How Tom Godfrey Got Out of Trouble

Uncertainty as to What Will Be Done About the End of the Strike

is Here.

the Missouri Pacific, yesterday, and

solicitous friends were anxious to know the

N. 16th at. Established P. S. MORTENSEN, THE OLD RELIABLE TAIL-or, 494 N. 18th, has greatly reduced prices. See his 45 pants and 450 suits; all made in Omeha. 253 Jyls There were large patches of grief visible in the usual mobile face of Thomas F. God-

> cause of all the gloom which mantled his features. To city ticket agents the cause was easily explainable, but to the large number of Tom Godfrey's friends it was like a page from the Talmud. A call for a meeting of the local passenger association was issued yesterday by Secretary Davidson on the ground that one member of the association had made complaint of another member, and the matter was to be settled at 2 o'clock at the secretary's office in Burlington headquarters. The call for the local

passenger association following closely upon the settlement of the strike brought the city ticket agents together to inquire the cause of the call. As near as can be learned, for there is a good deal of Freemasonry among passen-ger men, Mr. Godfrey sold five tickets to Houston, Tex., Thursday at a rate of \$27.25, against the regular tariff of \$53.70

It was the old-time story. Five parties wanted to go to Houston, and they shopped about for a rate until they ran against Mr Palmer of the Santa Fe. While he could not do anything for them, he thought that he might be able to get five tickets from the Missouri Pacific, and he did. It is asserted that he sold these tickets to the prospective Texans for \$27.50 each, and shortly after, by some strange feat of leger-demain, they fell into the hands of a competing line, and affidavits fell with them that the tickets were purchased for \$27.25 A complaint was at once filed with the secretary, and yesterday Mr. Davidson called upon the Missouri Pacific to redeem the tickets at tariff rates, which was done At the session of the "low joints" yesterday afternoon, called to pass yesterday afternoon, called to pass upon the unprofessional action of the Mis-souri Pacific, Mr. Godfrey sprung a mild sensation by offering in evidence a propaid order for the tickets delivered to Mr. Palmer of the Santa Fe, and Mr. Godfrey sup plemented the order by remarking that under rule 28 of the association he was powerless to control the sale of the tickets. they having passed entirely out of his hands members were not satisfied, however and the session promised to be a long one in view of the technicalities which the case presented, when Mr. Godfrey offered, on behalf of his company, to pay the asso-tion double locals on the tickets. seemed to solve the problem, and on mo-tion of one of the members Mr. Godfrey's tender was accepted. The amount of double locals on the five tickets sold amounted to \$132.50, and this will be turned over to the secretary, thereby releving Mr. Godfrey of the fine which would have been undoubtedly imposed had there been a clear case, but the members took into consideration the integrity of the city passenger and ticket agent of the Missouri Pacific and said noth-

ing about the fine.
So frightened were the Swedes who worked the cheap ticket racket that four of them rushed to the nearest barber shop and had their bears removed, one of them going so far as to buy a false moustache so that "even Palmer could not recognize me," as he explained.

Oregon Short Line Affairs.

A telegram from New York announces that the agreement of the first mortgage bendholders of the Oregon Short Line Rallway company, under which joint action is pro-posed to be taken with a view to enforcing the lien of the mortgage and guarantee thereof of the Union Pacific, has been com-pleted and filed with the Central Trust company of New York and the Old Colony Trust company of Boston. The committee is com-posed of R. C. Martin, John Bigelow, C. J. Lawrence, Bernhard Malnger and Gordon Abbott. They are vested with all the powers usually conferred on such committees to ne-gotiate a settlement, to buy in the martgaged property in case of its sale under foreclosur and to apply the funds deposited in payment for the purchase. The expenses of the com-mittee in all the work intrusted to it are not to exceed \$10 a bond.

There is a great deal of uncertainty about

Union Pacific headquarters as to what the committee will do in relation to the Oregon Short line, whether to move for a separate receiver or to allow the road to drift along as at present. It is, however, absolutely certain that the financial lights of the Union Pacific will not spend any great sucount of time mourning over the defection of the The Short line was one of Charles Francis

Short line should it come to that, Adams' acquirements, and is known as a 6 per cent road, which under the most advantageous circumstances could not earn more than 4 per cent on the capital invested. The history of Charles Francis Adams' financial schemes in connection with the Union Pacific would mak mighty interesting reading could the abso lute facts be obtainable from those interested with him in the management of the property and possibly Jay Gould would shin the theorist and sage of Massachusetts.

After the Strike. Nothing but good can be written of the ailroad situation at this point yesterday. There was a very pronounced change in the tmosphere and the railroads were settling

back into their old ruts.

Thursday No. 5 on the Rock Island ran through to Denver, the first train westbound for a week, and No. 6 left Denver Thursday night on time and left Omaha last night with full equipment.

The Northern Pacific has telegraphed its

Mr. Phillippi announced that the Missouri Pacific was entirely open from end to end end that the freight department was now giving clean bills of lading on all classes of freight. Everything was bright and hopeful about

C. H. Gardner officiating, Mr. C. T. Gleed, one of the best known of Kansans and a formidable candidate in the last senatorial fight in that state, was present at the ceremony. Mr. and Mrs. Rowley and Mr. Gleed left for Topeka last evening.

There may be some on in this vicinity who is afflicted with a stomach trouble. If so, the experience of A. C. Epplay, a carpenter, and contractor of Newman, III., will interest him. Charles Farmer is in the clutches of the law for having assaulted a lady, one who if the trouble had not occurred, might some day have been his mother-in-law. All of the parties to the transaction are colored. The complaining witness is Mary Robincan, the mother of a dusky young lady, to whom Charles has been paying his dis-tresses for a couple of years. These ta-fentions have been objectionable to the mother, and Thursday she met Charles upon mother, and Thursday she met Charles upon the street, telling him that he must not visit the Rabinson descirle any more. Charles maked for an explanation, but as he could get nothing of the kind, he picked up a board and commenced chasing the old lady around the block. They sprinted for a time and until Charles fell into the hands of an officer, hence his presence in the municipal court.
