When the decision of Judge Gilbert be-came known throughout the headquarters building there was a general suspension of

maintaining a discreet inactivity, but they are deeply interested in the ontcome. It is hinted that some of . the roads are quietly patting Council Bluffs on the back, and that the fight to be made by the Com-mercial club is likely to develop the fact that certain Omaha men are by those knowing bers and that their membership in the club is looked upon as farcical by those knowing ones who are on the inside workings be-tween certain shippers and the railways. I believe Commissioner Ut and a loyal coterie in the club are sincers in their fight for bet-ter rates for Omaha, but they are handleapped
