COMMERCIAL AND FINANCIAL

THAT CEREAL OPENED VERY DULL

In Corn the Rains, Large Receipts, Favora ble Crop Reports, Lower Cables and Increase it Chicago Stock Were Leading Factors.

CHICAGO, June 25 .- Wheat averaged firm, but did not make much headway on its upward course. It stepped out boldly more once, but slid back again, and was only %c higher at the close than it was at the corresponding time on Saturday. Corn was easier, as were also oats, while provisions were firm, but there was a very slim trade.

Wheat opened dull, then showed considerable loss for a time, but later became quiet able loss for a time, but fater became quiet and so continued to the end. It opened \(\frac{1}{2} \) to higher in sympathy with Berlin cables, declined \(\frac{1}{2} \) con selling by a local bear and rains in the wheat belt, rallied 1c on the heavy decrease in the amount of ocean pasage, in the visible supply and in the local stocks, eased off %c on lower late cables and free realization and closed steady with a gain of 4c over last Saturday's final fig-

In corn the rains, the larger receipts, favorable crop reports, lower cables and the increase in the local stocks of 85,000 bu, were the bear reasons. The close was dull and showed a loss of 1/3c in price compared with Saturday's last quotations. In oats there was a weak feeling on larger

receipts, on the rains and on more favorabl receipts, on the rains and moti more receipts, on the rains and more reports. Bartlett-Frazier led the selling. The local stock—150,000 bu.—showed an increase for the week of 53,000 bu. The close showed a loss, compared with Saturday's close, of 1½c in July and 1c in September. Provisions improved on buying by local

packers in the belief that the run of hogs would show a decided increase, but eased off with the value of live hogs, but closed with an appreciation of 24c all around.

The leading futures ranged as follows:

change in the produce market. Prices remain practically where they were at the close of last week.

Until it was known that the senate committee has restored the duty of 2c per doz. on eggs there was no little anxiety among the heavy holders of ice house eggs in all parts of the country. These eggs were put in store under a 3c duty, and holders still have a difference of 2c per doz. against them. The house fixed the duty at 3c, and the senate put eggs on the free list, but has now restored the 3c duty. In 1853, with the duty at 3c, there were imported into New York 2.000,000 doz. Previous to the 5c duty. Canada was sending about 16,000,000 doz. of eggs into this country annually. This year the production of eggs has been very large, and the cold storage houses all over the country are well filled. Many of these eggs were put in storage not merely as a matter of speculation, but as a means of preventing an already overstocked market from being completely glutted, with the consequent loss to merchants.

New York commission men are protesting against the bills of lading in use by the most of the railroads, which contain so many provisions that the roads are practically relieved from liability for losses. It is claimed that under the present form of bills of lading the commission merchants cannot, with any degree of safety, advance money on goods from the west.

BUTTER—The market yesterday was devoid of feature other than that already noted. Prices remained in the same hotch. Local dealers are receiving some very bearish letters from eastern outlets, in fact, bearishness is the feature of almost all the correspondence from that quarter. Some New York houses are predicting that the finest ladies will sell there at 12c in the next three or four weeks. Packing stock on this market is bringing loc, and the buyers appear to want it at that price. Choice country butter, 12614c; separator creamery, 15g16c; bricks, 15g18c.

the effects of hot weather is very large, and the less in candling heavy. Good stock is selling generally at be.

LIVE POULTRY—Old hens are very scarce for some reason, and the market firm. As usual, the first of the week there was not very much demand for poultry. Spring chickens, 14@15c; old hens, 5c; roosters, 3c. The demand for geese and ducks is very light, and what few are arriving are mostly birds that have been plucked, and in consequence not very desirable. Ducks, 5@7c; hen turkeys, 7c; gobblers, 5@6c; eeese, 5@55c.

VEAL—Receipts at commission houses are not large, but there are still a good many on the market. Choice fat and small veals are quoted at 51@56c; coarse and large, 3@4c.

CHESSE—There is some very choice Wisconsin, cheese on the market. Wisconsin, full cream, new make, 10@11c; Nebraska and Iowa, part skim, 6@7c; Limburger, No, 1, 10c; brick, No, 1, 10c; Swiss, No, 1, 13@14c.

