The fruit crop will bear close watching to keep it from danger of frost in May."

Emil Schurz secured a writ of ouster from through. Justice Walker yesterday against Dode Batchelor, who has been asserting squatter's rights in Lafayette addition. Schurz has a sheriff's deed to the whole addition dating back about two years, having seized it on execution on the strength of a judgment age, and this seems to be the most reason-able theory yet advanced. Among these is against F. H. Jerome, the then owner. Most of the addition is under water, but some of it was far enough out to admit of a man living upon it if he was not too particular. Batchelor was not, and he has been staying right along, in spite of all Schurz's efforts to dislodge him.

Thistlethwaite claims that the debt was in existence prior to the execution of the deed.

No City Anxious to Entertain the Oarsmen

During the Coming Season. SIOUX CITY, March 19.-(Special.)-It is

ikely that the Iowa Amateur Rowing asso ciation, which has held an annual regatta for the past eight seasons, will not have a meeting this year. There is no town in the ssociation that wants to pay the price, and at the places where there is good water for

rowing there is no ambitious town willing to furnish the facilities for taking care of the visitors. Last summer the regatta was at Storm Lake, and it was rather a failure. Cedar Rapids is understood to want the meeting this year, ubt it has not a sheet of water large enough for a first-class meet-ing. About the only place in the state that has an unbroken record of successful meet-ings is Spirit Lake. For several years the regattas were held there, but the town is not large enough to pay the amount which the association requires shall be put up. There is plenty of interest in rowing among the towns in the association, and several of them will hold local regattas this summer. Dubuque, Cedar Rapids, Ot-tumwa, Council Bluffs, McGregor, Storm Lake, Burlington and Sloux City all have good crews. If a proper bid is made a regatta will be held, otherwise it will prob-ably be given up. he visitors. Last summer the regatta was

Alleged Hog Thieves Jalled.

Kitty Clark, proprietor of one of the man-sions of sin in the proscribed district, was arrested last evening on the charge of grand harceny, preferred by Georgia Patton, an-other of the demi monde. The charges arise over the disputed possession of a trunk and contents, formerly the property of Georgia Patton. Georgia, according to the story, is addleted to the morphine habit, and when she, a short time ago, was de-sirous of undergoing treatment for the cure of the habit she applied to Kitty Clark for a loan to pay the expense of the treat-ment, and gave as security a trunk and contents, valued at \$443, Georgia now claims that she has the money to redeem the property and pay off the loan, which amounded to \$55, but that Kitty will not re-turn the trunk. A civil suit was begun in Justice Edgerton's court yesterday in the same case, and after hearing the evi-dece, a judgment was rendered in favor of Georgia Patton in the sum of \$190. PENDER, Neb., March 19 .- (Special Telegram.)-Bob Donelson, Dave Morrell, Bert Brooks, Bili Lewis, Tom McKeegan and Bill Sheriff were lodged in jail here last night and today charged with hog stealing and officers are still scouring the country in search of others who are believed to be implicated. It is understood that a regularly organized band of about fifteen have been systematically stealing hogs, grain and other property in the neighborhood all winter, which includes a few quite prominent men, and the entire pop-ulation of the town is anxiously waiting developments. The preliminary hearing of those under arrest will probably take place tomorrow.

He had begun to lose all hopes of ever getting it ack when he ran across it in Snyder's pawn back when he ran across it in Snyder's pawn shop in this city yesterday. He asked Sny-der for a glass with which to look for the number, but Snyder showed a good deal of backwardness about complying with his re-quest. Russell then told Officer Wolff of his quest. Russell then told Officer Wolff of his find, and through the persuasive powers of the officer Snyder was induced to allow an

examination to be made of the ring, which esulted in the discovery that it was the longlost article. Snyder's books were then looked into, and

they showed that the ring had been pawned by Charles Scott, a brakeman on the Wabash, January 2, for \$25. Snyder was very anxious to manage Scott, so that he might get his money back. As soon as Russell and Wolff had left his store he set off in post haste for the Ogden house, pulled Scott out of bed and was walking down Breadway with him when Wolff and Russell again ran across him. Scott was placed under arrest and booked at the city jail with grand larceny.

