The Taxpayers' league held a meeting at the council chamber last night when Dave Anderson and Mayor Johnson had a lively debate. Anderson objected to the 41-mill levy made by the council and gave it out cold that he would never pay his taxes on that levy. He said that the city warrants is sued under the new levy were not worth 25

cents on the dollar. Mayor Johnston explained that the levy was made simply because the expenses of the city demanded it. In fact, the 41-mill levy would not be within several thousand dollars of being enough to pay the debts left by the former administration and to defray the running expenses of the present administration. He said the members of the council had been advised by leading attorneys that the supreme court would likely decide that South Comha was a city of the first-class, and the council had proceeded accordingly.

did not consider it fair to make a bad showing of the financial condition of the city, and accused Mayor Johnston of making statement for thirteen months instead of twelve. The mayor denied that any such figures only included twelve months. Mr. Lane and the mayor had a lively debate for a half hour. Judge Montgomery said he a mir hour. Judge Montgomery said he hoped the members would act cautionsly and friendly in the matier. Mr. Ander-son said he would be one of five cltizens to bear the expense of enjoining the mayor from issuing warrants under the 41-mill levy. There was no vis-ible support for his proposition. The prin-cipal entresty of the league was to the effect that the administration issue as few war-rants as possible and spend as little money

as possible until after the supreme court had passed upon the class of the city. The mayor said that nothing but the legitimate expenses of the city would be paid. Mr. Doud raised the point that the meeting had not been called by the president, and there-fore was illegal. The minutes of the last meeting were compiled by the secretary in

language that was unfair, unjust and false. The secretary, he said, had only sent out notices of this meeting to men who were favorable to his faction. Secretary O'Neil

Pastures Burned Up and Corn is Badly

Damaged. DES MOINES, July 24.-The Iowa crop

bulletin, issued today, says: The drouth remains practically unbroken. The showers on the 19th and 20th afforded temporary relief in narrow belts and spots, covering probably about one-third of the state. A few scattered localities report rainfalls suf-ficient for present needs, but in the bulk ficient for present needs, but in the bulk of the state the amount was too light to give any appreciable benefit. The pastures are bare and live stock is suffering for feed and water. All unharvested crops have reached a critical stage, and every day's continuance of the drouth addis to the ex-tent of the injury already done. Within the past two weeks corn in the larger part of the state has steadily declined in condi-tion, and the extent of the injury cannot as yet be estimated. In the driest of the burnt district the damage is beyond recovery, but in many of the northern counties the prospect is better. Taking the state as a whole, the crop is likely to be less than two-thirds of an average, and a continuance of present conditions will reduce it far be-low that figure. Potatoes, flax, millet and grass have suffered great damage. GREAT VARIANCE IN ILLINOIS.

Some Sections Have flad Rain and Other Suffer from Drouth. SPRINGFIELD, Ill., July 24.-The Illinoi weekly crop bulletin says. The temperature of the past seven days has been below the seasonable average all over the state. The drouth which prevailed over the state for

drouth which prevailed over the state for some time was to some extent broken by rain on the 19th and 20th, which, while heavy in some sections, was badly dis-tributed. Where rain fell the corn has been greatly benefited and is in fine condition. In the counties where the drouth still pre-valls some fields are damaged and in many localities the corn is beginning to fire. Some corn was iald by the high winds which pre-valled on the 20th. Chinch bugs are re-ported doing injury to this crop in many sections. Wheat threshing is being rapidly pushed. The yield and quality are the best in years. The potato crop will be light Haying is about over throughout the state and the crop has been secured in good con-dition.

The oats and rye harvest is practically completed, and in many sections the oats are yielding much better than was on pected. Rye will be a short crop generally.

company in a stable in the north part of town and the tip given to the sheriff's office. The property is now in the hands of the sheriff waiting for the owner.

Joseph Schmidt has brought an action in district court against Sophia Lowe and others to clear his title to certain lots in Nelson's addition to the city of Omaha, According to the petition the property in question was deeded by the original owner to Jesse Lowe, the late husband of the de-fendant. He in turn deeded it to Archibad Finn and Charles Bridge, from whom the petitioner obtained his title. For some reason the second deed was not witnessed and it is for the purpose of correcting this omission that the action is instituted.
