COMMERCIAL AND FINANCIAL

Helped by Crop Damage Reports Wheat Resisted Bearish News.

CORN WAS FIRM WITH NO BUSINESS

Dats Were Fairly Active and the Tone Was Easier on All Deliveries with the Exception of September.

CHICAGO, May 13.-Helped by crop damage reports, wheat resisted bearish news and liquidation today, winding up with a of Pae; July corn gained ac; July oats lost the, and provisions made slight gains,

Wheat opened at a slight decline, partly on account of the change from unseasonable heat to comparative cold, being considered rather beneficial than otherwise for growing crops. The week's shipments from Russia amounted to the unusually heavy total of 5,200,000 bu., and that information was in the hands of people at the seaboard before the opening, but did not become pub-He until half an hour afterward, and then upon their advance information regarding the Russian shipments that they had mis-calculated its effect upon the crowd. From 64c and 644c at the opening, the price of July wheat had gradually risen to around 64%c, and was at the latter point when the Rosstan shipments were made known, but the price broke to 64% only at that time, and again recovered to its previous highest price, although it had another and further decline later. The visible supply statement showed a decrease of 2,573,9.0 bu, against 1,645,000 bu, on the corresponding week of the year before. The market came under the influence of heavy shipments from other countries and the price of July dropped to 63%c in a hurry, but made even greater haste in getting back to a higher point than before. From 63%c it advanced at 65%c in about fifteen minutes. Export clearances of wheat and flour since Saturday from Atlantic ports were 191,000 bu. The primary market receipts were 225,000 bu. Compared with 206,000 bu on the corresponding day of the year before. The opening cable brought higher quotations from Liverpool and Berlin, but owing probably to the heavy shipments headed toward them last week they lost about all of the early gain. The crop reports from Illinois, Michigan and Missouri were very unsut sfactory. Every commission house with connections in those states had reports of poor, and in many cases very poor prospects for winter wheat. Kansas is reckoned as being completity out of the count among the winter wheat raising states this year. The poor erop prospects and the disappearing visible was so strong a combination for the short sellers the price advanced near the close to 65½c, and it wound up at 65%c.

Corn was dull and firm, without showing much independence of action. It had a range in price for July of from 50%c to file, and closed within 1-16c of the top, the closing strength being due to sympathy with the firmness of the wheat market. The seaboard sent buillish dispatches and reports of some export inquiry and clearances of 100,000 bu. from Newp.rt News. and again recovered to its previous highest price, although it had another and further

with the firmness of the wheat market. The seaboard sent buillish dispatches and reports of some export inquiry and clearances of 100,000 bu, from Newport News. The visible supply decreased 1,373,000 bu, compared with a decrease of 1,429,000 bu, a year ago. The local receipts were 256 cars. A fairly active market was recorded for oats. The tone was easier on all deliveries, with the exception of September. There was a very good demand for that month and at the close an advance of 5cc was beored. May, 1896, was also very strong under good buying.

Provisions were without life or interest and the advance in pork of 5c and in lard and ribs of 22c appeared to be due entirely to strength in wheat. Hog receipts today were 30,000 head and 21,000 head are the estimated receipts for tomorrow.

Estimated for Tuesday: Wheat, 21 cars: corn, 40 cars; oats, 28) cars; hogs, 21,000 head.

The leading futures ranged as follows:

OMAHA LIVE STOCK MARKET

Week Begins with Slightly Increased Receipts of Cattle and S'ack Demand.

TRADE DULL AND PRICES A DIME LOWER

Dressed Heef Men and Shippers Alike Indifferent and Bearish - Quality Not Extra Good-Hogs Firm and Prices Unchanged.

MONDAY, May 13. Receipts today, all told, were 72 cars, 47 of cattle, 23 of hogs, one of sheep and one of horses. As compared with a week ago there was a slight increase in both cattle and hogs, with a falling off in sheep sup-

The cattle supply was a little over 1,200 head and included nothing that could be called choice. Fair to pretty good would about express the general quality of the receipts. The market was very dull and unsatisfactory, with prices about a dime lower than Saturday on an average. Lower markets east made both dressed beef men and shippers indifferent and bearish, but buyers said the duliness and weakness was occasioned more by the generally inferior quality of the offerings than anything els inch of good fat 1,179-lb, beeves brought \$5.25, and that was the top. The bulk of the beef cattle sold at around \$4.40 to \$5, while \$3.75 to \$1.10 bought about all the western cattle offered.

The market for cow stuff was generally The market for cow stuff was generally steady. Offerings did not include much over half a dozen loads and buyers made short work of them, as cows of late have met with a strong, active demand right along. A bunch of very nice far cows and helfers averaging less than 700 lbs. brought \$4.10 and \$1.75 was the low mark for canners. Calves were in good request and strong at from \$2.50 to \$5.50, while bulls, stags, etc., ruled slow and easier at around \$2.35 to \$3.35.

O. account of the light supply of stockers and feeders the trade was quiet. There was a good general demand, however, and a strong market for everything offered. Good to choice feeders are quotable at from \$3.55 to \$4, fair to good from \$1 to \$3.25, and common grades from \$3 down. Representative sales:

CHICAGO LIVE STOCK. Trade Opened Dull at Weak Prices, but Improved Later.

