#### INVESTORS HAVE LOST FAITH

One of the Fruits of Peculiar Handling of Immense Property Interests.

AMERICAN RAILROADS ARE DISCREDITED

Why Foreign Financiers Are Less Ready to Place Their Money in Securities that They Once Sought For-Due to Mismanagement,

a special report to the State department, or more past, the French, to a certain destates that American railway securities have gree, have been their companions in misfallen into bad repute in Germany and he fortune. Not that France cannot suffer and endeavors to point out the reasons therefor endure the most pronounced financial deand suggests measures for rehabilitating them pression and still thrive. On the contrary,

first European money market to accept United States bonds during the dark days of our per capital in clearly better on than any ladies and families about sixty, called upon President Cleveland at the White house to-show that there still remains more money day. They were introduced personally to war, not only are our new securities refused because of American origin, but these railroad bonds and stocks held for years have been returned to America and their proceeds integrated in less than the proceeds integrated in less than the proceeds integrated in less than the republic of France's exportation and importation during 1893, however, show that there is a less three day. They were introduced personally to the president, and each received a hearty handshake.

Visiting the Great Father.

WASHINGTON, Nov. 16.—Major John M. Kelly acting agent at Fort Belleney Mont. general says: "The cloud which overshadows 263,000,000 francs in importations and 250,-American railway securities in Germany has been raised mainly by the revelations of the First, the prevailing business and commerpast two years concerning the management of several leading railway properties. German investors were heavy losers, and their losses served to call the attention of the people and press more sharply than ever before to the usurpations of power and evasions of responsibility which, it is claimed, have become so frequent in American railway management. European bond and shareholders have been informed that the power of the "We may, in a certain measure, take it for "We may, in a certain measure, take it for have been informed that the power of the president and directors in many important railway companies has become practically omnipotent and irresponsible. They have sent over protests and proxies to be used for the purpose of wresting the control of corporate properties from the hands of officers who Were said to be abusing their trusts, and they have seen these and every other effort toward a change easily and hopolossiy defeated. That the accounts of an entire rallway system may

believed here—are discoveries of comparatively recent date." American railways in which the defects and weaknesses of the present system are probed with a skillful hand and says it would be a national misfortune to further deprive our legitimate enterprises of the aid of foreign capital, which is likely to happen unless a remedy is applied. Continuing he says: "The uniform reply of German financiers, when asked what is requisite to restore European confidence in American railway se-curities, is that such corporations should be brought under the control of a comprehensive Consul General Mason says that the Ger-

man railroad license system is not applicable in its entirety to America, but adds in conis believed by many whose exmerce law, and which shall be clear, precise and inexerable on the following topics:

"First, regulation of the elections of rail-way officers, so that such elections shall be free and open and represent directly and fairly the wishes and interests of security "Second, creation of a national bureau of public inspection and control, providing for

the regular publication at stated periods of certified reports, showing fully and accurately the carnings, expenses, acts of directors and all business results which effect the value of "Third, making each violation of the lay

institute and conduct prosecutions for such

of justice appoint receivers to manage railroads, and making the president and directors of a defaulting corporation ineligible for appointment as receiver of the same

adopted and enforced, and foreign investors can have the assurance they ask for that the published statements of American railway npanies are correct and true and that such ninistration as has been revealed in the affairs of certain systems is no longer possible, all such investments in United State ecurities will be more or less discredited and county, municipal and industrial securities of American origin will suffer."

PRINTING POSTAGE STAMPS.

