Who would have thought that the nine ball players who fairly pounded the leaders into the earth during nine long innings yesterday were the same identical persons who lay down supinely under the blows of the last in the race but a day or two before? They were, but they didn't look it. Mr. Andrews officiated in the box for the visitors, and the Omaha sluggers started right off by hitting his slants in the nose and they kept it up all through the game. Twenty hits with a total of thirty-three bases was what they dealt out, with a reserve of eight bases on balls to help the good work along.

On the other hand, Whitehill wanted to duplicate the achievements of his new running mate on the preceding day, and he came very near doing it. Sage's two lucky home run hits were all that saved the visitors from being shut out, and there was no time when they were in the game. It was simply a slaughter and they had to take their medicine like little men.

Uirich began the fireworks with a two bagger, and Langsford followed with a nice Both men scored on an error by single. Kreig and Moran's single, while the visitors

were unable to get a start. In the third and seventh innings occurred the lambastings which made the victory so decisive, the two innings being productive of sixteen runs. Man after man walked up and smashed Mr. Andrews' push-overs safely Man after man walked up and Fear and Seery both relieved their feelings by home runs.

The Twin Citles failed to score until the sixth, when Zeis hit safely and Katz drew the only base on balls that Whitehill althe only base on bails that whitehin al-lowed. Alex fanned Kreig out, and Cantil-lion forced Katz out at second. Then Sage caught one on the nose and propelled it over the barn, and three earned runs walked over he plate. Lynch ended it by striking out. Cantillion led off with a single in the

ninth and scored on Sage's second homer. This was the best they could do, and Papa chalked down the game in his diary with a morandum to the effect that they would

Queen's Washington Park Record. CHICAGO, Aug. 21 .- Alix today trotted in 2:05¼ at Washington park, and the exhibition was pronounced by nearly all the horsemen present to be the greatest ever made in the sulky. It reduced the track record of 2:0634, held by Nancy Hanks, and while it fell a second and a quarter short of the world's record, was really a better performworld's record, was really a better perform-ance, conditions considered. The Washing-ton park track is at least a second and hilf slow. It has not been so fast as form-erly since the new loam was placed on it before the June running meeting, and is in need of a good, hard rain. All the drivers agree that the track is slow. John Kelly, who handled Directum hast year, said: "This is the greatest mile ever trotted. Had Alix been sent against the record last week at Terre Hante she would have undoubtedly beaten it." McDowell, who handled Alix today, said the track was two seconds slow at the smallest estimate. The event was not called until 5:30 o'clock. Although the wind was not high, the at-mosphere was cool and far from record breaking. Alix scored twice and then was sent away. The first quarter was made in 0.31%. She scuttied on to the half in 1.30%. There McDowell let her out a little and the running mate joined her. She went to the three-quarters in 1.35, and came home with-out a break and full of going in 2:05%, sev-eral watches catching it 2:05 flat. Silicon was quite a disappointment. Fidol won the 2:11 pace without trouble, going the second heat in 2:10%. The 2:30 pace brought out the hardest race of the meeting, and a scandal. Dockerson, who was substituted for Thayer behind Doug-lass in the fifth heat, crowded Major Ewing into the fence, causing him to fall, yet Selis got the Chicago borse on his feet and saved his distance. There was a loud pro-test and it was claimed Dockerson's act was intentional, but the judges decided otherwise. LEMARS AGAINST OMAHA IN DOUBLES

Farquhar and Nicholson Will Meet Young and Hart in the Finals-Contestants in the Singles Being Weeded

Out-Today's Play.

The grounds of the tennis club presented an animated appearance yesterday morning. the second day of the interstate tournament, all five of the courts being occupied. This was true throughout the day, and the management is to be congratulated that so little delay has existed in starting and running the games. Yesterday's games brought out some clever tennis playing, and the fact is surely becoming evident that this city has some very good players. There have been doubters of this, but the way they meet and down crack players from outside the city and

state is manifest proof of the fact. Three matches in the doubles were played yesterday, two of these being the semi-finals, and also the preliminary and first rounds in the singles. The latter were better than could have been expected, while the former were even better than the doubles of the

preceding day. Much had been said about the strong work of the Kansas City pair, but it was beaten in the morning with comparative ease. Hart and Young put up a very good game, the former's play being somewhat of a surprise. The Kansas City team, Whitman and Emmert, was steady, but hardly as good as expected. The former plays a very easy game. Emmert plays a nice net game, from the back line he sent no! a few balls outside the court. Hart and Young seemed to have very little difficulty in reaching their balls, while both placed frequently out of reach. A few rallies were sharp, but the playing on the whole was not exceptional. The score was 7-5, 6-2, 6-3.

The match in singles between Austin and Nicholson was won by the former, 6-1, 6-2, Nicholson was evidently saving 3-6, 6-2, was willing to forfelt after the first two sets. Austin, on the other hand, was as eager to tire him out. Nicholson displayed good tennis t: his pickups and his net play was also very good. Austin's work consisted of long back-arm strokes and lobs that kept his op-

Haverstick beat Hamilton by the score of 6-3, 6-3, 6-2. The playing was not noteworthy.

