Insanity Dodge Enables George Berdsen to Avoid Punishment at Lincoln.

ATTEMPTED TO KILL MARSHAL HAGGERTY

Plea of Insanity Caused Him to Be Incarcerated in the Asylum, from Which He is Now Trying to Escape on Habeas Corpus Proceedings.

LINCOLN. July 9 .- (Special to The Bee.)-Acting County Judge Lansing was engaged this afternoon in hearing the writ of habeas corpus for the release of George Berdeen from the state insane asylum. J. C. Johnson asks for the writ, alleging that Berdeen is not insane.

About two months ago Berdeen was ar rested for shooting at Marshal John Haggerty of West Lincoln with intent to kill. He fired three shots at him, none of which took effect, but he was arrested, and at his hearing before Justice Spencer was bound over to the district court, and in de-fault of ball was committed to jail. At his trial the plea of insanity was set up, and when in the county jail Berdeen began to cut up a few peculiar capers, which strengthened the belief that was a little off with his men balance. While incarcerated one of tricks was to imagine that he was a prize fighter, and he spent most of his time punching a pillow and pouring cold water over his head through an oyster can that he had punched full of holes. After causing much worry to the sheriff, the county attorney nolle prosequied the charges against him and he was brought before the in-

sanity commission and adjudged insane. The members of the board express them-selves as fully satisfied that Berdeen was not deceiving them, and think that the evi-dence introduced before them was entirely conclusive that the man is insane. The at tempt to release Berdeen has caused a of unfavorable comment among those

Suit was commenced in Justice Spencer's court today by Paul Hunger against three members of the police force and Tom Hickey, manager of the Lincoln base ball club, asking for \$200 damages. He was arrested some time ago for watching the ball game from a tree on some property adjoining the ball park, which had been leased by the managers of the club to prevent such occur-

years. He is 61 years of age, and little hope is had of his recovery. At a meeting of the city council this morning the question of increasing the assessment of the property of the Lincoln street railway was brought up, but was lost by a decisive vote. It was brought up a second time and met a like fate. The valuation of the property of Frank Rawlins G. Billmeyer, keepers of livery stables, was raised \$160 and \$100 respectively.

Nora Hodgman, the young girl who was
injured by the explosion of a sky rocket on the Fourth at Eleventh and Q streets, is reported as being much improved, and her

speedy recovery is expected. The members of the local division of the Ancient Order of Hibernians met in their rooms in the Halter block last night, and the picnic to be given on August 15 was discussed and arrangements completed. The election of officers resulted: President. J. Haughey; vice president, Patrick A. Brohan; treasurer, P. M. Keeney; recording secretary, F. E. McLaughlin; financial secretary of insurance, J. T. ACCUSES HIS MOTHER AND BROTHER. Recent Death of a Gare County Citizen Said

to Have Been Caused by Polson. BEATRICE, July 9 .- (Special Telegram to The Bee.)-Another interesting chapter in the death of old man Crossley near Courtland, in the northern part of Gage county, is developing. Some weeks ago Crossley died under suspicious circumstances and a couple of weeks after the funeral the body was disinterred and a post mortem inquest held. The evidence at the time indicated very plainly that death had been the result of foul play, but a chemical analysis of the stomach failing to show any traces of polon, further investigation was dropped. parties toward whom suspicion was directed were the wife of the dead man and her two

sons, James and David Smith. A difficulty having arisen over the distri-oution of the property, James now proposes telling what he knows about the matter He stated to The Bee correspondent that his brother had stated to him that he (Dave) had given the old man a teaspoonful of laudanum at one dose. He further stated that his mother had put polson in the old man's breakfast and that the suspicious marks noticed on the old man's neck at the time of the inquest were caused by him being choked by Dave Smith. Further investigation will be instituted.

FREMONT, July 9 .- (Special to The Bee. -There seems to be a constant increase of interest in the morning class work at the assembly.
