grown cabbage is being affered on the market, but it is small. Good shipping stock, on orders, \$2\psi 02\psi\_c2\psi\_c. n orders, 214@24c.
ASPARAGUS—Good home grown stock, 35@40c ASPARAGUS—Good nome grown stock, sopport doz., on orders.

FRUITS.

A well attended auction sale was held yesterday morning and 331 boxes of peaches, 1,038 boxes of cherries and 707 cases of apricots sold. The peaches brought big prices, the cherries fair, but the apricots sold low.

On account of the rain the market in the wholesale district was a little slow. The receipts of berries were large and prices lower all around.

STRAWBERRIES—The market was full of strawberries. There was part of a car held over from Saturday afternoon that came in from Washington. There was also over thirty cases by express from Idaho and about ten cases from Utah. They were most too soft to ship out on orders. The best brought \$3.25 per case. FRUITS. case.

APPLES—There were a few Arkansas apples in that sold quite readily. They were put up in ½ bu, boxes, and brought, on orders,

put up in ½ bu. boxes, and brought, on orders, soc.

CHERRIES—The arrival of a car from Callfornia has made cherries plenty once more on this market. California cherries, choice, \$1.25.

APRICOTS—The supply of apricots keeps up very large and the market is low. There is a very wide range in quality and a corresponding difference in prices. Per crate, \$1.00f1.50.

GOOSEBERRIES—The supply was not so large as it has been of late. The demand is not so good, as home-grown berries are becoming quite plentiful in a good many sections. Quotations are a little lower. Good stock, green, on orders, \$2.50 per 24-qt. case.

BLACKBERRIES—The receipts were very heavy yesterday for the first day of the week. That fact, together with the rain, put the market down, and good stock went, on orders, at \$3. BLACK RASPISIRRIES—The receipts were not very large, but the market was lower. Good BLACK RASPHERRIES—The receipts were not very large, but the market was lower, Good shipping stock, on orders, \$3. RED RASPHERRIES—There were none re-ported received carterior. ported received yesterday.

I EACHES—California peaches are becoming quite plentiful. The price quoted is the same as at the close of last week.

PLUMS—The California plums received last week have all been disposed of, and there is nothing just at presnt upon which quotations can be based.

can be based.

TROPICAL FRUITS.

It is noticed that while the pineapples from Florida are of very good quality this year they are smaller than usual. This is said to be due to the severe drouth that prevalled during the growing season. The number of pines will be far more than last year, yet the number of crates will not be greatly increased. Very few shipments are being made by express this year, as has been the case in former years. This is due to the increased freight facilities for handling the crop. Since the first of the month the shipments from Indian river, Florida, have been very large. During the first two weeks of the month the railroads claimed to have handled 2,000 crates from that section.

BANANAS—As usual, when berries are on the market the demand for bananas is not very heavy. Choice stock, \$2.000\$2.50.

LEMONS—The demand has not been increased to an extent sufficient to advance prices as yet, and the market remains steady. Fancy lemons, 300 size, \$4; fancy lemons, 360 size, \$4; TROPICAL FRUITS. CHANGES—A car of fine Mediteranean sweet came in Friday and are offered at stead prices, that is, \$1.5092.75.

PINEAPPLES—There is a fair supply of Florida pineapples on the market at \$1.50017, per dox, or \$8.0005.00 per crate of about six dox.

Atchison Reorganization Plan Kept the Street Somewhat Agitated.

NEW YORK, June 18 .- It was announced last week that the Atchison reorganization plan would be perfected today and the full details made public. The committee was in session this afternoon, but did not reach a final conclusion, and deferred the publication of the scheme of reorganization until tomor-

commence proceedings to secure payment of the government deld from the denial of the rumor from Washington a recovery of 1/2 per cent was made. The bond market was firm in the morning, just became unsettled during the afternoon, and closed irregular.