Difficulties the Bureau Has Encountered in

Its New Work. WASHINGTON, Nov. 16 .- Officials of the bureau of printing and engraving think that the complaints of the inferior quality of the new postage stamps printed by the bureau are disproportionate to the grounds for dissatisfaction. Mr. Claude M. Johnson, chief of the bureau, admits that some of the product of the establishment was not up to the standard, but says: "Today we are printing as good stamps after three months' experience in the work as the American Bank Note company did after twenty years. There was naturally more or less difficulty in teaching the new workmen all the processes of stamp making, so that part of the product was more or less experimental, but all difficulties have been overcome, the bureau is using the most modern machines, some of them invented here, is putting the best materials into the stamps and is securing the best results, as we can demonstrate to any fair minded person. We have re-deemed all stamps which have been returned and stand ready to exchange any others which do not prove satisfactory." The American Bank Note company, Mr. Johnson explained, kept a large supply of stamps printed ahead of the demands and it was able to retain it printed in its vaults until they were put into use. The bureau, on the other hand, was for some time obliged to send out the stamps as fast as they were printed, before the workmen had become thoroughly familiar with all the processes. much of the first output is coming The colors of different lots vary according

conditions of the temperature and other tors which cannot be controlled, but are fast being brought to the utmost practicable ormity.

to become expert in the use of the gumming machines, but Mr. Johnson is sure that they have become as efficient as could be expected, and that there will be no further trouble because stamps fail to stick. Mr. Johnson is confident that the postage stamps of the confident that the postage stamps bureau a worldwide reputation for skill-

BLUEFIELDS' NEW GOVERNMENT.

Governor Cabez Formally Installed and Peace Assured.

WASHINGTON, Nov. 16 .- Dr. Guzman, the Nicaraguan minister here, has received reortz from Bluefields which are very gratifying to him and to our own government, as indicating a most satisfactory settlement of the troubles which have for so long afflicted Mosqu'to reservation. On September 29 last the new constitution was proclaimed, firmly asserting Nicaraguan supremacy there, and Cabez, as the first constitutional

government and assisted in its initiation. The British war ship Mohawk, then in port, took no notice of the observances on shore, but the United States ship Marbiehead fired a salute of nine guns, and Captain O'Neilt addressed a most flattering letter to Governor Cabez, congratulating him upon the success which had attended his efforts to restore peace.

CONDITION OF FRENCH TRADE.

Business Has Been Far from Satisfactory

During the Past Year. WASHINGTON, Nov. 16 .- United States Consul J. M. Wiley at Bordeaux sends to the I doubt if, taking all things into consider-

"We may, in a certain measure, take it for granted, however, that the merchandise which has heretofore gone abroad is now consumed at home, offering thereby no less employ-ment to skilled labor or to the manufacturing interests.'

WORK OF RAILWAY MAIL SERVICE. Changed Conditions Render a Reorganization Nesessary.

WASHINGTON, Nov. 16 .- Captain James E. White, general superintendent of the be falsified and its securities sustained in the market by fictitious statements of earnings and concealment of rebates—all of which is railway mail service, has made his report to the postmaster general. The main facts and Princeton university and a leading educator duke of Argyll is engaged to Miss Knox figures of the report have been given in the of the age, departed this life at 10 o'clock The consul general speaks approvingly of report of the second assitant postmaster gen-an able monograph by Dr. Alfred von Der eral. Captain White, however, devotes con-Leiden, an expert official of high rank, on the financial and operative management of on account of strikes during the past sum-mer. The general superintendent calls attestion to his recommendation of last year for the passage of a law making it a penalty for any organization of individual to delay, obstruct or prevent the passage of age any train on any railroad upon which mails are carried. He also says the clerical force should be reorganized.

By comparing the amount of work done, the miles traveled and the number of clerks in 1894 with the same items in the report for 1881, the date of the last re-organization of the service, it is shown the clerks are now required to perform nearly 50 per cent more work per capita than in 1881; the service has become more complex and the distribution become more complex and the distribution clusion: "It is believed by many whose ex-perience and interests in both countries entitle. The clerks are required to learn wors, reperience and interests in both countries entitle their opinions to respect that it should be possible to frame and adopt a statute applicable to frame and adopt a statute applicable to at least all railway companies of the class now subject to the interestate commerce law, and which shall be clear, precise a sufficient to meet the necessies of the service then it is claimed, is entirely inadequate then, it is claimed, is entirely inadequate now, and the general superintendent holds that justice to the men and justice to the important duties which they are called upon to perform, require the service shall be re-organized upon a basis calculated to cover its

