

CITY COUNCIL PROCEEDINGS

Hugh Murphy's Bond for Paving of Sherman Avenue Approved After a Contest.

MAYOR'S SANCTION PROMPTLY GIVEN

Report that Meat Inspector Frank is Lobbying Against the Charter to Be Investigated—Huck and Cab Drivers Ask that License Fee Be Reduced.

The Sherman avenue paving controversy was shifted before the city council last night. All of the members were in attendance upon the meeting when the bond of Hugh Murphy, who was the lowest bidder for repaving the street with sheet asphalt, was presented. The bondsmen were J. N. Cornish and George E. Barker. After the bond had been read Mr. Bechel moved that the whole matter be referred to the committee on paving, curbing and guttering, to be reported upon at the next meeting. This was seconded by Mr. Saunders. Mr. Howell offered an amendment that the bond be accepted, and the contract be approved. Mr. Huck came in from the front with a second to the amendment and then the oratory commenced. Finally a vote was reached and the amendment prevailed, the vote being as follows: Ayes—Huck, Burkley, Cain, Holmes, Howell, Kennard, Kennard, Mercer, Prince and Thomas—11.

Those voting in the negative were: Messrs. Bechel, Gordon, Jacobson, Jaynes, Saunders, Taylor and President Edwards, but before the result was announced Mr. Jacobson changed his vote and went over to the majority.

In the course of the evening the contract was presented to Mayor Bemis, who approved it. By the adoption of a resolution the Board of Public Works was directed to open North Twenty-third street, from Ames avenue to Manderson street. The resolution to place on an arch over the intersection of the street and Sherman avenue was referred. Lights were ordered located at Twenty-seventh and Lake and at Thirtieth and Lake streets.

The superintendent of the new government building was given permission to place a new wooden walk about the building now in course of construction.

Huck drivers asked that the licenses on hack and cab drivers be reduced from \$10 to \$5 per annum. This went to the committee on police, with instructions to report at the next meeting.

Appraisers reported \$9,554 damages on the proposed opening of Thirty-fifth avenue, from Poppleton to Woolworth street. The matter was referred. On the opening of Walnut street, from Thirty-third to Thirty-sixth street, opening the alleys between Center and Walnut streets, and other streets in the vicinity, appraisers reported \$11,484.84 damages.

No damages were reported on changing the grade of Woolworth avenue from thirty-third to Thirty-fourth street; Thirty-second avenue, from Woolworth avenue to a point 200 feet south.

At the mayor's annual message, President Edwards appointed Messrs. Saunders, Jaynes and Burkley as the special committee to consider that portion referring to the Platte river canal. Upon the subject of water works, as referred to by the mayor, the president named Messrs. Prince, Bechel, Jacobson, Kennard, Howell, City Engineer Kosswater and City Attorney Connel as a special committee.

Mr. Kennard offered a resolution providing for the paving of the intersection of Twenty-fifth and Douglas streets with Colorado sandstone. This was referred.

The Board of Public Works was instructed to repair the wood pavement on Capitol avenue, from Sixteenth to Seventeenth streets, the cost to be paid out of the city treasury.

Mr. Prince offered a resolution, which was adopted, that in the future when any councilman should prefer charges against any city official, such councilman should be disqualified from sitting on any committee to conduct an investigation that might be ordered.

Conqueting with the election booths, the council ordered the one now located at Eighteenth and Davenport streets relocated at Seventeenth and Davenport streets.

It was decided not to incur the expense of removing the election booths just at this time. All bids were rejected and the vote for the booths ordered referred.

It was reported that Meat Inspector Frank is lobbying against the charter amendments. In view of this report, a committee was instructed to investigate.

One of the election booths was ordered removed to Ninth and Harney, there to be used as an emergency hospital.

Property owners on Twenty-first, Twenty-second and Twenty-third streets, between St. Mary's avenue and Harney street, protested against being compelled to lay permanent sidewalks.

