

REDELL IS ASKED TO RESIGN

Fire and Police Commissioners Decline to Accept His Resignation.

W. S. SEAVY WILL NOT BE REINSTATED

Petition Received but Captain Mostyn Was Continued as Acting Chief of Police—Officer Gustafson Dismissed from the Force.

Last night in open session the Board of Fire and Police Commissioners refused to accept the resignation of John Redell as chief of the Omaha fire department. In executive session, by a vote of 3 to 2, the board declined to reinstate W. S. Seavy as chief of police. By unanimous vote Officer Gustafson was dismissed from the force for conduct unbecoming a policeman.

The new members, Deaver and Brown, were installed and immediately assumed their official duties. In retiring Chris Hartman made a few remarks, in which he stated that in surrendering his office as commissioner he did so with a clear conscience, having endeavored to perform his duty at all times, and that as a citizen in the walks of private life he would always be at the command of the new board. He wished his successor a happy term and would do all in his power to make it such.

A committee from the Commercial club, consisting of Commissioner John E. Utz, W. A. L. Gibbon, Dan Farrell, J. E. E. Bruce, W. E. Clark and Dudley Smith, called to present the report of the action of the executive committee of that organization with relation to Chief Redell's resignation. Chairman Dudley Smith filed the report, which follows:

WATER COMPANY BLAMED. After a conference with the Board of Fire and Police Commissioners we are satisfied that the chief of the fire department has the highest confidence of the board and that he is recognized by the members as an efficient officer and that they sincerely regret that he has seen fit to tender his resignation to them.

Your committee further reports that it has investigated as best it could the causes which have led up to the resignation of Chief Redell and have found that dissatisfaction to a large extent has arisen because of the inadequate facilities for fighting fire, as well as the inefficient equipment in the fire department. The failure of the water works company to furnish an adequate supply of water is another cause of dissatisfaction. The average size of small size of mains distributed throughout the business part of the city, makes it impossible for a fire in a building of any size after it has once started. To our utter amazement we find that some of the mains in the business part of the city are only six inches in diameter, and we may say that from six to eight inches is the average size of all the mains in the business part of the city.

It is our opinion that when two or three lines of hose are attached to the hydrants along one of these streets, it is impossible to get enough water to supply the pressure for fire purposes. We also found that the fire department has considerable difficulty in opening certain hydrants which have been attached, and upon investigation made under the direction of the Board of Fire and Police Commissioners it was discovered that about one-half of the 1,400 hydrants in the city had been permitted to go so much out of repair as to be practically unusable for service. During this inspection a number of hydrants were found from which water would not flow after they had been opened, due doubtless to the fact that rust and dirt had accumulated to such a solid body was formed in the pipe. In other instances the hydrants were found to have become so rusted that it was impossible to open them. We are informed that it is the duty of the water works company under its contract with the city, to keep all the hydrants in repair and that the present condition is due to the failure of that company to comply with the requirements of this contract. The line is paid to the water works company as rental for these hydrants certainly entitles that company to have them maintained in such order that they will be ready for use at any and all times, and a failure of one of the hydrants at a critical time would imperil thousands of dollars worth of property.

The condition of the fire department was recently examined under a joint committee from the city council and the board of fire and police commissioners, and it is believed by the receivers of the water works company that the present state of affairs would be made in the distribution of water mains throughout the business part of the city so as to avoid such a disaster. Owing to their failure to make these improvements it is impossible for the fire department to cope with a conflagration if it had once gotten a start. These facts are realized by Chief Redell and we think that the present attitude of the water works department toward the city is a disgrace by its continued failure and refusal to increase the size of its mains, as well as to keep in repair the hydrants attached to a large extent been the cause of his resignation.

Your committee further reports that it has been unable to find any dissatisfaction with Chief Redell, nor has it found any body questions his ability and qualifications for the position he holds, and it believes that he enjoys the confidence of the board and city council, with the request that they take such steps as may be necessary to remedy the defects existing in the water works service and to procure for the city an adequate water supply for fire protection, that a committee be appointed to meet with the board of fire and police commissioners at their next regular meeting for the purpose of expressing to said board the confidence which this club has in Chief Redell and to request that his resignation be not accepted.

