HIS BATTING AND FIELDING WON

Nine Chances Accepted and Six Hits, Inciuding Two Homers, in Seven Times Up Was His Record in Yesterday's Contest.

It was a horse apiece when the Omaha and Jacksony lie teams lined up at the ball park yesterday, and we won the odd one in one of the prettiest contests that has delighted an Omaha audience this season. Of course it was a little one-sided, but we couldn't help that. The article of ball the home team put up to Connie Strothers' aggregation yesterday was a little swift for them, and although they did their best, they were distanced at the flag. They were willing enough to win, but they couldn't figure out how it was to be done, while Rourke's hired men were keeping them busy

chasing the ball. It had been expected that Willie McGill would arrive in time to officiate in the box, but he failed to put in an appearance, but Lookabaugh did so well that Willie was not missed. Moran once more appeared in an Omaha uniform, and was warmly wel-comed. He was presented with a box of fine cigars from a number of his admirers among the jobbers when he came to bat, and evinced his appreciation by catching a per-fect game and adding a trio of clean hits

But while the entire team did excellent work, your old friend Lily Langsford was the stellar attraction that it was worth twice the price of admission to see. He accepted nine chances and in his seven times at bat made two home runs, three doubles and a single. In the fourth inning Lily retired the side alone. Crotty hit a hot one past second base, but Lily made a run and jump and scooped it up with one hand just in time to nail him at first. Deveney and Caplinger both perished in the futile atto knock the ball past the redoubtable beauty, who retired with all the honors

WHEN HE MADE A HOME RUN. But it was in that fatal seventh inning which has so often proved the sulvation of the Omaha team that Lily's star shone with its most brilliant luster. Hutch got a base on balls and a wide pitch advanced him to second. Moran hit safely and Smith's fumble of Pedroes' hit passed Hutch over the plate. Then hits by Fear and Uirich and Crotty's error filled the bases and Pedroes Lily had already made three doubles and the crowd yelled with approbation as he promised to do it again. Caplinger rested awhile to get his nerve, and then shoved one of his speedlest curves over the plate.

Talk about your Madonnas, your visions of beautiful women resplendent in snowy silks and sparkling diamonds, or the summer girl, sweet as a May morning in her clinging gown, by which her golden hair and sapphire eyes glow with the entrancing luster of a dream, none of them could compare with the beatific expression on Lily's corruscated mug as he swatted that chunk of pigskin over the waiting barn and four runs came trundling over the little whited square which Rus McKelvey calls home.

The crowd of frantic fans was on its feet in a second, and every mother's son of them cheered like crazy men as Lily rounded the And the hundreds of feminine handkerchiefs in the grand stand waved an enthusiastle accompaniment to the braves of their more excited escorts.

Even all this glory, however, was not enough for Lily, and the very next time he came to bat he found the same hole over the barn and added a couple of runs to the load | Dailey; Griffith and Schriver. that the already overburdened Suckers were compelled to bear. HUTCH MADE A PLAY.

While talking about brilliant plays Hutchinson must not be overlooked. His stop of Crotty's hit in the last half of the same inning was a sure enough phenom, and he had to lift his cap twice in recognition of the uproarious appreciation of the crowd. The visitors did not have as good luck with their run getting as Papa's men. They might not be blamed for that, since they did not have Lily, but clean fielding by the home team shut them out in several innings after they had hit safely twice. Lookabaugh was in better form than he had shown since the team came home, and, with the exception of a slight falling from grace in the sixth inning, he kept the hits of the Suckers

too well scattered to be of benefit to them. Altogether it was a brilliant exhibition, and if anything like it is dealt out to the tailenders we straight. Score; OMAHA. nders we should have a cinch on three

DENVER, Aug. 16.-The national riding tournament of the League of American Wheelmen was inaugurated here today in the presence of ever 10,000 people. The arrangements were carried out perfectly and the success of the tournament, financially and otherwise, is assured. There was some disappointment over the nonappearance of J. S. Johnson, the Minneapolis champion. His wheel broke in the mile open trial in the morning and he did not qualify. Western men are a little disappointed that their representatives did not win more prizes, but are jubilant over the performances of Barnett of Lincoln, Neb., in the two-mile handicap and the good showing of Zeigler of California and the Illinois men, Anderson and Gardner, and also Weiler of Salt Like and Maxwell of Winfield, Kan. The records lowered today are those for the one mile novice, one mile open, class B, and five-mile national championship. Les Richardson of Chicago went against the half mile record for backward riding.

