Several Sensational Episodes Mark the Trial of Des Moines' Mayor.

ATTORNEY HASKINS DEFIES THE COUNCIL

Refuses to Be Sworn or to Give Testimony In the Hearing-Councilman Mc-Eldery Makes a Startling Statement.

DES MOINES, Feb. 23 .- (Special Telegram.)-There were several sensations in the Mayor Hillis impeachment trial today. The issuance of a writ of attachment last evening for Attorney Alvin Haskins was resisted by that gentleman, but the court decided this morning that the council sitting as an impeachment board had the right to subpoena witnesses and to require their attendance in this investigation as witnesses. As the council had the right to inquire into the conduct of any public officer of the city and therefore to call witnesses, the right to conduct and inquiry carried with it the right to call witnesses and compel them to testify. When the board met Haskins was present.

He refused to raise his hand and go through the formality of swearing. He did not say he would not take the oath, but when asked by the chair if he would be sworn said. "I am present, sir," but when asked if he refused to be sworn said: "You can take, it as you like," and evaded all effort to make him testify under oath. Councilman Mc-Elderry submitted a resolution to the effect that as Haskins had willfully refused to obey the suphoena issued and served upon him ,"the said A. A. Haskins be and is hereby fined the sum of \$25 for contempt of this court, and that unless said fine be paid it once he be committed to the city jail for ix days."

Haskins was arrested and again applied to the district court for habeas corpus, which will be decided next week. Several witbesses were examined, but brought out nothng of importance.

This afternoon the council was trying to find out whether the original resolution regarding pool selling at the race track con-tained the words: "And accompanying privilthe court by testifying that he interlined the court by testifying that he interlined the words after the resolution had been adopted and was in the clerk's possession, but unknown to the latter. He explained that the mayor told him pool selling could not go unless the wheel of fortune was run. He then made the interlined for the show He then made the interlineation, first showng it to the mayor and intimating that the mayor approved of it. The mayor's attorney here arose and said there would prob-ably be a question as to the veracity of Mc-Elderry or the mayor, and he did not know but what defense would object to McElderry sitting longer as a juror.

# His Attidavit Maker Gives the Prosecution a

SIOUX CITY, Feb. 23 .- (Special Telegram.) -A sensation was caused today in the trial of ex-Supervisor Walter Strange, charged with obtaining money from the county under false pretenses, by the announcement from the county attorney's office that a confession has been secured from C. M. Perry, which seems to positively prove Strange's guilt on a most serious charge against him. When the prosecution of Strange commenced, the citizens' committee alleged that he had fraudulently secured the allowance of \$1,500 in the name of John Perry. It held that this money was not paid out for any service done the

county, and in fact, Strange stole it. Strange proceeded to get affidavits from a man who called himself John Perry, and who ran.