REDELL'S RESIGNATION REFUSED. Commissioner Strickler heartily concurred in the action of the Commercial club committee and moved that the communication be received and placed on file. Carried. Mr. Strickler then moved that the resignation of Chief Redell be not accepted. Commissioner Brown at this juncture filed a petition from the Veteran Firemen's association requesting Chief Redell to withdraw his resignation. Mr. Gibbon of the Commercial club said that the presence of the business men's committee to co-operate with the commissioners in preventing Chief Redell from remaining in charge of the fire department was prompted purely for the welfare of the property owners and interests of Omaha, irrespective of politics. He commended the chairman and the chief and spoke earnestly of Mr. Redell's ability and his splendid work since he has come to Omaha. He hoped that the board would decline to accept his resignation. By a unanimous vote the commissioners declined to accept Mr. Redell's resignation. Officer Gustafson was placed on trial for conduct unbecoming an officer and delinquency on April 28. He gave an explanation, in which he stated that his details were responsible for the loss of time and that he was kept so busy chasing a noisy gang of spectators away from a wedding that he could not report on time. The other charge against Gustafson was to the effect that he had acted as a "broker" in the precinct district, April 2, for two strangers. Officer Dillon was called as a witness and submitted some damaging testimony against his fellow officer. Sergeant Ormsby also testified. In his own defense Gustafson admitted that he had held a conversation with two strangers at Tenth and Capitol avenue on the date in question, and that they endeavored to secure his services, but he had referred them to the officer on the next beat. Officer Christensen was on the carpet for failing to report in accordance with police regulations. When he faced the volley of questions which Mr. Strickler fired at him he said it was all due to sickness. Charges were preferred against Officer Meala for playing cards with the night clerk of the Drexel hotel, against the objection of the fact that it was against police rules for an officer to do so when in full uniform and on duty. Action on these and other charges, including one against Officer Bromley, were deferred one week on account of a rush of other business. SEAVY PETITION HANDLED IN. A petition from seventy-three members of the police force, accompanied by a letter from General Lowe asking that it be presented to the board, was read. The petition was an entreaty to reinstate W. S. Seavy. The board asked that the ex-chief of police be reinstated and set forth that the signers "believed the best interests of the community calls for his retention in the service by reappointment."

NOT READY TO ELECT THEM

School Board Refers Back Committee's Report on Special Instructors.

SUPERVISORS OF MUSIC AND DRAWING

First Action of the Board with Respect to the Employment of Teachers for Coming Year—Objection to Form of Present Contract.

Miss Fannie Arnold, supervisor of music, and Miss Ethel Evans, supervisor of drawing, were recommended to the Board of Education last evening by the committee on special instruction for re-election, the first at \$140 per month and the second at \$110 per month. The report was not adopted. Three members of the board, Bandhauer, Lunt and Rhoades, were absent. The report of the committee was read by Lowe, and was signed by himself, Lower and Burgess of the four members of the committee. Opposition to the motion of Lowe to suspend the rules and instruct the secretary to cast the ballot of the board for the instructors named was begun by Johnson, whose motion to divide the question prevailed. Cranbitt then moved to refer the recommendation to Miss Arnold back to the committee, and Pierson seconded. Burgess, for the committee, said that it would be useless to refer, as the committee had considered all the matters involved and the report had been signed by a majority. Cranbitt called attention to the fact that three members of the board were absent, and in the case of so important a matter as a selection of teachers, insisted that all should be present. He also referred to the fact that the member of the committee who had not signed the report was absent from the meeting, and he should be heard from.

A viva voce vote was taken on the question to reappoint and President Akin declared the motion carried. Several called for an eye and nay vote, which resulted: Ayes—Cranbitt, Edwards, Johnson, Knodel, Lower, Pierson, Akin—7; Nays—Lowe, Burgess, Pierson, Akin—7, and the motion was again unopposed. The same action was taken in the case of Miss Evans. A point of order, which the chairman was reluctant to decide on before hearing from the committee, it was that Mr. Johnson's motion to refer the report to the committee was simply to refer on progress made in special department and to recommend with reference to course of action to be adopted by the board. This was held to be in order. Burgess then moved to refer the report to the committee, and Pierson seconded. Burgess, for the committee, said that it would be useless to refer, as the committee had considered all the matters involved and the report had been signed by a majority. Cranbitt called attention to the fact that three members of the board were absent, and in the case of so important a matter as a selection of teachers, insisted that all should be present. He also referred to the fact that the member of the committee who had not signed the report was absent from the meeting, and he should be heard from.