fourth event, the one mile open, cre ated the greatest enthusiasm of the day. Sanger took the lead at two-thirds and held it until 200 feet from the tane Sanger, with Titus, Brown and Bald, lapping each other. Sanger had the pole, or was close to it, and Titus, coming very fast, out inside of him. Sanger's wheel was seen to wobble for an instant and Titus and Brown both finished Titus was disqualified for foul riding, and Brown was given first place, with Sanger second and Bald third. Titus friends claim Sanger was not near enough to the pole to claim it, and also state that Sanger tried to elbow Titus off the track. Titus' time was 2:10 3-5, which is the record for a scratch race, the previous record being 2:11 3-5, by Sanger. Brown, the winner, is a Cleveland man.

BARNETT MADE A NICE RACE. In the two-mile handicap Barnett of Lin-coln, Neb., who had a handicap of 190 yards, passed the leader on the second mile and won by 200 feet. In this race Dodson fell in the fifth lap and McGure and Hamilton went over him. None were seriously hurt. In the five-mile championship the time limit was set at sixteen minutes. Several men started. The pace was set by several riders alternately, and at the four-mile point Cabanne took the lead. The spurt on the last lap was very hot and at the finish five men were prettily bunched. Titus won and beat the world's record for five miles in competition, making the distance in 12:19 1-5. The previous record was 12:27 2-5, also held by himself. Murphy of Brooklyn, second; Zeigler of California, third. The officers of the track are:

Standing of the Teams.

Joe Patchen Travels Three Miles in the 2:20 Pace in an Average of 2:07. TERRE HAUTE, Aug. 16.-Five races of today's racing card were pulled off, all but one being won in straight heats. The sensation of the day was the Terre Haute Brewing company's purse of \$5,000, won hands down by Joe Patchen. The Patchen-Wilkes horse has to his credit the three fastest heats ever gone in a race. At no time was Patchen extended, and after pacing the middle half of the second heat in 1,30%, he came back fresh enough to do the concluding heat in just as good time, had he been called upon. Rubenstein's performance as a 4-year-old was phenomenal, and on the second heat it was a battle royal between the sensational pacers of the year from wire to wire. The stake purse for 3-year-olds, valued at \$1,500, was hotly contested. Celaya won the first two heats handly, Axinite acting badly. The fourth heat was a horse race to the end. Axinite capturing it by a length. Nelle A. filly, captured the two final heats from Axinite after a hot contest. Results:

Robert J. Takes a New Mark.

ROCHESTER, N. Y. Aug. 16.—Clear skies, light breeze and a perfect track made this afternoon's sport delightful to horse overs. On thee ard was a special event between Robert JP 100d Fantasy. In the first mile, which was gone merely to warm up the performers, Geers was behind the mare and Lyons on the gelding sulky. In the second mile, the holder of the 4-year-old record went out after the 2.08% she made at Buffalo. The gelding was by her side in the attempt. She went gamely without a skip, finishing in 2.07%, the fastest mile a 4-year-old mare ever trotted. The quarters were 0.33, 1.04%, 1.36%, 2.07%. She was greeted with cheers when it was seen she had lowered the high mark. In his attempt in the third mile of the special, Robert J was paced by a runner. He went after his own record of 2.05%, gained at Nashville last fall, in two heats of a race, and also the track record of 2.05%, made by the pacer Johnston in August, 1889. He passed the quarter in 0.304%, the half in 1.01%, the mile in 2.04%. In the 2.21 class, trotting, Carl Don was not forced to the event in three straight heats, at no stage of the race being crowded. Results:

Dusty Track at Edgar.

