

NICARAGUA DECIDES TO PAY

Will Settle the Bill and End the Difficulty with England.

COMPROMISE PROPOSITION IS ACCEPTED

Positive Assurances of Prompt Payment Made and England is Now Expected to Withdraw—Money Then Due in Fifteen Days.

MANAGUA, Nicaragua, April 30.—The Nicaraguan government has finally decided to accede to the compromise proposition for the settlement of the pending troubles and this decision has been communicated to the authorities at London. According to this proposition Nicaragua agrees to pay \$15,500 in London in fifteen days from the time the British ships leave the harbor of Corinto. It now remains for Great Britain to agree. This course is regarded as shifting on Great Britain all further responsibility for the trouble. The most positive assurances of the prompt payment of the money have been given, so that there may be no question of uncertainty on this point.

STATE DEPARTMENT EXPECTS NEWS

Hope that Great Britain Will Agree with Nicaragua's Offer.

WASHINGTON, April 30.—At the State department the news that Nicaragua would pay the \$7,500 indemnity within fifteen days after the departure of the British troops was seemingly expected, though no direct advice had been received by the department. In fact, Minister Baker is now in Costa Rica and there is very little communication between the government and the legation at Managua. It was learned at the department the acceptance by Nicaragua of the terms which have been proposed does not mean that the affair is settled. It is understood the ambassador will be sent to Managua to encounter the difficulty which is still presented. The British government wants the money paid in the presence of the British fleet at Corinto. As the navy is still there and the troops are in possession of the town, the British government, according to a State department official, wants the payment made through the legation at Managua. It is hoped, however, the offer made at the suggestion of the United States, and which Managua advises say has been satisfactory to the Nicaraguan government, will be agreed to by the British government, and assurances to this effect have been received. It appears in this connection that the threat of revolution in Nicaragua has given the United States an opportunity to urge a more peaceable settlement of the present difficulty, as such a result of the British occupation might seriously threaten the lives and property of the British citizens. As the United States has arbitrated the remaining question in dispute between Great Britain and Nicaragua it is understood the United States expects the settlement of the present difficulty to be effected by Great Britain. This, it is said, will not be allowed to interfere with the settlement of the \$15,500 claim by payment within two weeks as proposed.

Judge Conlon Will Deliver His Opinion in the Durrant Case Thursday.

SAN FRANCISCO, April 30.—The evidence in the preliminary examination of Theodore Durrant for the murder of Marian Williams is all in and Police Judge Conlon will deliver his opinion next Thursday morning. He denied for the time being a motion of defendant's counsel to dismiss the case; he also refused to admit Durrant to bail. When Durrant was taken to the court room today he looked pale and worn, his confinement in jail having taken a toll on his health. Dr. J. S. Harnett, who performed the autopsy on the body of Marian Williams, was on the stand and was cross-examined for three hours by the defense. He stated Miss Williams died from a fatal wound in the neck, and appeared to be raged from fear and the throat and the hemorrhage by severing of the arteries in her wrist. SAN FRANCISCO, April 30.—The announcement that the 200,000 tons of syndicate wheat, reputedly cornered by the late James G. Fair, would be placed on the market forthwith, together with the peculiar disappearance of C. S. Smith, cashier and bookkeeper for L. M. McLaughlin & Co., who acted as Fair's brokers, had the effect of paralyzing the local grain market. It is now understood that the FBI has been ordered to look no further for Smith, although the firm does not admit this or other losses. The police have discontinued their search for the missing cashier, McLaughlin & Co. having informed sources at Hiram that the firm had adopted a resolute attitude against Russian dictation. They deny Russia's right to interfere, and even contemplate a defiance of Russia's belief in the military forces in the east are not powerful enough to enforce her demands. The foreign warships are assembling at the ports of Japan and the French vessels have been ordered to prepare for emergencies.

THIRTY-FIVE THOUSAND ON STRIKE

A Twenty Per Cent Reduction in Wages Caused the Trouble.

ROANOKE, Va., April 30.—A Pocahontas special to the Times says 25,000 coal miners employed along the Ohio extension of the Norfolk & Western railroad went on a strike at noon today. The men included all the miners in the Flat Top coal region, with the exception of 1,800 men employed by the Southwest Virginia Improvement company and the Browning mines at Pocahontas. The immediate cause of the strike was the notice by the operators of a 20 per cent reduction in wages from the first of May, and it is said the operators are in sympathy with the strikers, and made the cut for the purpose of bringing the men out to force the Norfolk & Western to give the miners as much as they want to do next. The strikers will attempt to maintain their wages at the present level, and if they are not successful, they will go west out of it, so there will be trouble. The Norfolk & Western have heavy guards on all their bridges and trestles.

CAPTAIN BECK MAY COME TO OMAHA

Talks of Accompanying His Wife from the Scene of the Indian Troubles.

PENDER, Neb., April 30.—(Special Telegram.)—Advises have just been received from the reservation at the effect that Mrs. Beck, wife of the Indian agent, will leave for a visit with friends at Chicago tomorrow and that Captain Beck will accompany her to Omaha. It is rumored that the captain will proceed to Washington from Omaha, presumably to personally confer with the Interior department in relation to the existing situation. This practically means that there will be no more news of the present. Another rumor is that Captain Beck will return from Omaha immediately in case he does not go to Washington and will issue an ultimatum to the Interior department to comply with sign releases in accordance with the government regulations or else vacate, and that in the meantime he will be assured of emphatic assistance. The Interior department has promised the tenants who do not comply to vacate. Captain Beck denies that he is going to Washington. He says he will possibly accompany Mrs. Beck to Chicago, but he will not go to Washington. The latest advice from the reservation are that Henry Rice, the Winnebago Indian who was cut by Bonaparte, is in a serious condition. S. Lemmon, president of the Flouring company, swore out a warrant for the arrest of Charles Bonaparte on the charge of assault with intent to kill. Bonaparte is the Winnebago who was shot by the Indian agent, Winnebago and a brother-in-law of Lemmon, at the agency yesterday.
