to move trains for three weeks past. Threats have been made against the railroad men should they attempt to move trains and the threats tave served their purpose, as no attempt has been made to break the blockade until now, when General Brooke will try to lift the borcott as he did on the Union Deside the Union Pacific.

Butte has been cut off from the world for two weeks and the meager telegrams received indicate that people are suffering greatly, the city having been completely given over to the strikers, who have not yet heard that the strike has been a failure on castern lines. Companies of the Second will probably see considerable service, as the Utah North-ern traverses a very rough country, easily controlled by guerrillas and bushwhackers. RAILROADS GETTING TOGETHER.

Combination Which Handled the Strike So Successfully to Be Continued.

CHICAGO, July 18 .- The great strike is RAILWAYTIME GARD kely to have the effect of uniting the rail-

The General Managors association handled the strike in a manner so satisfactory to all the roads concerned that they have begun to ask why the same spirit of harmony which enabled them to make such a fight in dealing with the strikers could not be utilized to great advantage in traffic matters. There is the strongest kind of a feeling that all roads should be con-centrated in an effort to maintain rates and as far as possible dimini h expenses. The thing is largely in the embryo as yet, but several schemes have already been proposed, the principal one of which is that all the roads west of the Missouri river shall be formed into an a sociation similar to the Western Passenger association, but at the same time entirely independent of that body, but working in harmony with it. This would mean that the Union Pacific and Southern Pacific would be members of the association west of the river, while the At-chison would be a member of both associa-tions. satisfactory to all the roads concerned that

The Montana Union, while under a separate maragement, is operated from Silver Bow north to Butte and Helena, a distance of the biggest end of the taxes here. It would be economy to annex if nothing else. We would have better fire and police protection and the taxes for South Omaha people would be greatly reduced."

Fought All Comers.

Christ McGiff and his wife separated about two years ago. Mrs. McGiff is at the present time an inmate of a house of bad repute on Railroad avenue. Although the couple have not been living together Christ is still fond of his first love and Tuesday night he called at the castle for the purpose of chas-tising "the old girl." After threatening to remove her heart with a razor and declaring what he proposed to do he proceeded to as-sault the woman and played ball with her elegant form for several moments, when the landlady interfered and she in turn was given some gymnastic exhibitions. By the given some gymnastic exhibitions. By the time McGiff had knocked out all comers and was about to strail out into the night air to cool off he collided with Offleer Tangeman, who declared in unnistakable tones that the disorderly individual was under arrest. McGiff had been so successful at whipping women that he concluded to try his hand on Tangeman, but it proved a disastrous experi-ence for Tangeman didn't do a thing but

ence, for Tangeman didn't do a thing but drag McGiff off to jail and in a hurry at that, McGiff fought all the way to the station, however, but was overpowered. When arraigned before Judge Christmana

McGiff was sentenced to twenty days in the county jail, with the first fifteen days on bread and water, for assaulting the women. When this time is served he will be tried on the charge of resisting an officer.

The men were separated before any more blows could be struck. An efficer was called and took both men to the station. Shoal's wound was quite painful.
