HE PAID DOUBLE LOCALS

How Tom Godfrey Got Out of Trouble Over Ticket Sales.

WAS OVER A PARTY OF FIVE TO TEXAS

Uncertainty as to What Will Be Done About Oregon Short Line-Railroads Believe

the End of the Strike is Here.

There were large patches of grief visible in the usual mobile face of Thomas P. Godfrey, city passenger and ticket agent of the Missouri Pacific, yesterday, and solicitous friends were anxious to know the cause of all the gloom which mantled his features.

To city ticket agents the cause was easily explainable, but to the large number of Tom Godfrey's friends it was like a page from the Talmud. A call for a meeting of the local passenger association was issued yesterday by Secretary Davidson on the ground that one member of the association had made complaint of another member, and the matter was to be settled at 2 o'clock at the secretary's office in Burlington headquarters. The call for the local passenger association following closely upon the settlement of the strike brought the city ticket agents together to inquire the

As near as can be learned, for there is a good deat of Freemasonry among passen ger men, Mr. Godfrey sold five tickets t Houston, Tex., Thursday at a rate of \$27.25, against the regular tariff of \$53.76

It was the old-time story. Five parties wanted to go to Houston, and they shopped about for a rate until they ran egainst Mr. Palmer of the Santa Fe. While he could not do anything for them, he thought that he might be able to get five tickets from the Missouri Pacific, and he did. It is asserted that he sold these tickets to the prospective Texans for \$27.59 each, and shortly after, by some strange feat of legershortly after, by some strange feat of leger-demain, they fell into the hands of a com-peting line, and affidavits fell with them that the tickets were purchased for \$27.25. A complaint was at once filed with the sec-retary, and yesterday Mr. Davidson called upon the Missouri Pacific to redeen the tickets at tariff rates, which was done. At the session of the "low joints" yesterday afternoon, called to pass upon the unprofessional action of the Mis-souri Pacific. Mr. Godfrey aprung a mild souri Pacific, Mr. Godfrey sprung a mild sensation by offering in evidence a prepaid order for the tickets delivered to Mr. Palmer of the Santa Fe, and Mr. Godfrey sup-plemented the order by remarking that under rule 28 of the association he was powerless to control the sale of the tickets. they having passed entirely out of his hands The members were not satisfied, however, and the session promised to be a long one in view of the technicalities which the case presented, when Mr. Godfrey offered, on behalf of his company, to pay the associa-

Umposed had there been a clear case, but the members took into consideration the integrity of the city passenger and ticker agent of the Missouri Pacific and said noth-ing about the fine. So frightened were the Sweden who worked the cheap ticket racket that four of them rushed to the nearest barber shop and had their bears removed, one of them going so far as to buy a false moustache so that

A telegram from New York announces that the agreement of the first mortgage bendholders of the Oregon Short Line Railway company, under which joint action is pro-posed to be taken with a view to enforcing the lien of the mortgage and guarantee thereof of the Union Pacific, has been completed and filed with the Central Trust com-pany of New York and the Old Colony Trusompany of Boston. The committee is com-osed of R. C. Martin, John Bigelow, C. J. awrence, Bernhard Malager and Gord Abbott. They are vested with all the powers usually conferred on such committees to negotiate a settlement, to buy in the mortgager property in case of its sale under foreconure and to apply the funds deposited in payment for the purchase. The expenses of the com-mittee in all the work intrusted to it are

not to exceed \$10 a bond. There is a great deal of uncertainty about Union Pacific headquarters as to what the committee will do in relation to the Oregon Short line, whether to move for a separate receiver or to allow the road to drift along as at present. It is, however, absolutely certain that the financial lights of the Union Pacific will not spend any great amount of time mourning over the defection of the Short line should it come to that.

The Short line was one of Charles Franci The Short line was one of Charles Francis Adams' acquirements, and is known as a 6 per cent road, which, under the most advantageous circumstances could not earn more than a per cent on the capital invested. The history of Charles Francis Adams' financial schemes in connection with the Union Pacific would make mighty interesting reading could the abso-lute facts be obtainable from those interested with him in the management of the property and possibly Jay Gould would shine in much more enviable light in contrast wit the theorist and sage of Massachusetts.

Nothing but good can be written of the ailroad situation at this point yesterday. There was a very pronounced change in the

atmosphere and the railroads were settling back into their old ruts.

Thursday No. 5 on the Rock Island ran through to Denver, the first train west-bound for a week, and No. 6 left Denver Thursday night on time and left Omaha last night with full equipment. The Northern Pacific has telegraphed its onnections that its road was open as far as Mandan and branches, but west of that nt the blockade was complete. fr. Phillippi announced that the Mismouri Pacific was entirely open from end to end and that the freight department was

Mr. and Mrs. Rowley and Mr. Glood left for Topeka

For accupie of years he was at times troubled with a pair in the stomach, that he says, "seemed to go through me from front to back. I began taking Chamberlain's Colic. Cholera and Diarrhoca Remedy.