The Evening Post's London cablegram says: The stock markets were idle and dull today. The Accot reachs will begin tomorrow and will monopolize attention for the rest of the week. Americans were flat, particularly Union Pacific, an Dutch selling. The closing was a fraction better. The London closing was a fraction better. The London committee of Atchison bondholders met to day, but nothing was given out about their business. It is believed it only considered minor details. The Stock exchange will probably be closed Saturday week.

probably be closed Saturday week.

The Evening Post says: A renewed advance in the price of grain came today simultaneously with the report of a heavy decrease in the St. (Paul's weekly earnings. Both had some influence on the very dull stock market, but presumably served solely to offset each other.

Brisk Trade Resulted in Cattle with Higher Prices. CHICAGO, June 18.-Cattle receipts fell nearly 12,000 head short of Saturday's estimates today and a brisk trade resulted with prices for good grade steers 10c above the closing values of the session this afternoon, but did not reach a final conclusion, and deferred the publication of the scheme of reorganization until tomorrow. It is understood the foreign committees are in harmony with the New York committee and that all interests are taken care of in the plan, which has already been foreshadowed in this report. The street is anxously waiting the publication of the plan in view of the fact that there are other reorganizations still pending for which the Atsan scheme might serve as an example to be followed in zome particulars. There was a halting, unsettled tone to the speculation on the Steck exchange today, as if the operators were waiting for something to turn up. Nearly half the business was in the industrials, the only active shares of the railway list being St. Paul and Burlington. The engagement of \$2,000,000 in gold for shipment to Europe by tomorrow's steamer had no effect on the market, the gold being sent merely by reason of the scarcity of bankers and sterling bills, and it does not change they wise of the leading bankers, who believed by reason of the scarcity of bankers and sterling bills, and it does not change they will be seen to the leading bankers, who believes a buyer of Chicago Gas.

CATTLE MARKET REMAINS UNTESTED

Offerings Not Enough to Try the Temper of Dealers-Hogs in Good Request and Somewhat Higher Than on Saturday.

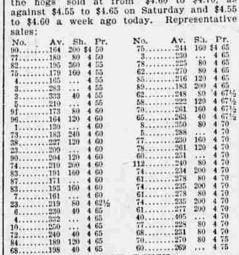

MONDAY, June 18. Receipts of all kinds of stock showed a very considerable decrease as compared with last Monday. The cattle supply was smaller than it has been in over a year. Less than 700 head of cattle of all kinds were received and the offerings did not include any very desirable beeves. There was a good, active demand both from the dressed beef men and shippers, but owing to the scarcity of useful cattle trading was slow and it was next to impossible to ascertain the exact condition of the trade. As eastern advices were all very favorable, however, it is altogether probable that desirable beef steers would have sold fully a dime better than Saturday. There were only four or five straight loads

of cows here and a few odds and ends. The supply was very largely of common to poor stock and prices were little if any better than at the close of last week. Calves were in rather liberal supply and rather dull. Very few bulls were offered and prices were not more tight steady.

In stockers and feeders there was not

much doing. Offerings were rather limited and while the demand was somewhat better than foward the close of last week prices paid showed no improvement. Very few changed hands, but the feeling was somewhat firmer, Good to choice feeders are quotable at \$3 to \$3.40, fair to good at \$2.65 to \$2.90, common to poor at from \$2.50 down. Representative sales:

HOGS-Receipts were nearly a thousand head lighter than on last Monday, the falling off being due in a great measure to the wet weather and bad roads, although the drop in prices toward the latter part of last week had considerable to do with shutting off supplies. At any rate only thirty-nine loads were received and as a rule the quality of the offerings was rather common. Although there was not much inquiry for shipping or speculative account, the demand from local packers was good and as eastern markets were higher trade here was brisk markets were higher trade here was brisk and prices fully a nickel and in many cases 5c to 10c better than Saturday. Fair to choice heavy and butcher weight hogs sold at from \$4.65 to \$4.75 and common to choice light and light mixed stuff at from \$4.50 to \$4.70. Trade was active throughout and the close strong at the advance. The bulk of close strong at the advance. The bulk the hogs sold at from \$4.60 to \$4.70.