POTATOES—There are plenty of potatoes on the market, from Arkansas and California mostly. In the present condition of the market both here and in California it would seen hardly reasonable to expect many more potatoes from that state. Good potatoes are quoted in California at 55c per hundred, rate to Omaha 75c, or a total of \$1.30 per hundred laid down here. This leaves a very small margin to cover shrinkage and possible losses, to say nothing about profits. Good shipping stock is quoted here at \$6.290c.
CABBAGE—There is plenty of home grown cabbage being brought in by the local growers, and while the heads are small, they are very solid and good quality. There is also considerable California stock on the market. Good shipping stock, on orders, 26.24c.

FRUITS.

At the auction held yesterday morning the following were offered: 1.152 peaches and 1.638 cherples. The auction room was full of buyers, the bidding fairly active, and the offerings soon taken. While the offerings of cherries were large, there were only a few lines suitable for shipping, the most of them being too ripe, Prices ruled rather low. In addition to the local buyers, brokers bought for Keekuk, Fort Dodge, Red Oak, Sloux City, Mason City, St. Joseph. Grand Island and Beatrice.

On Tuesday the following fruit will be offered for sale at auction: 1.832 peaches: 394 apricots; 12 pears; 101 peach plums; 47 Chaude plums; 592 applies; 116 plums.

On Wednesday a car of cherties will be offered. The predictions made by fruit men some time ago, that this would be a low season, have been verified so far. Prices on all kinds of fruit, especially California fruits, have been unprecedentedly low. This is true not of this market alone, but of every other market in the country. A glance at the reports of auction sales in Chicago will show that fruit has been slaughtered as mercilessly there as anywhere else. While present prices must bring heavy losses upon California growers, they are bringing fruit within the reach of the masses of the people. The cause generally ascribed for the present low prices is the unfavorable business situation. The first California pears of the season are expected to arrive on the market today. Advices from Georgia say that there will be more pears in that state than was anticipated a short time ago. The Georgia peach crop, however, is said to be practically a total failure.

STRAWBERRRES—There was a car of cherries thrown on to the market yesterday, stock that FRUITS. CHERRIES While there was a car of cherries thrown on to the market yesterday, stock that would do to ship out on orders was rather scarce would do to ship out on orders was rather scarce at \$1.00ff.125.

APPLES—There were no California apples on the market yesterday, but there are some expected in today. Good shipping stock, \$1.25.

APRICOTS—There were no fresh arrivals yesterday, but a few are billed to arrive today. Good stock, \$1.00ff.125.

GOOSEBERRIES—There have been none received to amount to anything during the last week or more. Quotations are nominally \$2.25@ 2.50. 2.50. BLACKBERRIES—Receipts moderate. Good MOCK, \$2.75.
BLACK RASPBERRIES-For the first of the week the receipts were quite large. Good stock RED RASPBERRIES-Not enough have arrived to establish prices.

PEACHES—The supply of penches was increased yesterday by the auction sale of a car of California stock, Good stock, \$1.00@1.25.

TROPICAL FRUITS.

The orange trees in the vicinity of Lakeland, Fla., are now putting on a heavy bloom, and it is predicted that there will be a good spring crop. The grapefruit trees that dropped much of their fruit early in the season are also blooming again, and the prospects for a crop of that fruit are very good now.

BANANAS—As usual, when berries are on the market the demand for bananas is not very heavy. Choice stock, \$2.006726.

LEMONS—The demand has not been increased to an extent sufficient to advance prices as yet, and the market remains steady. Fancy lemons, 300 size, \$1.75.

ORANGES—California Mediterranean Sweets are to be had on the market at \$1.75.

PINEAPFLES—There is a fair supply of Florida pineapples on the market at \$1.50 per doz, or \$1.0067.59 per crate of about six doz.

STOCKS AND BONDS.

