Charge of \$2 Per Car to the Regular Tariff on Stock-Atchison Earnings for October.

CHICAGO, Dec. 6 .- The meeting of all the western lines adjourned again this morning o allow the transcontinental lines to struggle with the question of rates in their territory. They were at the thing all day and will be at it again tom rrow. They claim he becomes general passenger agent for sevthey are making as rapid progress as posunder the circumstances, but it is and Southern Pacific. doubtful if the general meeting will be able

to take any action toward floating the big association business before the first of next week. It must be done by that time or the representatives of some of the roads will be mpelled to leave for home. The transcontinental lines today were discussing the question of one-way rates and think that they will get together on them by tomorrow.

The question of the switching charge of \$2 a each car delivered at the Union stock yards in this city will make more trouble for the shippers before it is adjusted. The Toads have practically decided that they will add the \$2, which the courts have said they have no right to charge, to the regular freight tariff. The proceeding will prov.ke a prolonged howi from a large number of shippers and the fight against the charge will be renewed more vigorously than before. The net earnings of the entire Atchison system for the month of October were \$1,571,338, a decrease of \$217,408 from the same month of last year. Operating expenses were decreased \$10,551.