REDELL NOT DECIDED. After the board adjourned Chief Redell filed a report that while he appreciated the encouragement and interest of the Commercial club and citizens for his resignation, he had not decided to reconsider his resignation as yet. His plans were indefinite. When asked if he would accept the position of chief of police, he said he would accept the position if he were not particularly of the water company. There were other reasons. Let the Board of Fire and Police Commissioners do something. Let them do what they agreed to do when I first came here." The chief declined to discuss the matter beyond this. Commissioner-elect Brown declared himself last evening on the granting of absence for extended periods to policemen and firemen. He was in favor of disallowing pay in such instances.

A freshness, lightness and sweetness are given to dough by Dr. Price's Baking Powder that no other kind can even approach. Will Try to Find Him. President Lybrand of the Associated Charities reported to the chief of police yesterday that some unauthorized person was soliciting charity in the way of money and clothes. According to Lybrand, the offending party is a young man of good appearance and a smooth, affable talker. He has been working in the vicinity of St. Mary's avenue and Twenty-fifth street and the story he tells is believed by many from whom he solicits. The collector tells the people that he is soliciting aid for an old man and his family for the purpose of sending them to Kansas, and that the Associated Charities are busy, he is doing the work for them. The police will make an effort to apprehend the impostor.

Home-seekers' Excursion. On May 21 and June 11, 1895, the Union Pacific system will sell tickets from Missouri river points and stations in Kansas and Nebraska to points south and west in Nebraska and Kansas, also to Colorado, Wyoming, Utah and Idaho, east of Winer and south of Heaver. Canon, at rate of \$1.00 per day, including meals, and \$1.00 per day for baggage. Minimum rate \$7.00. H. P. Deuel, G. T. A. U. P. system, 1202 Farnam street, Omaha. In the Smoking Room. A notable feature of the sleeping cars now running between Omaha and Chicago on the Burlington Route is the "Vestibule" or "Puff" smoking-room. It's larger, more comfortable, better arranged, better ventilated than the usual run of smoking-rooms. Great people can find seats in it. On a pinch, tin can be accommodated. This is only a minor detail of travel, but after all, minor details are what count. Tickets and full information about the Burlington's service to Chicago, Denver, St. Louis, Kansas City, St. Joseph, Hot Springs, Deadwood, Helena, Butte, Spokane, Tacoma, Seattle, Portland, San Francisco, and other important points can be had at the city ticket office, 1224 Farnam street.

Home-seekers' Excursion. To all points on the F. & M. V. R. R. Date of sale May 21st, 1895; limit 20 days from date of purchase; minimum round trip selling rate, \$7.00. Ticket office 1401 Farnam st. Depot 15th and Webster sts. J. R. BUCHANAN, G. P. A. Impossible to Live in This Country. Without hearing about the Northwestern line's evening "Chicago Limited," for people WILL talk about its convenience, tastefulness and comprehensive up-to-dateness. Omaha, 5:45 p. m.; Chicago, 8:45 a. m. Vestibule sleeping cars, chair car, card tables, dinette, Pintsch gas, EVERYTHING. No extra cost. Other Northwestern trains at 11:05 a. m. daily. Want your trunk checked at home? Flour the board. Flour, turn out dough, give fast quick, vigorous kneading to complete smoothness. Set it under cloth ten minutes. Then roll it with rolling pin, exceedingly thin, cut with round cutter, place each cracker with fork, lay upon slightly greased baking tin, wash over with milk, brush with egg wash, and bake in minutes. When cold, store them for use.

Half Bakes to Texas. May 21 and June 11, via Santa Fe route. For particulars call on or address E. L. Palmer, P. A. room 1, First Nat. bank, Omaha. NOTHING can be substituted for the ROYAL BAKING POWDER and give as good results. No other leavening agent will make such light, sweet, delicious, wholesome food.

COGNAC STARCH CRACKERS. One and one-half pints flour, one-half pint corn starch, one-half teaspoonful salt, one tablespoonful sugar, one tablespoonful lard, one teaspoonful Royal Baking Powder, one-half pint milk. Sift together flour, corn starch, salt, sugar and powder; rub in lard cold; add milk and mix into smooth, firm dough. Flour the board. Flour, turn out dough, give fast quick, vigorous kneading to complete smoothness. Set it under cloth ten minutes. Then roll it with rolling pin, exceedingly thin, cut with round cutter, place each cracker with fork, lay upon slightly greased baking tin, wash over with milk, brush with egg wash, and bake in minutes. When cold, store them for use.