Share Speculation Moderately Active During the Morning but Dull Later. NEW YORK, June 25 .- The share specu-

lation was moderately active during the morning, but was very dull during the afternoon. London was a seller in moderate amounts of St. Paul and Louisville & Nashville, and there were orders from Amsterdam to sell others of the international specialties. The engagements of gold for the Havel tomorrow aggregate only \$1,000,000, against \$2,000,000 on Tuesday of last week, and it is adduced therefrom that this week's exports will be lighter than the week before. The subtreasury supplied the gold, and it is said the agreement to reimburse the subtreasury.does not include this week's ship-

ments. ing on London selling, but quickly rallied on the covering of a short contract and recovered the full loss, closing at a reaction of 1% per cent. The other granger shares were neglected. Sales for the western account caused a decline of 11% per cent in Distilling, of which 3% per cent was recovered at the close. National Lead was sold down on a report that the business of the company was poer, owing to the very warm weather, and after the opening at a gain of ½ per cent a break of 2½ per cent was ef-fected. Subsequently a relly of 1 per cent took place, with a final reaction of ½ per cent, making a net loss of 14 per cent. Pull-man is down 214 per cent, General Electric 135 per cent, Kansas & Texas and Consoldated Gas 214 per cent and Rubber preferred 1 per cent. The other changes are fractional.

The Post's London cablegram: President Carnot's assassination depressed all the markets here this morning, but a feeling was produced by the announcement that the Italian bourse should close down to express sympathy and a report that the king of Italy would attend the funeral. Norfolk & Western was pressed today, but signs of liquidation are terminating. The financial condition of America is viewed with some alarm here. but a feeling predominates that the here, but a feeling predominates that the worst is over. CHICAGO LIVE STOCK. Cattle Receipts Were Light and the Market

Was Strong. CHICAGO, June 25.—Cattle receipts were light today, estimated at not over 8,000 head. This strengthened the market, and prices were at once advanced from 15c to 20c. Scarcely any thing in the steer line sold below \$3.50, the bulk going at from \$3.75 to \$4.65. Sales of cows and bulls were generally at from \$2 to \$3, and Texas cattle, of which about 2,000 were in, were

Texas cattle, of which about 2,000 were in, were quoted at from \$1.50 to \$4.

There was a brisk demand for hogs at an advance of 10c. There were a number of sales at \$5.15, a few at \$5.20, and one or two at \$5.25. But the advance was not held, and the market settled back to about Saturday's quotations. The close was quite dull and weak, with \$5.15 an outside quotation. Receipts were large, amounting to about 35,000 head.

There was a moderate supply of sheep, and the the demand being good, prices remained firm. They ranged from \$1 to \$1 for poor to choice qualities. The lamb market was firm and fairly active at from \$2.75 to \$4.75, the outside figure calling for choice articles.

The Evening Journal reports:

Go to Courtland, cool, refreshing.

In the case of Emily Hespeler and Regina Morrow, two sisters, who were arrayed against each other in Judge Ambrose's court over the issues in a \$10,000 law suit, the Hespeler woman wants it distinctly understood that she allowed the Morrow woman to live in her house, rent free, for a long period of time. In addition to this she states that she loaned Regina a large sum of money, which was never paid, and that the asking for the return of this money was the original cause of all of the difficulty. Judge Baxter of the county court has started on a month's vacation, going to Puget Sound and the Yellowstone park.

Dick Rice was in the criminal section of the district court "yesterday, where he was fined \$100 and costs for having assaulted woman with intent to rob. The judges and the lawyers begin to see the end of the May term of the district court and the present week will close all of the ac-tive operations until the opening of the Sep-tember term. On Friday of the present week all of the jurors will be discharged and most of the members of the bench will devote a few days' time to the disposition of ex parte matters, after which they will hie them-selves away to the cool retreats which they have selected as the places for their summer outings.

In Judge Keysor's court the case of Will-

in Budge Reysor's court the case of while iam B. Dingman against McClanshan & Halligan, attorneys, is on trial, where the plaintiff is seeking to recover back some money that he paid out as attorney fees. Dingman was a traveling salesman for the Omaha Hardware company prior to the time that company went to the wall. After the crash he went to the attorneys and hired them to collect some back salary, which they did, retaining their pay for serv-ices. Since that time the plaintiff has sued for the return of this money.

