Convention Date Changed.

One of the results of the strike is the postponement of the republican state convention, which was to have been held in Des Moines next Wednesday, to July 25. It is hoped that the time matter will have ebbed off sufficiently by that time to permit a large attendance, which there undoubtedly would not be during these times of excitement.

The report of the Mills county convention, which appeared in yesterday's Bee, and the list of delegates to the convention, made good reading matter for the members of the Sims in this city. It is headed by the name of Hon. John Y. Stone, attorney general, who is the most prominent name on the list.

A number of the other delegates are personal friends of Sims, so that the nomination of Mr. Stone, and the list of delegates, will support him in the convention. An item appeared in an evening paper to the effect that the delegation favored Major H. G. Curran of Atlantic, but view of the fact that he opposed Stone last fall in his senatorial canvass seems to set that supposition at rest, as Stone and his friends are concerned.

Excursion to the Bluffs.

The Burlington route has arranged a special excursion from Creston and intermediate points to Council Bluffs and return, Sunday July 22. The rates for the round trip are hardly one-third of the regular rates.

From Creston only \$1.50, Red Oak, \$1.00; Glenwood, \$2.00, and from other points in proportion. The train will leave Creston 6:15 a. m., and will reach Council Bluffs about 10 o'clock. Returning, the train will leave Council Bluffs at 6 p. m. The excursionists can thus, at a nominal expense, have practically an entire day to put in at the Lake Manawa Grand Plaza, or Manhattan beach, boating, bathing, etc. Mr. Halbert of the parks, picnicking, and numerous other entertaining features await those who take advantage of these excursion rates.

Strangely Afflicted.

Mr. J. S. Heath of Omaha, top gentleman afflicted with a disease which has been spending a few weeks in the Bluffs, left last night with his attendant for his part via St. Louis. Mr. Halbert has grown so hoarse that he is at last compelled to relinquish the duties which he has been performing among his relatives. Before his departure he closed up what little interests he had remaining in the Bluffs and he is now on his way to the "Big Muddy" again. His pitiable condition excites universal sympathy and the reports of his affliction which he bears his hopeless malady makes him very friends. Since he became disabled he has been very unfortunate in business affairs, but having a record as a soldier of which he may feel justly proud he is the recipient of a liberal pension, which is entirely sufficient to support him. His disease is so extremely rare that he is almost a curiosity among medical men and has attracted the attention of the medical science. There are probably not half a dozen typical cases like Mr. H.'s in the entire country.

A Free Medical Dispensary has been started under the auspices of Grace church in the church building, corner of Pierce and Union streets, for the benefit of the poor of this city. The course of the dispensary, from 10 to 12 a. m., and Fridays, from 4 to 6 p. m.

For cobs go to Cor. 10th & M street. Telephone 48.

Police Court Notes.

Ed Baker was given a hearing in police court yesterday on the information filed against him by George S. Davis, the druggist, charging him with the larceny of a bottle of morphine. Mr. Davis appeared in court and was examined and admitted that he was doubtful as to whether he could identify the stolen goods which are in the possession of Constable Baker. Detective Murphy said that he was with the constable when the defendant's house was searched and the missing goods found concealed in a tin trunk in the cellar. The case was continued, petitioned Judge McGowan a continuance until Monday, as he
