the receivers of the Union Pacific at the other. Under these circumstances it is hardly fair to presume that the present constructive mile of 1½ to 1 would be continued by the Union Pa-cific and a less mileage would have to be accepted by the receiver of the Short Line in order to get an outlet east. This conclusion, of course, is based upon the theory that the opposition to the present receivers of the Union Pacific fails to guar-antee the payment of interest on the first morigage as it becomes due, and also is

shearing. Rhode Island woolen manufacturers say the demand is largely for the cheaper aradea. Business at Pittsburg has been stimulated by the advances and greater activity in iron and steel, but Philadelphia does not appear to have fully shared in this. The most noticeable im-provement is at Baltimore, being in dry goods and shoes. Central and northwestern cities an-nounce a slightly restricted volume of business since the sudden change in the weather. Among southern cities an improvement in trade is re-ported from Memphis, in groce-les at Chata-nooga, at Savannah and particularly at Galveton, where business is said to be fairly satisfactory and the outlook favorable. At New Orleans the volume of business is smaller. Exports of wheat from the United Statets and from Mon-treal this week (flour included as wheat) amount to only 2:57,000 bushels, arguinst 2:80,000 bushels inst week, 2:80,000 bushels in the corresponding week one year ago 3:85:000 two years ago and 3:03,000 bushels three years ago. On the Pa-cific coast, California and Washington fruit and grain crops have been favorably influenced.

Wool Marget.

Wool Marxet. BOSTON, May 17.—The Boston Commercial Bulletin will say tomorrow of the wool mar-ket: The market would be duil were it not for heavy sales of Australian. The mills are now substituting Australian low cross-bred for American medium wools. The Australian costs 56/256 clean; the Kentucky wools about 2c more than the scoured. The new territory wools are selling on a basis of 50c clean for the and medium. There is very little call for short wools, except the very best. The woolen goods market is very dull. American exports of all kinds of wool manufactured have de-clined in value from \$55,428 to \$458,558, com-paring the first nine months of the current with the past fiscal year. American wool and woolen imports from Bradford. England, for April alone show an increase of \$1,560,600 for April alone show an increase of \$1,560,600 for the month. The sales of the week are 1,256,400 domestic and 1,651,600 ths. foreign against 1,847,800 lbs. domestic and \$55,000 lbs. foreign for the same week last year.

Minneapolts Wheat Market.

MINNEAPOLIS, May 17.-WHEAT-May, MINNEAPOLIS, May 17.-WHEAT-May, This: June, This: September, 65%; on track, No. 1 hard, 72%; No. 1 northern, 72; No. 2 narthern, Th:: close firm; receipts, 103 cars, FLOUR-Firmer: first patents, 13.7654.00; sec-ond patents, 13.5563.60; first clears, 12.0052.10.

mortgage as it becomes due, and also is unable to raise the interest in default. Judge Sanborn's order, according to those

who claim to know, leaves the matter much in the same position as at present existing. He surrounds his orders with every safeguard, gives to the receivers of the Union Pacific the right to be heard on all ques-tions, and virtually remands further pursuit for a separate receiver on the part of the American Loan and Trust company to the courts having jurisdiction in the Ham and

Richardson foreelosure suits. In view of the many snarls still to be un-raveled, and the many legal technicalities to be encompassed, it would seem as if the sit-uation was not so bad as some people had anticipated from a hasty reading of Judge Sanborn's order in its emasculated form, as it appeared in the daily papers.

Goes to a Gould Ro d.

E. E. Calvin, superintendent of the Idaho division of the Union Pacific, tendered his resignation to General Manager Dickinson vestorday, asking that it take effect May 25. While there have been rumors as to the contemplated resignation, it came as a sur-prise to Mr. Dickinson, notwithstanding. Speaking of Mr. Calvin, General Manager Speaking of Mr. Calvin, General Manager Dickinson said he was exceedingly sorry to have him leave the service of the Union Pacific. "There are few better railroad men than he. He understands perfectly the re-quirements of a railroad. Since IS91 he has held the position which he now leaves for a higher place and with another system. While we should have liked him to continue with us, still we could not afford to stand in the way of a faithful employe's advancement, and his resignation is, therefore, reluctantly accepted." Previous to his connection with the Union Pacific Mr. Calvin was a division superin-tendent on the Missouri Pacific, and he goes back to his first employer and becomes gen-eral superintendent of the International &