> IMPORTANT PATENT CASE ON TRIAL Effect of the Expiration of Foreign on

WASHINGTON, Nov. 16 .- Arguments were begun in the United States supreme court in by an act of usurpation or willful mismanage- the case of the Bate Refrigerator company ment a crime punishable by imprisonment versus Schwarzchild & Hincshberger. The He leaves an estate said to be valued at lodged the prisoners safely in jail, and requiring federal prosecuting officers ease is considered a very important one and \$250,000. ease is considered a very important one and it is expected to decide the question of how "Fourth, providing a thorough revision of far the life of a patent in this country is the system of proceedings under which courts affected by the existence of a patent in a foreign country. The case comes to the supreme court from the court of appeals for the second circuit, the question being "whether the invention for which the patent was issued had been previously patented in a foreign country, within the meaning of section 4,887 of the Revised Statutes, and whether the patent expired under the terms of this section, before the expiration of seventeen years from its date." The question thus raised has long been a question of controversy and affects many patents, including Edison's incandescent lamp patent.

Western Postmasters Appointed. WASHINGTON, Nov. 16 .- (Special Telebeen appointed: Nebraska-Alford, Boyd . J. Braley, vice W. B. Bassett, resigned; Midway, Cheyenne county, Samuel Neeley, vice C. E. Her Answer to Cleveland's Offer to Arbitrate to Be Made Soon-Will Insist on Knowing How Much Indemnity China Will Pay,

WASHINGTON, Nov. 16 .- The State de partment has received information that special meeting of the Japanese ministry has been called for tomorrow to consider a fina; answer to the offer of the United States t mediate between Japan and China. What the to the annual convention of the agricultural nature of the reply is is not known, yet strong experiment stations, numbering, with their intimations have reached the officials here that ladies and families about sixty, called upon the cabinet will ask that China make her offer direct to Japan or else free it from all doubt as to the exact amount of indemnity she will pay.

The fact was developed today that the Tsang-li-Yamen of China, which is the council cabinet of the empire, made a direct rement offer its services as mediator. Heretofrom China was that this government join other powers in intervening, to which this government responded in the negative and offered to act alone. It now appears, how-ever, that the independent action of this government was formally requested by the

stroyer which causes more deaths in this country than any other disease. As catarrh originates in impurities in the blood, local applications can do but little good. The common sense method of treatment is to guage makes no offer to Japan, but merely inquires how she would entertain mediation case the United States was in a position

DUKE OF ARGYLL TO WED AGAIN.

His Engagement to Miss Knox Little Au nounced by His Daughter. LONDON, Nov. 16.-The Realm, of which Lady Colin Campbell is the editress, ap-PRINCETON, N. J., Nov. 16.-Dr. James peared today and was favorably received. In McCosh, the venerable ex-president of its first issue Realm announces that the