The Omaha Gas Manufacturing company reported that during the year 1894, it sold 138,683,376 cubic feet of gas. Of this amount 128,683,376 cubic feet were sold to private consumers, the balance being sold to the city. By resolution the matter was referred to the controller, with instructions to examine the books of the company and report the results to which the city would be entitled.

In Olden Times People overlooked the importance of permanently benefiting themselves and were satisfied with transient action; but now that it is generally known that Syrup of Elga will permanently cure habitual constipation, well informed people will not neglect their bowels, which act for a time, but finally injure the system.

LAYING DOWN PRECEDENT

Supreme Court Settles a New Point in the Relation of Marriage.

UNFAITHFUL WIFE AND INSANE HUSBAND

Mrs. Shank, Divorced at Suit of Her Husband's Guardian and Married Again, Has No Inheritance in the Estate of the Former.

RED OAK, Ia., Jan. 22.—(Special.)—Last Friday the supreme court handed down a decision in part reversing a case appealed from the district court of this county and presenting a new point in the law.

Moreover, the decision is arrived at only upon the merits of the case, there being no precedent to which the court could refer. On January 1, 1885, Anthony Shank married Mrs. M. Temple and they lived together until 1878, when he became insane and was sent to the Mount Pleasant hospital. From there he was sent to Mercy hospital at Davenport, where he died in 1892. In 1878 his wife was appointed his guardian, but was removed in 1881 because of mismanagement and T. H. Alexander was appointed.

No children were born to Mr. and Mrs. Shank, but in 1881 Mrs. Shank gave birth to an illegitimate child. In 1884 Alexander, as guardian, brought suit for divorce for his ward from Mrs. Shank. The divorce was granted, and Mrs. Shank accepted \$1,012 in alimony and soon after married Mohler, the father of her child. After Anthony Shank's death she began suit against his administrator for half of the estate and claimed the divorce was void because the guardian had deceived her into the marriage. She was entitled to inherit as Shank's widow. The case was tried in 1883 before Judge Towner, who decided in the woman's favor.

The defendant appealed to the supreme court, in an opinion by Justice Rothrock, sustains the ruling of the lower court in finding the divorce proceedings illegal, but declares that under the circumstances the woman cannot inherit as Shank's widow, since she accepted the alimony in full consideration for her claim against the estate, and had, therefore, accepted the divorce by marrying Mohler.

In rendering this decision the court says: "The court does not know why Mrs. Mohler should be allowed to masquerade in a court of justice as the widow of Anthony Shank and at the same time claim that she was the wife of Mohler from the date of her divorce. Both the law and good morals forbid it. Having accepted the divorce as valid in the way she did, she should be held to the consequences of her act. It is not directly supported by the decisions of this court. But it appears to us in harmony with modern legislation upon the relation of husband and wife."

ASKS THAT THE DOODLE BE RETURNED Philadelphia Bribes Shows His Nerve to the Citizens of Des Moines.

DES MOINES, Jan. 22.—(Special Telegram.)—The \$1,000 paid to the Saturday Review (newspaper) for purchase of its silence on a gas question, which was exploited in the city council meeting last night, was today placed in the hands of a committee of five leading citizens for final disposition. C. K. Mead, agent for a Philadelphia gas company, who made the deal with the newspaper, appeared with an attorney today and demanded the return of the money. He said that the conditions had been violated by the committee which held the money. It is probable the grand jury will inquire into the matter in criminal proceedings follow. It is said other sensational developments will follow, connecting some of the aldermen who are said to have been bribed in connection with the gas ordinance. It looks like the penny is in store for somebody.

Death of Rev. K. K. Phraner. The cable brings the very sad news to Mr. Thomas J. Pennell that his brother-in-law, Rev. Stanley K. Phraner, while en route from Sioux to his home in eastern Iowa, died at the residence of Mr. Phraner in St. Louis, Mo., on Saturday evening, Jan. 19, 1895. Mr. Phraner was a member of the First Baptist church in St. Louis, Mo., and was a native of Iowa. He was born in 1825 and was a member of the Iowa Synod. He was a man of great piety and was highly respected in the church and community.

