Labor Troubles and Other Bearish News Sent Wheat Down.

TRADING IN WHEAT WAS QUITE MODERATE

Corn was Generally Firm Within a One-Half Cent Range—Oats Weak in Sympathy with Wheat—Stocks and Bonds.

CHICAGO, June 28.—The labor troubles and an aggregation of other bearish news sent wheat down today, July closing 3/4c lower and September 1/4c lower than closed.

Trading in wheat was moderate, the range for the day being 3/4c, with operations in the main of a local character. Opening trades were at from 1/4c to 1/2c loss, and under fair offerings and general lack of support declined 3/4c more, reacted a little, changed some and closed steady. The news was almost exclusively bearish, the lower wheat, strike situation, rains in the north west, where it was much needed, the fine weather for harvesting in the winter wheat and July liquidation all combining to depress values and create a weak market. Outside markets were also correspondingly weak.

Corn was generally firm within 1/2c range. Coverings by shorts caused the firmness. Oats were weak in sympathy with wheat and on improved crop reports and free offerings. The range for July was 2 1/4c.

Provisions were steady at the start on the steady live hog market. Good buying for pork on improved crop reports and free offerings. The range for July was 2 1/4c.

OMAHA LIVE STOCK MARKET

Another Thursday Sees Another Off Day in the Way of Supplies.

TIE-UP ON RAILROADS AFFECTS TRADING

Offerings Too Small to Establish a Tone Cattle Trade—Hogs Jump a Dime Under the Stock Supply—Sheep Steady.

THURSDAY, June 28.

Thursday is getting to be an off day for receipts, and the run today, but 113 cars all told, was very little improvement over the insignificant run of a week ago today.

There was very little to the cattle market today, supplies being most too small to establish a tone to the trade.

There was no material change in the situation as far as feeders were concerned. Outside buyers were scarce and most of the trading was done by the regular dealer.

Prices were firmly held, but the volume of business was comparatively light. Good to choice feeders are quotable at \$3.15 to \$3.50.
