THERE WAS MUCH GENERAL DULLNESS

Offerings in Wheat Were Moderately Free From the Start-Price Current Summary Was Rather Bearish-Stocks and Bonds.

CHICAGO, July 5 .- The strike and other bearish news forced wheat down today, and September closed 1%c lower. Corn closed %c lower, oats fell 1/2c for July and provisions closed at a slight advance.

Wheat today was weaker, the general duliness, indifferent cables, extension of the strike and crop news, all tended to create a bearish tone, and the offerings were moderately free from the start. The state and weather bulletins were favorable and the Price Current summary was rather bearish. Opening trades showed a %@%c decline from Monday's final figures, and soon sold down %@1/2c more, rallied %c, eased off 1%c, changed some and closed easy. Trade

Corn was firm early on good demand, but weakened later with wheat. The range was

%c. Oats was were very strong early on the prospects of a reduction in stocks, but weak-ened later with wheat and corn. The range

for July was 3c.

Provisions were very dull, but steady on a gearcity of offerings. Compared with Monday night September pork is unchanged, September lard 5c higher and September for July was 3c. Freights at 1c for wheat and corn to Buf-

STOCKS AND BONDS. London Was a Factor in Domestic Specu-

lation Yesterday. NEW YORK, July 5 .- London was a large factor in the share speculation today, the

strength of the market for American securities in that city and the good buying for the foreign account on the exchange presenting a more healthy tone and imparting confidence to the trading. While there was very little of comfort in the general press dispatches as to the condition of the strike, the traders had private advices which gave much encouragement, and the buying of the railway list was based on the belief that the beginning of the end of the strike was near. However, the deal-ings were not large, despite the very general feeling the strikers would have to There is no desire to accumulate lines under existing circumstances. There was, perhaps, more covering of short contracts than purchasing for the long account, but London houses gathered in some good sized blocks of stock of St. Paul and small lots of Louisville & Nashville, Atchison and Missouri Pacific. At the opening the market was strong, and prices generally showed advances on the closing figures of Tuesday. Sugar was an exception, and under-the influence of a selling movement de-clined steadily all day, with only an occasional slight recovery, and closed at the lowest point touched, 4 per cent below Tuesday's final sales. Houses with Washington connections were among the heaviest sellers of the shares, the depression therein being mainly due to the fact of the tacking on to the tariff bill of an amendment prohibiting trusts from importing merchandise or products. It was rumored that a determined effort would be made in the house by the anti-trust party to cut out the pro-tective clause of the sugar schedule. The general market was not effected in the early dealings by the weariness of Sugar, but moved upward an additional fraction. Pullman broke 2% per cent on sales of 200 share lots. The trading, while light in volume, and with the exception of a de-cline of 1 per cent in Lead preferred, narrow fluctuations, was firm in tone up to 1 o'clock, at which time Pullman had re-covered 1 per cent of its early loss. In the last half hour the speculation was weak and prices reacted 1/20% per cent, except Pullman, which regained an additional 1 per cent. At the close the tone of the market was rather easier, but a majority of the shares traded in showed an improve-ment ranging from ¼ to 1½ per cent. Railroad bonds were dull, but generally

OMAHA LIVE STOCK MARKET

Receipts Somewhat Better, but Still Far Behind Last Week's Figures.

CATTLE PRICES STIFFEN MATERIALLY

Active Demand and Scant Supply Send Hids Up 10 to 15 Cents-Hogs Also Score Several Points Up Under Similar Stimulus.

THURSDAY, July 5. The total number of cars received were the largest of any day so far this week. There were, however, more cattle than hogs. Thus far this week there has been a falling off in the receipts as compared with last week of 20,000 hogs and 1,400 cattle.

There were in the yards today 158 cars of fresh receipts of cattle, including those which arrived July 4. About one-half of this number, that is, about 1,500 head, were consigned direct to the packers, so that the actual offerings on the market were comparatively small. The shippers did not attempt to do much on account of the difficulty of getting stock through to the east. The packers, however, were good buyers and were not very long in cleaning up the yards at an advance of 10c to 15c over Tues-The offerings of butchers' stock were very

light, but what few there were brought stronger prices. Stockers and feeders were more plentiful, but the demand was not overly active. The country demand from the east and north has been cut off by the strikes, but still yard buyers took hold pretty well at steady to strong prices. Representative sales: DRESSED BEEF.

