WE DESIRE TO CALL YOUR ATTENTION to the fact that we are making a specialty in handling acre property surrounding this city. We believe acres close to Omaha, at present prices, offer a splendid opportunity for an absolutely safe and sure investment. Omaha's growth has been marvelous. Our population in 1890 shows 140,452, and it is only reasonable to suppose that we are as yet only in our infancy as regards development.

WHEN WE CONSIDER the great multitude of large and populous cities that line the distance of 1,500 miles between Omaha and New York, and then realize that for 2,000 miles to the west of Omaha, covering the entire distance to San Francisco and the great northwest to Portland. Ore., there are only three or four towns of any size or importance, and then consider that this great empire is as yet scarcely touched, and is yet to be developed, the question is not whether Omaha will grow and increase in population, but the problem is how large a city Omaha will become.

TO PICTURE a population of 500,000 in a city that is the sole and undisputed queen of this vast region is a mild estimate, and the man who pins his faith to Omaha and secures control of a goodly tract of land in close proximity to this city is certain to make immense profits within the near future.

WE CAN OFFER some great bargains in acre property just at precient.

AMONG OTHERS, we can offer 20 acres near new Elmwood park, in West Omaha. The city paid \$90.00 per acre for 290 acres, embraced in this park. We can sell the 20 acres mentioned for \$350.00 per acre for 290 acres, embraced in this park. We can sell the 20 acres mentioned for \$350.00 per acre for 290 acres, embraced in this park. We can sell the 20 acres mentioned half miles west of the postoffice in this city.

for \$35.00 per acre.
CAN ALSO OFFER 40 ACRES four and one-half miles west of the postoffice in this city, splendidly adapted for trackage, manufacturing, or residence purposes, at \$355.00 per acre.
ALSO OFFER 60 ACRES close to South ALSO OFFER 69 ACRES close to South Omaha at £25,09 per acre.
CAN ALSO OFFER 89 ACRES near Seymour park, 25 minutes drive from the business center of Omaha, and fifteen minutes drive from the business center of South Omaha. Can sell this at \$225,00 per acre.

If you have any idea of making an investment in real estate we will be pleased to have you call at our office in the New York Life building. Hicks, real estate agency. RE—669 29

REPUBLICANS REGISTER A LARGE KICK

low Among the Delegates to the League Convention Over the Selection of Cleveland for the Next Place of Meeting.

DENVER, June 28 .- The Iowa delegates o the National Republican League Clubs onvention say that the selection of Cleveand instead of Des Moines as the place for holding the next convention was accompanied by fraud and will appeal to the executive mmittee to reverse the decision.

The delegation has issued a statement to

the republican leagues declaring that Mr. Hyers, chairman of the delegates, challenged n convention the 91 votes of the college league cast for Cleveland by Theodore Cox. 'Secretary Humphrey," the delegates, says, 'replied that Cox had the proper credentials on file and Chairman Tracy Instantly overruled the objection and counted the 91 votes. After the convention adjourned, upon demand of Secretary Humphrey for the credentials of Mr. Cox. ecretary Humphrey raked up an old letter received by him from Cox on May 18, 1894. which Mr. Cox gave a list of the college lubs, ninety-one in all, and Secretary Humphrey now admits that Cox had no other credentials, The letter was never presented to the committee on credentials or approved by the convention." Mr. Byers says: "This may be the Ohio kind of politics, it may be the policy that Fracy and Humphrey intend to pursue, but they do and stick to it the Republican Na

ng mackerel in the seas." A meeting of southern delegates has been called for today for the purpose of organizing a southern league on account of dissatisfaction of the convention in refusing to allow the adoption of the census plan of represen