RYE GRIDDLE CAKES. One pint rye flour, one-half pint Graham flour, one-half pint flour, one tablespoonful sugar, one-half teaspoonful salt, two teaspoonfuls Royal Baking Powder, one egg and one pint milk. Sift together rye flour, Graham flour, sugar, salt, and baking powder, add beaten egg and milk, mix into smooth batter. Bake deep brown color on hot griddle.

SOUTH OMAHA CITY COUNCIL

Protest Against Granting a License to R. S. Berlin & Co. Defeated.

RAIN WATER MAKER

The People From One Lands End to the Other Testify for This Great Economizer.

Rain Water Maker is gaining thousands of friends every day, and this fact is proved by the testimonials and congratulatory letters that are received by J. S. Kirk & Co. It is a preparation in which the people that will do what Rain Water Maker will do, yet be perfectly harmless. As a rule powders of a deleterious character are foisted on the public market; they are intended to give economical results, but seldom do, for their composition is of a strong and ruinous character. Rain Water Maker will break the hardest water instantly; it will also prevent colors from running in printed goods, such as calicoes, etc. For the bath Rain Water Maker is exquisite, as it helps the soap to remove any superfluous excretions that may adhere to the body. It is not a greasy preparation whatsoever, and can be used without stint.

WE HAVE OBTAINED WONDERFUL RESULTS IT PREVENTS COLORS FROM RUNNING. Mrs. Elgin, wife of J. L. Elgin, manager of Cudahy's wholesale meat market, and residing at 823 South Twenty-fifth avenue, says: "Kirk's Rain Water Maker is just splendid, and we have obtained wonderful results from the use of it in my house. It breaks the hardest water and makes it as soft as rain water. It is indeed a rain water maker. There is no sediment or curdling of the lathering, and the clothes are very white and soft after coming from the wash in which this preparation is used. It prevents the colors from running in delicate fabrics, and every one knows that has been one of the hardest things to contend with. I am glad it has been placed on the market, and cheerfully recommend it to all."

A Well Known Chemist Tries the Great Preparation. Has no Hesitation in Recommending It. Mr. J. C. Cornwell, manufacturing chemist, with E. E. Bruce & Co. wholesale drug house, and residing at 2502 St. Mary's avenue, says: "I procured a sample of Kirk's Rain Water Maker and took it to my home, where my wife and I tested it in several ways. It works admirably and the water is made as soft as can be by the use of it. I made an analytical analysis of the preparation, but from the tests which I have given it can say that it is a most valuable compound, and I am satisfied that it will do whatever the proprietors claim that it will. I feel no hesitancy in recommending it to every one who is compelled to use hard water." Rain Water Maker is never peddled or sold in bulk. It is on sale at all grocers, a large two-pound package for 25 cents.

THE WOMAN'S CHRISTIAN ASSOCIATION will give a church at 11:30 a. m. on Wednesday and Thursday from 11 to 2 o'clock. Parties having occasion to visit Arkansas, Kansas, Southwest Missouri, Indian and Oklahoma Territories, Louisiana, Texas, etc., will find the Missouri Pacific Railway Company, N. E. corner 13th and Farnam, or depot, 16th and Webster streets, Omaha, Neb., and make arrangements to start on May 21st or June 11th. Very low rates for the round trip, limited to twenty days, with liberal stop-off privileges. J. O. PHILLIPS, THOS. P. GODFREY, A. G. F. P. & T. A.

Rowland Wm. Bailey, D. D. S. LEADING DENTIST. 31 floor Paxton Block. Finest and Best Dental Work. Teeth extracted without pain—without gas. Use Dr. Bailey's Tooth Powder. LEAVES ITS MARK. Every one of the painful irregularities and weaknesses that prey upon women. They fade the face, waste the figure, ruin the temper, wither the young, make you old before your time. Get well: That's the way to look well. Cure the irregularities and ailments that prey upon you, with Dr. Pierce's Favorite Prescription. It regulates and promotes all the proper functions of the system, enriches the blood, dispels aches and pains, melancholy and nervousness, brings refreshing sleep, and restores health and strength. It's a powerful general, as well as uterine, tonic and nerve, imparting vigor and strength to the entire system.