Farguhar had no difficulty in downing Crookwell to the tune of 6-1, 6-2, 6-1. Farquhar did not play an especially good game, and will have to show up much better to reach the finals. He made no effort at placing, and good net play could have slopped many of his smashes.

CULLINGHAM BADLY OUT OF FORM. In the afternoon at 2 o'clock the singles were continued. - Cullingham played, but was easily downed by Whitman in two sets and defaulted the last. On account of his lliness he is entirely out of form. Whitman is a very easy and graceful player, and is especially strong in his placing. Denise and Dickey played a good game, the former being the better and steadler player. The rest of the singles were good games for the opening rounds. The results were as follows:

Gullmette beat Chatelaine, 6-0, 6-3, 6-1; Battin beat Hopkins, 6-1, 6-4, 6-2; Whitman beat Cullingham, 6-1, 6-2, 6-0; Denise beat Dickey, 6-2, 6-4; 6-1; Whitman beat Haverstick, 6-1, 6-3, 6-0; Young beat Emmert, 6-3, 6-2, 6-1; Hart/ beat Noteware, 6-4, 6-1, 5-7, the remaining set to be played this morning

Wilbur defaulted to Haskell. When the semi-finals in the doubles were called at 4 o'clock a fair crowd was in at-tendance, and were amply repaid. The The match between the Lemars team and Young and Battin was undoubtedly the best ever seen in the city. Nicholson and Farquhar form a team that would be hard to beat. Nicholson's net play was sometimes phe-nomenal. Of all the balls that he reaced he returned all but one, and many of the returns were exceedingly well placed. His hort arm strokes and cross cuts were fine. Battin played right in his hands, sending his balls directly at the net, when it would have been far better policy to lob. Farouhar's play was as good, if not a triffe better, than his partner's. He is not as good a net player, but his back line play is better. He made some beautiful returns of balls on the side lines that were considered abso-lutely safe. His activity and strokes are at times remarkable. Austin's play was also very good, but his support was poor. The Lemars players early divined the weakness, and sent their balls continually to Battin. In placing his returns he showed very poor judgment, sending them too often to the net, where they were invariably killed by Nicholson. Beside individual play, the victory was due to team work. The winning two seemed to always know their places and backed up each other very well. The match was on the whole very fine tennis, and Farquhar and Nicholson richly deserved their victory. The score was: 6-3, 7-5, 6-3.

He denounced the law passed by the Twonty-see nd general assembly as the worst law ever passed by any logislature in my state. For five and a half years the alroads have worked under the rites established. The rate was poison. It had not killed the roats, but had scriously embas-rassed them. The rates were about 30 per cent higher prior to 1887. They are from 20 to 20 per cent lower than in any other state. The Iowa rate is a standing menace to the companies in other states. It bobs up at the session of every legislature in the ther states, and the people of these states re asking why the people of Iowa should njoy lower rates than themselves. Reducions of rates in these states are only a notter of thme unless the lows commission can be induced to clevale the fowa rates. The feared reduction in other states has been staved off much longer than the comsenies had expected. They asked for the idvance upon the broad ground that the relificant properties in the state were not maying any interest upon the investment, and that unless the requested increase is

granted the routs will suffer seriously in the question of revenues. Messrs, Campbell and Smith combatted he claims of Hipley, the former claiming he roads did not take Judge Brewer's adlee and go into court because they would be required to submit their books and prove beir claim. Mr. Smith still insisted that the roads must present in exact statement of their desires, and Chairman Luke ruled his favor, suggesting that something definite could be prepared during the norm re-cess, which Mr. Blythe finally consented to do. At the afternoon meeting A. C. Bird was on the stand for three hours, and at adjournment the hearing was continued for four weeks to give the shippers a chance to produce evidence in opposition to the elevaon of ration.

Last of the Leaders Today.

Harry Sage and his husky Twin-City boys will make their last appearance of the season in Omaha today. This is one of the fine working teams of the league, and the fine working teams of the league, and its games with Omaha all season have been of the peppery sort that delight the cranks. That Omaha has won two in succession is highly creditable, and if she can make it three today the Quincy affair will be for-gotten. But Manager Sage says he thinks he has gone to the limit of courtesy and

followed, Abbott doing the better hitting. The men clinched and breaking away, each landed the right. Abbott retired to his corner with a mark on the left eye. In the second round Everhart received a left in the stomach. The Englishman seemed to confine his fighting principally to the body. Both landed blows on the head. Abbott landed the left on the face and ran away. The Englishman scored two left-handed blows. The fight continued with slight variation to the eighth round, when Abbott, in a hot rally in the center of the ring, apparently had the best of it, frequently landing in his opponent's face. In the ninth and tenth there was some hot fighting, and in the eleventh Abbott had much the best of it, knocking Everhart down with a left in the face. From this time up to the twenty-fourth the fighting was furious, Everhart improving in condition, while Abbott looked tired. In the twenty-sicht round Abbott was knocked out, after having been knocked down half a dozen times. During the hast part of the contest Everhart fouled Ab-bott several times, but no notice was taken of it by the officials. Intention the next few days. All the marshals and assistants are re