EDGAR, Neb., Aug. 16.—(Special Telegram to The Bee.)—There was some greatracing on the Edgar track today. The track was three or four seconds slow on account of the dust, but the 2,000 people who count of the dust, but the 2,000 people who went out to the park saw contests that set the average crank wild with excitement. Two unfortunate circumstances marred the sport. In the 2-year-old pace, Bessle Wilkes, owned by M. C. Kelth, North Platte, and Nellie F. owned by J. Flanny, Omaha, the favorites, were both distanced, the former by making a bad break on the back stretch and the latter by falling on the upper turn, throwing her driver. Had it not been for this, very fast time would have been made in the race. In the unfinished running race of yesterday, Moonlight won, York second, Nellie F third. A large crowd from here was attracted to West Point today to witness the game of base ball between the nine of that cits, and the Wisner team, who have vanquisped the clubs of all neighboring towns this Season. The match resulted in one of the most interesting games ever witnessed in Cuming county, and although the Wisner club was defeated by a score of 7 to 2, it is due to the Wisner nine to state that the opposing nine included two players from Omaha, Crawford and Jefferies, who were introduced as Piper and Grenier of Oakland. The Wisner nine stands ready to meet any West Point nine at any time for \$1,000 or less.

SATANITA WINS A RACE OF GREAT SKILL

Vigilant Third at the Finish but She Made a Gallant Fight with Britannia -Luffing Match in the First Balf.

RYDE, Isle of Wight, Aug. 16 .- To the delight of the here-assembled yachtsmen a fairly strong westerly breeze was blowing today, the third day of the regatta of the Royal Victoria Vacht club. The chief race on the program was the Town cup, valued at \$500, to be competed for by all yachts over 40-rating. The three yachts, Vigilant, Britannia and Satanita, were entered.

The course today was that of the Royal Victoria Yacht club, known as the "long course 'round the Nab." It was from an imaginary line drawn between Ryde pier and a mark boat off that point, eastward to No Man Fort light, leaving it to starboard; from there past the Warner light, leaving it to port, and around the Nab lights, leaving them to port. From the Nab the course was westward to and around a mark boat off the Spit Fort light, passing Horse Fort light to the south. From this point the course was eastward to a mark boat off the west middle buoy opposite Cowes. The west middle mark toat was left to port and then the yachts returned eastward to the finish line off Ryde pier and the Royal Victoria Yacht club house adjoining it. Twice around this course com-pletes the total distance of fifty miles. In the day's event Vigilant allowed Satanita forty-two seconds and Britannia two min-

utes nine seconds.

As the gun was fired to send the boats eastward on their course Vigilant was pointing straight for the line. Satanita and Bri-tannia, though nearest of the line, were pointing southward and therefore lost was in having to gibe. The times of the yachts at starting were: Satanita, 10:00:04; Britan at starting were: Satanita, 10:00:04; Britan-nia, 10:00:07; Vigilant, 10:00:09. Although Vigilant crossed the line last she had greater way on her owing to the fact that she was not compelled to gibe for the line and she soon overhauled her opponents and took the lead when they were about a quarter of a mile out. Satanita, on the other hand, fell into third position and people be-gan to think that the American yacht was going to administer a sound drubbing to the

two Britishers. SHOWED THEIR PRETTY KEELS. All three yachts were carrying club top-sails, jibs and jib topsails, and the force of the wind, to the delight of all spectators. sent them reeling over until their rails wer partly submerged as they tore along, dash ing the spray aside and leaving a churned streak of white water glistening behind

As a result of yesterday's gale a choppy sea was running through the Solent; but this only served to make things livelier and to make the racers show their bottoms prettily as they surged over the green roll re in grand style, to plunge superbly forward under the pressure of their clouds of snowwhite canvas. The race horses were strain ing every nerve to outfoot each other.
The three yachts at first made a board

toward the opposite shore, Vigilant luffing up in order to prevent Britannia, which had the weather position, from getting ahead. Vigilant pressed hard on the Britarnia's lee and some fine jockeying took place between them. But while these duels in seamanship were taking place Satanita. most cleverly handled, took advantage of the luffing tactics to head straightnway for the Nab, and to these lights she made a bee line, ripping along at a spiendid rate. gaining rapidly on her opponents as she made her way out to sea.

The commanders of Vigilant and Britan-

nia were soon obliged, owing to Satan-ita's surge ahead, to point out to sea and abandon their luffing match. Britannia then crossed under Vigilant's lee, show-ing that the Yankee yacht had the worst of it in the luffing duels. Nearing the Nab the positions of the yachts were: Satanita first, Britannia second and Vigilant third. Spinnakers were spread to the breeze as the three yachts with the wind hauled slightly northward ran for Nab lights. From the Nab lights it was a reach westward and northward to the next bost mark. The Vigilant drew out after passing the spit and before two miles more had been covered was over a quarter of a mile ahead.