CHICAGO, May 13.—The cattle receipts today were about 12,000 head, against \$668 a week ago, and trade opened dull at weak prices. Butchers' stuff sold very well, but dressed beef cattle moved off slowly and there was a de-cline of 5@10c per 100 lbs. in prices, the numercattle moved off slowly and there was a deciline of 560c per 160 bts. in prices, the numerous lots of choice heavy steers selling to a very limited extent. Native beef steers were salable at \$4.296.00 for poor to strictly choice, with a good part of the sales at \$5.0045.75. Cows sold actively once more at \$1.5564.89 and built were steady with ready sales. Texas cattle arrived to the number of about 2,000 head, and were in fair demand at strady prices by dressed beef firms. The arrivals of cattle were about 2,000 less than the number generally expected and trade started off mederately at last week's closing prices. The average quality of the offerings was fair, being about what is ordinarily seen at the beginning of the week, and a good part of the transactions occurred at \$4.3564.70.

Heavy hogs sold at \$4.264.75 for common to choice mixed at \$4.8544.75 and lightweights at \$4.204.76. One sale was made today at \$4.89, but that was an extra lot, and some of the sales were at 5c lower than those of Saturday. Toward noon trade become, brisk and a large part of the supply was table?

In sheep the offerings continued much smaller than a few weeks ago, the receipute today being estimated at only \$6.00 head. Business was brisk from the opening and prices were 10(15), higher, wooled lambs/scalling at \$1.506.50. The top price was paid \$6.00 head; heep are in good demand at \$4.2564.50, contains lots selling around \$2.0067.20. Holders of \$500 head; hogs, 28.00 head; sheep, 7,000 head.

WOMAN WHO DID THE SHOOTING INSANE

Peter R. Morrissey of St. Louis Slain in House of Ill Fame by Maud Lewis, Who is Now Violently Crazy.

ST. LOUIS, May 13 .- State Senator Peter R. Morrissey was shot and instantly killed at 3:30 this morning by Maud Lewis, his mistress. The tragedy was enacted in her room on the second floor at 2719 Washington avenue. Morrissey went to the house at a very late hour and had retired when the crime was committed. The woman has been mentally unbalanced for some time, according to the statements of her neighbors. She is supposed to have been insane at the time.

The first information the neighbors had of the tragedy was from the woman's screams. They ran in and found her in a frenzy of grief and terror, bending over the bedy, and calling on "Pete to come back. The first witnesses on the scene could gain no information from her as to the precis manner in which the murder was accomplished, but everything indicated that Mor-2 white, 47½c. OATS-Firm; No. 2 mixed, 27827½c; No. 2 The weapon used by Maud Lewis was an white, 25630c. rissey was asleep when he met his death American buildog revolver of 38-caliber. Two shots were fired, one entering the mouth and the other penetrating the brain through the left eye. Death was instantaneous.

As soon as the neighbors ascertained that Maud Lewis was the principal in the tragedy they sent word to the Four Courts and Detectives Jim Smith and John Howard were dispatched to the place. They were unable to get a coherent statement from the woman, whose ravings became more violent and desperate every minute. They had her sent to the city hospital in a patrol wagon and Some days ago, and while he was a prisoner permitted an undertaker to take charge of he body.

The deceased was born in St. Louis August 14, 1859, and was educated at the St. Louis university. In 1885 he was elected to the dent of this city, and a man who had served at the time of his death he was a member a term in the penitentiary at Lincoln on acwas that of a saloon and lodging keeper. Morrissey lived with his the names of other men to promissory notes and bank checks. The body of the dead man father was identified as having at one time contained avenue. He was a single man about 35 year

Omaha. In the pockets of the deceased there were a number of letters indicating that he was the Omaha Smith. There was a ticket authorizing him to ride from Kansas City to Seattle. After the inquest had been held antedated the crime could not then be ascer-tained. Maud Lewis is 25 years old and was born and reared in St. Louis. She is said to have come of a good family. She was in the city hospital from August 28 to Septem ber 10 of last year, suffering from hysteria. Morrissey was notorious as a crooked worker at the polls. Ten years ago he waindicted for ballot stuffling, but the influence of the leaders of the party kept him out of he penitentiary.
Two other girls, Lillian Moss and Emms Lewis, who were inmates of the house, and the colored porter, were placed under ar-

The women in the house said that immediately on Morrissey's arrival he and the Lewis woman had quarreled, but they had not con sidered their differences as serious. Mor-rissey had started the altercation by telling Maud Lewis "that he had another woman on Twentieth street." She answered that she knew it, and she supposed Morrissey would The local board of state fair managers met at the Commercial club yesterday afternoon and transacted routing business. "I don't care if you do marry her; and you can bring her here, and I will give you my room, but I tell you this—there will be a dead Irishman around here."

The Omaha Gas company is laying a large main on Sherman avenue, it taking the place of the small main that was laid some years ago. Morrissey had intended leaving this morning for Cincinnati in response to a telegram received Sunday from his sister, Mrs. McDermott, stating that her husband was dying and asking that some member of her family come to her at once.

A special to the Post-Dispatch from Jeffer-son City, Mo., says: The killing of Senasensation among the senators who are here crats with only eighteen senators, just enough to pass a bill, if all of them are in their seats. Ten days notice of a special election must be given, so that it possible that his successor could be elected n time to take his seat this session. Be fore leaving for St. Louis last Friday Senato Morrissey left instructions with Senator Baskett, chairman of the committee on labor to send him word whenever he was needed and he would return immediately.