DR. MORSE DRY GOODS CO. The Dress Sale Will Continue Until Everything in Spring and Summer Goods is Sold. Best dress linings 3¢ worth 5¢. 20c silsiasa trousers 10¢. Best French challies 25¢ worth 45¢. Best half yard dark challies, 12 1/2¢. \$25.00 novelty dress patterns \$7.00. 1 1/2 yard wide suitings 25¢ worth \$1.00. 1 1/2 yard wide black cheviot 59¢ worth \$1.00. All wool crepons 58¢ worth \$1.25. Black figured mohair 37 1/2¢ worth 75¢. Light and dark challies 3¢. Bargains all over the store. S. P. MORSE DRY GOODS CO. A Few Announcements. Offered by the Chicago, Milwaukee & St. Paul railway, the short line to Chicago. A clean train, made up and started from Omaha. Baggage checked from residence to destination. Elegant train, with good cooks and employees. Entire train lighted by electricity and heated by steam, with electric light in every berth. Finest dining car service in the west, with meals served "a la carte." The flyer leaves at 6 p. m. daily from Union Depot. City Ticket Office, 1204 Farnam street. C. S. Carr, city ticket agent.

NOTICE OF RECEIVER'S SALE. Notice is hereby given that pursuant to an order of the district court of Douglas county, Nebraska, entered on the twenty day of May, 1895, in a suit pending in said court, the undersigned receiver of said court, do hereby sell, to the highest bidder, at public auction, on the 27th day of May, 1895, at 10 o'clock a. m., all the contents of the premises of said Wallace and company, incorporated, located at the place of business of said Wallace and company, incorporated, consisting of a lot of 100 square feet of land, bounded by the streets of said Wallace and company, incorporated. Said premises are situated in the city of Omaha, Nebraska, and are more particularly described as follows: A lot of 100 square feet of land, bounded by the streets of said Wallace and company, incorporated, and by the streets of said Wallace and company, incorporated, and by the streets of said Wallace and company, incorporated. KIRK

FROM OCEAN TO OCEAN

RAIN WATER MAKER

The People From One Lands End to the Other Testify for This Great Economizer.

Rain Water Maker is gaining thousands of friends every day, and this fact is proved by the testimonials and congratulatory letters that are received by J. S. Kirk & Co. It is a preparation in which the people that will do what Rain Water Maker will do, yet be perfectly harmless. As a rule powders of a deleterious character are foisted on the public market; they are intended to give economical results, but seldom do, for their composition is of a strong and ruinous character. Rain Water Maker will break the hardest water instantly; it will also prevent colors from running in printed goods, such as calicoes, etc. For the bath Rain Water Maker is exquisite, as it helps the soap to remove any superfluous excretions that may adhere to the body. It is not a greasy preparation whatsoever, and can be used without stint.

WE HAVE OBTAINED WONDERFUL RESULTS IT PREVENTS COLORS FROM RUNNING. Mrs. Elgin, wife of J. L. Elgin, manager of Cudahy's wholesale meat market, and residing at 823 South Twenty-fifth avenue, says: "Kirk's Rain Water Maker is just splendid, and we have obtained wonderful results from the use of it in my house. It breaks the hardest water and makes it as soft as rain water. It is indeed a rain water maker. There is no sediment or curdling of the lathering, and the clothes are very white and soft after coming from the wash in which this preparation is used. It prevents the colors from running in delicate fabrics, and every one knows that has been one of the hardest things to contend with. I am glad it has been placed on the market, and cheerfully recommend it to all."

A Well Known Chemist Tries the Great Preparation. Has no Hesitation in Recommending It. Mr. J. C. Cornwell, manufacturing chemist, with E. E. Bruce & Co. wholesale drug house, and residing at 2502 St. Mary's avenue, says: "I procured a sample of Kirk's Rain Water Maker and took it to my home, where my wife and I tested it in several ways. It works admirably and the water is made as soft as can be by the use of it. I made an analytical analysis of the preparation, but from the tests which I have given it can say that it is a most valuable compound, and I am satisfied that it will do whatever the proprietors claim that it will. I feel no hesitancy in recommending it to every one who is compelled to use hard water." Rain Water Maker is never peddled or sold in bulk. It is on sale at all grocers, a large two-pound package for 25 cents.

THE WOMAN'S CHRISTIAN ASSOCIATION will give a church at 11:30 a. m. on Wednesday and Thursday from 11 to 2 o'clock. Parties having occasion to visit Arkansas, Kansas, Southwest Missouri, Indian and Oklahoma Territories, Louisiana, Texas, etc., will find the Missouri Pacific Railway Company, N. E. corner 13th and Farnam, or depot, 16th and Webster streets, Omaha, Neb., and make arrangements to start on May 21st or June 11th. Very low rates for the round trip, limited to twenty days, with liberal stop-off privileges. J. O. PHILLIPS, THOS. P. GODFREY, A. G. F. P. & T. A.
