The city council was to have held a meeting vesterday morning for the purpose of opening paving and sewer bids and award-ing contracts, but about the time the aldermen got together and got their feet nicely ensconced on the tables it was discovered that only about fifteen hours notice had been given, in place of the statutory twenty-four for special meetings. An adjournment was consequently taken until this evening. One of the prettiest and most largely at-

Lively Runaway. A horse belonging to Dr. A. T. He was standing hitched to a tree until a po-liceman came along and unbitched him. While he was leading him to another tree he took fright at something and cantered wildly up the park back of the grand stand. The buggy was smashed into bits before he had gone very far, and the horse, with a portion of the buggy clinging to him, rushed in and out among the buggles and the peo-ple standing around. He made two or three circuits before he finally ran himself into a "pocket" and was captured. Strangely enough, no one was hurt and the principal lamage was to the buggy.

Rewards Offered for Persons Who Destroy the Electric Light Company's Property.

TWO ARC LAMPS RUINED LAST WEEK

Several Have Been Previously Broken and Glass Globes Without Number Have Been Destroyed - Company Proposes to Hunt Down the Perpetrators.

For years the electric light company has suffered to the extent of many hundred dollars annually by the wanton destruction of its property by mischlevously inclined men and boys. Hundreds of glass globes that cost 75 cents each have been broken by boys with "nigger shooters," entire lamps have been smashed by missiles, and ropes used to lower the lamps at street intersections have been cut, letting the lamps fall to the pavement to their entire destruction. This has been going on with painful regularity ever since the plant was established, and all efforts to detect the miscreants have been fruitless. The company has quietly offered liberal rewards to the policemen as an extra incentive to catch the offenders, but

the work has always been done in the absence of the officers, and so secretly that detection has been impossible. Now, however, the company purposes to offer a standing reward to any boy, man or woman who will furnish any information leading to the detection and arrest of any person who molests in any way the company's property. It is believed the work is mostly done by mischievous boys, and this reward will make every boy and girl in reward will make every boy and girl in town a special detective, who will be promptly paid \$25 for the facts necessary to convict an offender. Saturday night the ropes were cut on two lamps on Lower Broadway, and both lamps dropped to the street and were broken, inflicting loss of over \$60 upon the company, besides dropping a live wire on the pavement and endangering the lives of people passing. The penalty for such a crime as this is imprisonment in the

During his closing speech to the jury the attorney for the defense took occasion to use a great deal of violent language against the police force in general and Officers Murphy and Weir in particular, who conducted the work of hunting up evidence. After the jury had retired the father of the defendant recited some of the indignities to which he and his family had been subjected by the officers in question, and intimated in unmistakable language that if they ever crossed his path again they would regtet it. The jury stayed out until 9:30 o'clock last evening, and then came in with a verdict finding the defendant guilty as charged in the indictment.

FIGURING FOR SENATOR.

Illinois Democrats Struggling for the Honor of Being Defeated. SPRINGFIELD, Ill., June 26 .- The boom for Franklin MacVeagh for United States senator took a solid form today and there is almost no question that both Mayor Hopkins and Governor Altgeld are preparing to see the Chicago man through if the democratic state convention decide to make a comination. In addition to this MacVeagh himself will be actively on the ground this afternoon to look after his interests.

Black is apparently losing strength to a large extent, and the predictions are that if any vote is taken he cannot poll over the 200 votes already pledged to him, and that these will not hold together for any length of time. Probably one-third of the delegates are already on the ground. Upon the sentiments of the delegates who to arrive tonight and tomorrow morn-

ing will depend the question of a nomination for senator. Tonight there seems little doubt that the convention will nominate a candidate for United States senator and that Franklin MacVeagh will be the man. The Hunte and Black men are still confident, how ever. Congressman Springer made a speech tonight for the candidacy of General Black.

Evening Mass Meeting at Denver. DENVER, June 26 .- The mass meeting given at the Broadway theater tonight under the auspices of the league was a mammoth affair. F. J. Cannon of Utah, Hon. Chauncey I. Filley of Missouri, Mrs. J. Ellen Foster, General Cyrus Bussey, E. S. Ashcraft and M. F. Taylor.