Will Elect Next Monday.

It is expected that the new city clerk will be elected at the meeting of the city council to be held next Monday evening. It is claimed that the election would have taken place Monday evening had it not been that the ordinance cutting down the salary from \$100 to \$90 a month had not been published. and whoever might have been elected would have had a right to demand the \$100 during the entire year. Who will be the lucky man does not yet appear, but N. C. Phillips, R. E. Ingraham and Nat Shepard are said to have the inside track, Ingraham having one republican alderman at his back, and each of the others two. Any one of the re-publicans can block proceedings by insisting n his man being chosen, for five votes mus

e cast for one candidate to make an elec-ion. No democrat need be looked for to tion. break a deadlock, should one occur. The Aberlin strictly first-class Culsinnexcelled. Beautiful rooms, Sixth avenue and Seventh street, Council Bluffs.

Married Misery. J. P. Covalt has commenced a suit in the district court for a divorce from Catherine

Covalt, whom he married in North Platte Neb., in February, 1893, and from whom he separated September 28, 1894. He claims that she was entirely too promiscuous in her mixings up with other men, Edward Rush and Eastman being named as co-respondents He also claims that during their short career of wedded bliss his wife threw a carving knife at him, tried to brain him with a glass paper weight and pointed a loaded revolver at him, at the same time threatening to blow his head off.

Stella Hermes asks a divorce from Frank

Hermes on the ground of adultery. Maggie Shaw complains that her husband. Warren Shaw, used profane and vile lan-guage toward her and finally left her in Janary, 1892. She wants a divorce. The same sort of solace is desired by Laura A. Mills, who says that John T. Mills, her

husband, acquired the habit of getting drunk after he married her, and that for the last few years has entirely failed to support her and their family. The auction sale of shoes is still running and the longer it runs the cheaper the prices

of shoes become. \$5 shoes are still being sold occasionally for \$1, and you can get any amount of bargains at 25 cents on the dollar.

Damitz Boys Acquitted. The trial of John and Peter Damitz for the crime of putting obstructions on the Milwaukee tracks at Underwood for the purpose of wrecking a train was concruded in the dis-trict court yesterday afternoon. The theory trict court yesterday afternoon. The theor of the defense was that Samuel Weiser, night watchman for the Milwaukee Railway company, put the obstructions there himself, not to wreck the train, but in order that he might discover them in the nick of time save the train from destruction and incident ally hold down his job for another month or two. The attorneys for the defense put numercus questions to him when he was on the stand, calculated to make clear this intention, but they were all ruled out on the ground that it was not Weiser who was on trial. In his closing argument to the jury, however, Attorney Sims dwelt upon this feature of the case at considerable length. The case was given to the jury at 5 o'clock, and at 9:30 a verdict was brought in acquit-ting both the boys, they having succeeded

Every person knows whether or not his or her digestion is what it should be, but very person does not know what is the afest and best way to secure and preserve healthy condition of the digestive organs. It is not done by the use of any wonderful secret patent medicine, but by the use of certain harmless digestive principles, which,

taken at meals, will digest the food anyway, regardless of the weak condition of the tomach. Dr. Brooks recommends a combination of

vegetable essences, fruit salts, pure aseptic pepsin and Golden Seal, prepared in con-venient tablet form and sold by druggists everywhere under the name of Stuart's Dys

Dr. Harlandson states that these tablets in crease flesh because they digest flesh-forming food, like eggs, meat and ordinary everyday food; for the same reason they purify the blood and strengthen weak nerves. In no

other way can it be done, because flesh, blood and nerves are obtained from the food we **RAILWAY TIME CARD** Dr. Jennison once stated that he believed a 50-cent package of Stuart's Dyspepsia Tablets Leaves BURLINGTON & MO.