There were still about 2,000 hogs in the sale pens, all in speculators hands. Only a small part of them were sold, as they were held above the views of buyers. Quotations, nominal.

Fate of a Cincinnati Man Who Was Some

thing of an Anarchist. CINCINNATI, July 5,-At 10 o'clock last night Henry L. Drivers, son of a rich Cindinnati lady, was torn to pieces by an explosion of something in his pocket that must have been dynamite. All the lower part of his body was torn to pieces, his bones being pulverized. His right hand was thrown into a door twenty feet away, while the windows and doors of an adjacent store were smashed, so strong was the explosion. In his pocket was a postal card from the United States Mutual Life Insurance company of New York notifying him that his insurance policy for \$20,000 would expire at midnight. Young Drivers was somewhat of an anarchist celebrity. Whether he intended suicide or was intent on some errand of destruction is not known.

A. P. A. BATTLE IN BUTTE

Fourth of July Celebration Tinotured with the Bitterness of Religious Dissension.

ONE MAN KILLED AND SEVERAL HUR'T

"Protective" Signs-Troops Ordered Out to Suppress the Rioters-More

Trouble Feared. DENVER, July 5 .- A special to the News from Butte, Mont., says: An A. P. A. riot broke out here yesterday. One man is dead, one fatally and half a dozen more or less wounded as the result of the out-break. The militia has been called out and is stationed in one district of the city. All saloons have

been closed, as well as pawnshops and places where ammunition is sold. The trouble was precipitated by two saloon keepers decorating the fronts of their places with bunting forming the letters A. P. A. Tuesday night some one, presumably a Catholic, set off a stick of giant powder under one of the windows, demolishing a large plate glass. This attracted a large crowd of people to the scene which blocked the

street all day. After the parade yesterday the police could not disperse the crowd. Several fights occurred and the first shot was fired by William Ferguson at William Page. This intensified the feeling and the crowds started to tear down the buildings occupied by the saloon men who had the A. P. A. signs out. Judge McHatton of the district court appeared in a window and addressed the crowd, appealing to them to commit no over act of violence and gave assurance that the trouble would end. The crowd could not be calmed, but was held at bay by wise counsel.

At 6:30 the riot bells rang out and the fire department rushed into the crowd, turning the water upon it. The hose was then turned into Simon Hauswirth's saloon and the A. P. A. signs torn down. Several men inside the saloon began shooting. One man inside the saloon began shooting. One man stood at the door and fired six shots into the saloon. The sheriff and posse then came upon the scene, some of whom were roughly handled and barely escaped with their lives.

The mayor then called upon the governor

for militia and several local companies wer-ordered out. Ropes were drawn across the street and the militia cleared the block of all people. Quiet was restored at the immediate scene of the riot, but at the other end of the block large crowds assembled and more trouble was momentarily expected. The excitement ran high and there was lively interchange of shots, with the following results:
D. H. DALY, a special policeman, shot

through the heart and instantly killed by Frank Munford, a baker, William Page received a glance shot over the eye.
Samuel Dunn was shot in the side and was probably fatally hurt. About fifty arrests were made and the governor has been asked to send militia from Helena and other points in the state.

The block where the A. P. A. flags caused the riot was in charge of the militia all night, no persons being allowed inside the lines. The undercurrent of feeling on both sides continues strong and hundreds of people go armed. Last night in Centerville, a suburb, a Cornish saloon keeper shot a man while wrangling about the A. P. A. COEUR D'ALENE MURDER.

Union Miners Kill One Man and Take Two More Captives. WALLACE, Idaho, July 5 .- Seventy-five masked men from Burke entered the town of Gem and seized and bound Superintendent Neil and Foreman Summers of the Gem mine and Frank Higgins and West, nonunion miners. The mob started to the blacksmith shop where John Nebo was working. Nebo saw them coming and sprang through the back window. The mob fired, killing him instantly, and his body rolled down the hill. The leaders of the mob held a short con-sultation and gave the signal to close in around the prisoners, who were then marched over the range toward Montana. When word reached Wallace many deputies were sworn in and citizens joined their organization They are now in pursuit of the mob. The trouble is a revival of the fight of 1892. Union men have made frequent threats to drive out all nonunion miners and a few

Realizing that his superior had gone mad the fireman stopped the engine and threw himself upon Paul, at the same time calling loudly for help. This soon came in the persons of the conductor and brakeman and Paul was bound hand and foot, the fireman running the train into Venice, where Paul lives. to be the result. Michigan Populist State Ticket.