SATANITA FORGED AHEAD. By this time the wind was freshening and favored Satanita, enabling that yacht to pull ahead, and she soon afterwards appeared to be increasing the gap which she had placed between herself and her competitors and passing Ryde, opposite Cowes. Mr Clark's yacht appeared to be about a mile

About a score of 40-rater yachts and 20raters were contesting in the other races of the day and all were going at a tremendous pace, every sail filled to the utmost, caus-ing much excitement and great enthusiasm among the thousands of people gathered at the higher heads and upon the esplanades watching the yachts race by. As they crossed the line at the head of the first round Satanita's lead was six minutes and thirty-three seconds on Vigilant, and Britannia six minutes and forty seconds. At the Nab light on the second round both Britannia and Vigilant had crept up on the Satanita, but the prince of Wales' cutter had taken second place. Satsnita at the lights led Britannia by four minutes and thirty-five seconds and was four minutes and fifty-five seconds ahead of Vigilant. Satanita won, Britannia second and

Vigilant third. In the short run from the Spit to the opposite Ryde, both Vigilant and Britannia pulled up on the leader, the American yacht reducing the gap to three minutes thirty sec onds, while the Britannia was four minutes forty-eight seconds behind the Satanita. At the Spit forkboat mark Satanita had Britannia and eight minutes forty-eight see nds on Vigilant. Britannia got a good breeze coming up from the Spit and rapidly gained.

Times of the yachts at the finish: Satanita, 3:36:39; Britannia, 3:42:23; Vigilant, Satanita consequently beat Britannia by five minutes forty-four seconds and defeated Vigilant by seven minutes eleven seconds, while the Britannia was one minute twenty seven seconds ahead of the American yacht at the finish, all three times being without ounting the time allowance.

RYDE, Aug 16.—It is announced the match

between the Vigilant and the Britannia wil surely be sailed Saturday next. MERRIL WINS THE MEDAL.

Two Hundred an Eighty-Eight Guests Sit

Down to an Elaborate Home-Grown Spread at the Paddock Hotel.

BEATRICE, Aug. 16 .- (Special Telegram to The Hee.)-The home industry banquet given at the Paddock hotel in this city this evening was a brilliant success. Two hundred and eighty-eight guests had seats at the tables and were served a most toothsome repast, composed chiefly of articles of food either grown or manufactured in the state of Nebraska. The menu was an elaborate affair, containing articles prepared by factories at Omaha, Lincoln, Beatrice, Nebraska City, Crete, Fullerton, Avoca, O'Neill, Grand Island and Plattamouth. The particispants, principally business men of Beatrice, certainly were not a little surprised at the revolations as to the resources of their own state brought about in this manner. After all had satisfied the inner man and clears manufactured from Nebraska-grown tobacco had been passed, Mayor M. E. Schultz delivered a next address of welcome, complimenting the Manufacturers and Consumers asso-ciation upon the success of the occasion, giving especial or dit to Secretary O. C. Holmes and A. R. Dempster for the happy termination of the event that has been so anxiously looked forward to by local business men. The mayor's address was followed by a response upon the part of the association by Secretary Holmes. Then came toasts and responses. Hon. S. J. Alexander of Lincoln performed the arduous duties of toatsmaster in a happy manner. The toests and re-penses in a happy manner. The tosts and reprines were: "Nebraska Raw Material Products," Hon John M. Thurston; "Beatrice as a Manufacturing City," Colonel W. H. Edgar; "The Press," S. S. The toasts were followed by short impromptu speeches by different members of the association. The residence is lighted with gas from ground to attic, also heated by steam all over the building. It is said to be the most costly in Ne-braska west of Omaha. Mr. Meisner has spared neither time nor money on the build-ing. It is of Colorado red stone. The building is now completed and Mr. Meisner is giving a grand house warming banquet today and tonight. Fully 500 people enjoyed themselves boat riding on the lake near town during the afternoon and at 6 o'clock every one partook of a magnificent supper and refresh-ments of all kinds, served at the house. When supper had been served to all, dancing was the order. Mr. Meisner has been a resident of Shelton for twenty-five years and has been occupied most of this time in stock feeding and raising. He is president of the First National bank of Shelton and owns large tracts of farm lands and a large amount of city property in this place.