More Than 90,000,000 Passengers Have been carried by the Lake Shore & Michigan Southern railway during the past twenty-five years. Very few were able to find any fault. The rest were delighted. One of them recently said: "For several years past I have made from two to four trips each month between Chicago and New York and am almost always accompanied by one to three or four others. I believe (as I am informed by your conductors) that I have made more trips between Chicago and New York than any other man during the past few years. I have always traveled over your road in preference to any other, because of careful comparison with others I have presented. The service is of the highest order, but the table and the service are in every respect the best of any road I have ever traveled on. The conductors, stewards, waiters and porters have found to be uniformly courteous and attentive, adding greatly to the comfort of those who are obliged to travel as much as I am. Trains leave Chicago as follows: 8:00 a. m., 10:30 a. m., 3:25 p. m., 5:30 p. m., 8:45 p. m., daily, and 11:30 p. m., daily except Sunday. R. P. Humphrey, T. P. A New Train to St. Louis. The most attractive feature of the Burlington route's new timecard is the new Omaha-St. Louis train. It leaves Omaha at 11:50 p. m. daily, and reaches St. Louis at 4:45 the next afternoon. Through sleeping car, through dining car and through night coach. Through route along the west bank of the Mississippi.

Remember, this is the only train which has a through sleeper from Omaha to St. Louis.

GOES TO MURPHY. He Gets the Contract for Repaving Sherman Avenue.

The Board of Public Works held a session yesterday at which the contract for repaving Sherman avenue was awarded to Hugh Murphy. There was considerable discussion, the members explaining their positions in the premises. This being done, the following resolution was offered by Mr. Kaspar, and was placed before the board:

"Resolved, That the vote by which the bid of Hugh Murphy for the repaving of Sherman avenue and Sixteenth street, within street improvement district No. 589, with sheet asphaltum, under class C of printed specifications, upon concrete base four and one-half inches thick, for \$2.07 per square yard, received by the board on October 19, be accepted and the contract, with the proper bond, be drawn and executed and submitted to the council at the next meeting."

The resolution was adopted. Sewer Commissioner Balcombe voting in the affirmative and other protest.

Found the Stolen Goods. The rooms of William Ryan, who, it is claimed, burglarized the store of Ed Savage, on North Sixteenth street, last Saturday night, were searched yesterday and a quantity of goods, which are supposed to have been stolen, were found.

It is Easy

To make assertions, but sometimes difficult to prove them. We have been telling you day after day that OZOMULSION cures Colds, Coughs, Consumption, and all Wasting Diseases. We have told you this because we believe it, and because our friends write us that it does cure. We are pleased to accept their statements as proof of our assertions. Have you equal confidence? Here are a few extracts from their letters:

MRS. W. A. BYRD, Oakton, Ky.: "I shall be only too happy to write to anyone who may desire to learn of my case, and how the remedy acted."

MRS. J. D. LYONS, Shell Rock, Ia.: "Ozomulsion cured me perfectly. I believe it will cure the worst cases if taken as directed. I shall recommend it for consumption and all lung troubles."

MRS. R. B. MOSELEY, Nevada, Mo.: "I experienced the greatest benefit from the first bottle; it afforded me instant relief."

MR. ABRAHAM NEWKIRK, Goshen, N. Y.: "Ozomulsion has restored me to perfect health, and I desire all persons suffering from pulmonary complaints to know it."

The peculiar feature about Ozomulsion is that it cures. The reason it does this is plain. It is unlike any other preparation of Cod Liver Oil. It contains the very essentials that are necessary to life. It first destroys the cause of disease—the poisonous germs in the blood—and then builds up the exhausted system by supplying it with sound, healthy flesh.
