Wheat Doubled on Its Tracks Yesterday and Finished with a Gain.

CORN WAS NOT VERY ACTIVE, BUT FIRM

In Oats Fluctuations Were Ruled Entirely by Corn and a Firmer Market Was Reported-Beary Hog Receipts Weakened Provisions.

CHICAGO, Feb. 20 .- Wheat doubled on its tracks today and finished with a gain of The causes of the advance were the reports of the popularity of the new bond issue in London, and rumors of damage to the French wheat crop. Corn and oats rather unwillingly followed wheat, each closing %c higher, Provisions closed with

slight declines. The foreign markets were about steady, and so was the opening of the wheat trade ere. May closed yesterday at 521/2c, opened with transactions for the most part at that price, and a few at 1-16c under that. During the first two hours the range was conied between the prices just quoted and 52%c. The northwestern receipts were as of them. Minneapolis reported 255 cars, and Duluth 169, or 415 together, compared with 173 cars at both places a week ago, and 131 on the same day of the year before. The success of the new United States bond issue in London encouraged buyers and largely counteracted the bearish news of the day. Before the forenoon had gone the market commenced to improve. Buying orders came in from St. Louis and New York, and although they were not for heavy quantities they caught the local crowd short and caused this market to advance smartly to 5te bid. The market acted strong between 12 and 1 o'clock, and kept in the neighborhood of 53c, rather over than under that most of the time. The closing cables reported the continental markets firm, and New York said there was some buying of wheat there for French account. The principal influence in the buying here, which caused the advance, was a rumor which claimed some damage to the French crop. It was claimed, disclaimed, repeated and contradicted several times, but had a bullish effect in view of an advance in prices of wheat and flour at Paris. May sold at 53%c at the close.

Corn was not very active, but was firm. Its strength was apparently of a sympathetic character, and inspired by the advance in wheat. May opened at 44%c, sold sparingly at from 44%c to 44%c, rose to 44%c, and during the greater part of the session it ranged between 44%c and 44%c, with the latest trading at from 44%c to 44%c, with the latest trading at from 44%c to 44%c, with the latest trading at from 44%c and 44%c, with the latest trading at from 44%c to 44%c, and a firmer market was reported. May sold at from 28%c to 29%c, closing at the latter price.

The hog receipts, which yesterday were set length of the cettered at 25000 head, numbered et 25000 head. of them. Minneapolis reported 255 cars, and Duluth 160, or 415 together, compared with

May sold at from 28%e to 29%e, closing at the latter price.

The hog receipts, which yesterday were estimated at 35,000 head, numbered 42,000 head, and the latter number is estimated for tomorrow. The provision market weakened as a consequence. Pork opened with a decline of 7%c, lard 5c, and ribs 5c, and those were the losses established by the closing quotations.

Estimated receipts for tomorrow: Wheat, 17 cars; corn, 275 cars; oats, 140 cars; hogs, 42,000 head.

There are very few oysters to be had on the market. A letter from Baltimore dated February 16 gives very little encouragement. At that date the harbor was frozen over and men walking to and fro between the vessels frozen in the ice and the shore. Very few oysters can be caught and the few that are taken are held so high that they cannot be handled to advantage. Quotations:

CHICAGO LIVE STOCK. Cattle Supply Was Not Sufficient to Meet

the Rather Light Demand. CHICAGO, Feb. 29.-About 12,000 cattle com-prised the supply on today's market. It was not pulte sufficient to supply the rather light demand, and naturally the feeling was firmer. The offer-ings were all promptly taken, and useful stuff ings were all promptly taken, for yesterday, or averaged a little higher than for yesterday, or fully 10c to 15c higher than at the close last week. Common to extra steers were quoted at from \$3.60 to \$5.60; stockers and feeders at from \$2.50 to \$4.10; cows and bulls at from \$1.50 WEDNESDAY, Feb. 20.

The receipts today were 1,733 cattle, 8,253 hogs and 1,943 sheep, as against 911 cattle 7,156 hogs and 43 sheep on Wednesday of last week.

CATTLE—There was a to all of sixty-seven loads of cattle in the yards today, a considerable gain over yesterday's run. Out of this number there were quite a good many beef steers, some of them right good cattle. The buyers started out to bear the market, and their early bids were decidedly lower. Under such circumstances the market was not very active, and there were still some cattle unsold at midday. While the buyers were only calling the general market a shade easier, sellers in many cases thought they had to take off fully 10c. One bunch of good 1,550-lb. steers touched \$4.80, the highest price paid in some days.

Cows and heifers were in larger supply than for several days, there being sixteen.

G. A. R. STATE OFFICERS APPOINTED. Commander Adams Makes Public a Plan of Relief for Destitute Veterans.

LINCOLN, Feb. 20 .- (Special.) - Additional orders for the year 1895 from state headquarters of the Grand Army of the Republic have been made public. They are as follows:

quarters of the Grand Army of the Republic have been made public. They are as follows:

HEADQUARTERS GRAND ARMY OF THE REPUBLIC, DEPARTMENT OF NEBRASKA, LINCOLN, Feb. 18, 1235.—General Orders No. 2.—Comrades: If we would do our duty as true comrades we must be ap and doing. Thousands of those with whem we touched shoulders in times of danger have left their eastern homes and cast their lot with us. The Great Commander has, in His wisdom, withheld the rain, and terrible destitution has followed, and unless speedily relieved many noble and patriotic comrades, their wives and little ones, will suffer.

We learned in war the necessity of organization, and believing that better work can be done, more comrades relieved, and more aid secured by thorough organization, I hereby promulgate the following plan:

The state is hereby divided into three grand divisions, as follows:

The first grand division is under the supervision of Comrade John M. HAD SQUANDERED A FORTUNE.

ad Career of Marco Hellman Who Tried to Kill Himself. LOS ANGELES, Feb. 20,-Marco Hellman, relative of O. W. Hellman of the Nevada bank, lies on an operating table writhing from a bullet in the tissues just below the heart. Hellman inherited a fortune a few years ago, spending it as a base ball manager and in luxurious living. He then went into the insurance business, but his accounts becoming involved, his wealthy relatives straightened out his finances and sent him to Australia. On his return recently, he began a career of recklessness, culminating in the issuance of warrants for his arrest for passing fraudulent checks. Hearing of the warrants Hellman entered a gun shop, purchased a revolver and shot himself, erving that his creditors had rubbed him of all pleasures in living.
