RIVAL NEBRASKA COMPANIES CONTEST

Judge Holcomb in Chambers at North Platte Dissolves an Injunction Calculated to Interfere with Proposed Improvements.

NORTH PLATTE, Sept. 7.—(Special to The Bee.)

The injunction of the Paxton and Hershey Irrigation Canal and Land company against the Farmers and Merchants Irrigation and Land company has been on trial before Judge Holcomb, sitting in chambers at North Platte, for several days past, on a motion to dissolve the temporary injunction.

The case, involving as it did the construction of the St. Raynor irrigation law, was very important and attracted a great deal of attention.

WRONG ONES ARE PUNISHED

Bank and Files of the Fore: Not the Most Guilty Ones.

DR. PARKHURST ON THE POLICE SCANDALS

Police Commissioners, He Declares, Are the Arch Criminals—Remedy to Be Found in the Overthrow of Tammany by Nonpartisan Action.

NEW YORK, Sept. 7.—Before Rev. Dr. Parkhurst disembarked from the steamer Germanic today he talked freely to an Associated press reporter concerning the results of the police trials in this city.

The dismission of four captains and a great number of sergeants and ward men, Dr. Parkhurst said, was in the interest of reform.

"But," he continued, "I do not think that they were the most guilty ones in the departments. The police commissioners are the arch criminals. Of course I do not refer to the commissioners who have recently been appointed. I speak directly, though, of Martin, Sheehan, and McClure. These men must have known of the corrupt practices of the captains they have disciplined before I did. If they did not, they were negligent in the performance of their duty."

"Are you ready to present more evidence when the Lexow commission meets again?" the reporter asked.

"I am not prepared to disclose now, but you may say I think it will be more startling than any heretofore brought out."

The blame for existing conditions in the police department, Dr. Parkhurst said at the door of Tammany, and the remedy is in a general revolt of citizens irrespective of party against domination by Tammany hall.

ANTI-TAMMANYITES HARMONIZE.

Citizens Meeting in Madison Square Garden Resolved on United Action.

NEW YORK, Sept. 7.—A meeting of citizens in opposition to Tammany Hall was held in the Madison Square garden concert hall at which a long address was read deploring the condition of the city under the existing misrule, and pledging those present to active co-operation with all other organizations in the city recognizing that only through combined and well organized efforts of all citizens could the defeat of Tammany be regarded.

The meeting was presided over by James P. Archbold. The following resolution was adopted: Resolved, that a committee of 100 be appointed by the chair with full power to co-operate with other anti-Tammany organizations to further the objects of this meeting as set forth by the call thereof and the address just adopted.

Women Carrying the Primaries.

DENVER, Sept. 7.—Women took an active part in the republican primaries which elected delegates to the county convention, which will elect delegates to the state convention, working in connection with the auxiliary societies. They claim to have won a notable victory over the machines, the fruits of which they say the county committee is trying to rob them of by unseating the regularly elected delegates. Warrants have been sworn out for some of the judges and the committeemen, who are charged with fraud.

Don't Be a "Doc."

The National Medical Review thinks that it is all up with a physician when people get to calling him "Doc." "A man," it says, "may be called a thief, a liar and a dead-beat, and yet he may prosper and live upon the fat of the land. But once let him be called 'Doc,' and his professional success is at an end. If a man calls a 'Doc,' you need never expect a penny from him for any professional services you could render. His answer is sure to be 'All right, Doc, in a few days, that will be all right.' The highest 'Doc' is the culmination of all calamity. 'Doc' is a catastrophe given at one stroke. 'Doc' is the warning that we have reached the extreme limit of our usefulness. 'Doc' is the hand which points us to the next town. Shun it, my young friend, as you would flee from a