PIGS AND ROUGH. .154 40 4 35 SHEEP-Although there was a very fair showing of sheep today there was very little trading and the demoralization that characterized last week's market promises to hold out for a few more days. Buyers were de-cidedly indifferent and bids were away down. Up to a late hour only a load or two had changed hands. Fair to good natives are changed hands. Fair to good natives are quotable at \$2.75 to \$3.50, fair to good westerns at \$2.50 to \$3.25, common and stock sheep at \$2 to \$2.25 and good to choice 40 to 100-lb lambs at \$3 to \$4. Night-Barn Struck by Lightning and Burned-Other News. At 8:30 last evening while Lizzie Carroll, an old domestic in the employ of the Delmonico hotel, was finishing her evening's

work, her brother, William Carroll of O'Neill, Neb., came in and, pulling a revolver, aimed it at her, with the declaration that he was going to take her life, because her hard work brought her too much misery, and that when she was gone he would die. With surprising coolness Lizzie walked quickly up to her brother and before he could make a motion she had taken the

revolver from him. Then she caught him Brennan came and took him to jail. was very much under the influence of liquor, so much so that many believed delirium tre mens to be the cause of his act. Barn Struck by Lightning.

South Omaha had a good sized fire at o'clock yesterday morning. Mosher's livery barn at Twenty-fifth and O streets was struck by lightning, and an hour later there was nothing left of the structure except the foundation. The barn was all frame and perfectly dry, and well filled with hay, and did not take long to consume it. By prompt work on the part of the men employed around the barn all the horses and many of the

carriages were saved. The lightning struck in the center of the front of the building, and seemed to pass directly through to the alley. In an instant the whole inside was ablaze. The halter straps were cut, and with difficulty the horses were driven out. All the buggles were run out except two which belonged to Dr. White. Several sets of harness were Mr. Mosher had \$1,500 insurance on his

building, which was valued at \$3,000, and was totally destroyed. The wind was favorable to prevent the fire spreading. This whole row is of frame and would have burned like tinder. As it was, the adjoining building, which is owned by J. F. Jacknott, was considerably damaged, but the loss is covered by insurance. Mr. Waterman's sewing machine office is the second from Mosher, and Mr. Boyle is next to him. Every one in the row moved the most of his stuff out into the street, as looked from the start very much though the entire row would go. The fire men were assisted by the citizens and de-serve credit for stopping the confiagration where they did. The continual downpour of the rain made it disagreeable for the men to work, but it kept the buildings damp and prevented the stray sparks from doing damage. Twenty tons of hay were consumed.

City Council Proceedings At the meeting of the city council last evening an ordinance was introduced limiting the speed of motor trains to ten miles per Richard O'Keeffe asked that squatters be

removed from McGavock & O'Keeffe's ad-F. O. Olsen called the council's attentio to its violation of the contract entered into between it and the petitioner for the supply of feed to the fire department stables by failing to deliver warrants at the first of each month in payment of stuff turnished. and asked for a discontinuance of the contract and the release of his bondsmen. Re-

ferred to the finance committee.

W. L. Holland's offer to look after the electrical department of the city for \$20 a month was accepted by the council. Licenses to operate saloons were granted to Franz Linder of 2516 N street and W. J Bulin of 2619 N street.
On Mulialy's motion the chief of police was instructed to close up all saloons now

doing business without a license. In response to an inquiry Mayor Johnston said he understood that there were eight saloons now doing business contrary to law. The chief of police was also ordered to notify druggists that they must secure licenses at once if they wish to handle liquors. Councilman Conley moved that nance be drafted compelling the Omaha Street Railway company to put its wires under-ground, and the motion unanimously pre-

valled. An ordinance requiring coal dealers to weigh their coal over the city scales before delivering to a purchaser was read for the second time. It permits the dealer to charge 25 cents additional for cartage and weighage, and levies a fine of from \$10 to \$25 for each refusal to obey the previsions of the ordinance. Inveen, residing at 720 Henry St., Alton, Ill., suffered with slatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles Chamberlain's Pain balm, which effected a complete cure. This is published at her request, as she wants others similarly af-flicted to know what cured her.
