#### Rates for the Tourists.

Within a very few days it is expected a call will be issued for western lines to get together on summer tourist rates, the eastern lines having agreed to put in tourist rates, effective May 15, and to continue in effect to September 30, with final return limit not to exceed October 31. Mr. Hooper of the Denver & Rio Grande has been anxious to have the meeting of western lines take place in Denver, but there has been some objections ex-pressed to Denver. Chicago seemingly being more favorable that the Colorado capital. However, something will have to be done very soon, in view of the fact that the eastern lines will call their rate clerks together this week to line up summer tourist rates in conformity with the resolution which has been passed. Tickets for summer tourists will be of the iron-clad form, good going, commencing on the date of sale, and requiring continuous passage in both direction within eastern committee territory.

#### Restraining the Sale of Bonds.

NEW YORK, April 15.-A temporary in-function obtained from the New York supreme court was served this morning on behalf of the Atch-ison and St. Louis & San Fran-elseo companies and their receivers, and the Union Trust company, restraining the sale of Atlantic & Pacific bonds on the grounds alleged in the complaint, that the Atlantic & Facific railroad with the other Atchison ines forms a general system of railroad, each part of which is more valuable as whole than if broken in separate parts and that in the present condition of the Atchi-son reorganization. The Atlantic & Facific committee will make an immediate poti-tion for a dissolution of the injunction. NEW YORK, April 15 .- A temporary in-