OMAHA LIVE STOCK MARKET

Week Opens with a Continuation of the Light Supplies.

CATTLE TRADE CORRESPONDINGLY DULL

Prices for Top Grades Higher, but Offerings Too Light to Tempt Dealers-Hogs Rise Under the Light Supply and Sell Quickly.

MONDAY, June 25. Receipts of all kinds were light today, the total arrivals being less than 100 cars, about evenly divided between hogs and cat-

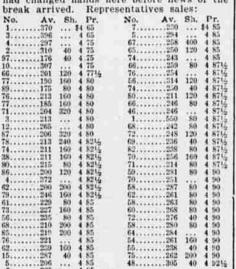

There were hardly enough useful beef cat tle on sale to make a market. On account of higher markets east, prices averaged about a dime higher here, but the trade was not at all lively, as the supply was too small to encourage active competition. Handy fat steers and choice heavy grades were all right, but rough heavy stock and common light stock were hard to move, even at shaded prices. There were a few loads still in first hands at the close.

The cow market was poorly supplied and generally unchanged. Offerings were common and trade slow at low prices. Good veal calves were in better demand, and sold at a shade better prices than last week, but the market for rough stock was not more than steady.

In stockers and feeders there was not much doing, for the reason that there was not much to do with. Yard traders were pretty well sold out toward the close of last week, and, although there was no very urgent country demand, the fresh arrivals were picked up readily at steady to a shade stronger prices. Good to choice feeders are quotable at from \$3.15 to \$3.40, fair to good at from \$2.80 to \$3.10 and common to poo at from \$2.75 down. Representative sales;

Slide for life, Courtland beach tonight. BOWED THE KNEE TO SCOTT.

Again Exasperates Oth r Judges by Ris Claims on the Jurors. Judge Scott and his bailiff had another

clash with the officers of the court over the matter of handling the jury. It so happened that Judge Keysor wanted a jury, that he might begin the trial of a cause. He instructed his bailiff to notify the clerk and a deputy from Clerk Moores' office was sent for the men. Going to the room presided over by Judge Scott the deputy signaled to men to come into the corridor of the building, but as soon as they reached the door hey were sent back to their seats, being told o sit down and remain quiet.

The deputy clerk went to the room of Judge Keysor, where he reported the proceedings and again went into the corridor and in a loud tone called: "Jury in No. 2." Again the jurors started to leave their scats in Scott's room and again they were driven back by the bailiff. By this time the depback by the bailiff. By this time the dep-uty clerk was getting somewhat excited, and, going into Scott's room, he informed the bailiff there that Judge Keysor wanted a jury. Having bended the knee to the czar, in charge of the room, the men were sent out and the cirk was called before the judge of the criminal division, where he was cau-tioned against making any loud noise about the corridors of the court house in the fu-

Hugh D. Boyce has sued the Burlington Railway company in an action to recover the sum of \$25,000 alleged damages. The plaintiff alleges that on Murch 25, 1893, and a long time prior thereto, he was employed in the shops at Havelock as a blacksmith. One day, about a year ago, while he was doing some work upon a heavy piece of iron, he called to his assistance a helpen to strike the iron while it was hot. This helper struck a few blows at the point where they were intended, and then care-lessly, so the plaintiff avers, he missed the mark and hit the affiant a fearful stroke in the breast, producing heart disease.

William M. Swift walked into the crime inal section of the district court yesters day and entered a plea of guilty to the charge of grand larceny, withdrawing him plea of not guilty to the charge of robbery.
On the plea of guilty he was sentenced to
a term of five years in the penitentiary. Last week the prisoner was out in the vi-cinity of Elkhorn and there he met and robbed John Heddeman, forcing him to turn over his wealth at the point of a gun.

Billious Colic.

Those who are subject to attacks of this disease will be interested in the experience of Mrs. F. Butler of 22 Fillmore street, Fairhaven, Conn. She says: "I suffered for weeks with colic and pains in my stomach, caused by biliousness. One-half teaspoonful of Chamberlain's Cholic, Cholera and Diarrnoca remedy effected a cure. For sale be