Mr. George Douglass Campbell, eighth duke of Argyll, was born in 1823 and is the father of the marquis of Lorne, who married the princess Louise, fourth daughter of Queen Victoria. Lady Colin Campbell, edi-tress of Realm, was the wife of Lord Colin Campbell, fourth son of the duke of Argyli, in perfect health. His physician attributes his death to heart failure, induced by old this death to heart failure, induced by old the form whom she obtained a judicial separation in 1884. The duke of Argyll has been twice married; first in 1844 to Lady Elizabeth Georgiana Sutherland-Leveson-Gower, who died in 1873. She was the eldest ford, dowager duchess of Montrose, is dead. She expired at her London residence, 45 Beiler of the second duke of Argyll in 1881 the duke of Argyll in 1882 the duke of Argyll in 1883 the duke of Argyll in 1884 to Lady Elizabeth Georgiana Sutherland-Leveson-Gower, who died in 1873 the duke of Argyll in 1884 to Lady Elizabeth Georgiana Sutherland-Leveson-Gower, who died in 1873 the duke of Argyll in 1884 to Lady Elizabeth Georgiana Sutherland-Leveson-Gower, who died in 1873 the duke of Argyll in 1884 to Lady Elizabeth Georgiana Sutherland-Leveson-Gower, who died in 1873 the duke of Argyll in 1884 to Lady Elizabeth Georgiana Sutherland-Leveson-Gower, who died in 1873 the duke of Argyll in 1884 the duke of Argyll in 1884 the duke of Argyll in 1884 the lady Elizabeth Georgiana Sutherland-Leveson-Gower, who died in 1873 the duke of Argyll in 1884 to Lady Elizabeth Georgiana Sutherland-Leveson-Gower, who died in 1885 the duke of Argyll in 1884 to Lady Elizabeth Georgiana Sutherland the lady Elizabeth Georgiana Sutherland the lady Elizabeth Georgiana Sut Maria, daughter of the late Rt. Veterans of the Late War Remembered by | SCHEME TO CONTROL THE WORLD'S MARKET

Syndicate Backed by Rockefeller and the Rothschilds, According to One Story, to Buy Up All the Smelters and Fix the Price.

Messrs. Barton and Nash of Omaha, Mr. Hanauer of Salt Lake, and Mr. Allen of the Philadelphia Smelting and Refining company at Pueblo, and representatives of the local smelters and the leading silver producing mines. Two reports are current as to the details of the proposed plan. One is that a syndicate backed by John D. Rockefeller and classes meet Sunday at 9:15 a. m. and the Rothschilds will obtain control of all the | p. m. smelters in the United States and Mexico and the supply and demand. The proposition was made, so it is stated, that the smelters should be taken at an appraised valuation men's service this evening. equivalent to cost. This was to be paid in cash. Then each was to have a proportionate block of stock in the new deal.

The Grant people, so it is stated, wanted their plant paid for at its real value, not its cost. This hitch has still to be adjusted. According to the other report the proposition is to have the silver of all the smelters handled through one man or agency. At present the Guggenheims have a certain iouse, the Grant people another, and so on. There would be a saving to the smelters of possibly a quarter of 1 cent an ounce, having it handled by one man instead of half a be to prevent sudden slumps in the price of silver

TRUTH OF THE STORY ADMITTED. NEW YORK, Nov. 46.-Isaac Guggenheim of the firm of M. Guggenheim & Sons said today: "The story you have shown me from the Rocky Mountain News is in the main true. My brother has been out there and is now on his way home, but I cannot say wha arrangements he has made. There is a scheme on foot to control the duct of the United States, but neither the anything to say in the matter."

Mr. E. W. Nash of the Omaha and Gran Smelting and Refining company was seen last night at his residence in this city and confirmed in part the Denver dispatch. He denied emphatically, however, that John D. Rockefeller or the Rothschilds were in any way connected with the scheme. The object of the meeting at Denver was to effect a mutual understanding among the smelting companies, through which they would be protected against sudden fluc-tuations in the silver market and obtain a better price for their product. The mesting was purely informal, and no definite action was taken toward the formation of the syr dicate. The matter was freely discussed and a committee was appointed to recommend course of action at a subsequent meeting which will probably be held in Denver at an pective syndicate had no intention to arbi trarily influence the silver market, but sim ply expected to protect their own interests.

President Gates' Lecture. President Gates of Iowa college, Grinnell Ia., has been secured by the Congregational Church Extension society for a lecture dur-

SILVER TRUST ing his visit to the city to supply the pulpit of the First Congregational church.

President Gates while attending the Con-

gregational club last winter spoke on "The Kingdom" and so impressed the members with the breadth and freshness of his thought that they eagerly seized the oppor-tunity of securing a lecture from him at this time. He will speak at Y. M. C. A. hall Monday evening on "The Call of the Twentieth Century.'
