The Agricultural commission has supplied 250 families with garden plots, seed potatoes and small seeds, and 150 families with plots and small seeds, but no seed potatoes, owing to funds being exhausted.

One hundred dollars is all that is required to purchase them and a complete work has every prospect of being a great success and be the means of supporting so many deserving families during the coming winter.

125 descriptions of 10 cents each have been prepared which will be received at the commission's office, room 406 city hall.

Yacht Named Tribby Capsized with Fatal Results.

BUFFALO, May 25.—A steam yacht bearing the name of Tribby was capsized in the Hamburg canal this morning and two or three men are thought to be drowned. The accident occurred at the Michigan street bridge, which is being repaired. The yacht was used as a ferry to carry workmen across the canal and today there was a large crowd of Polish laborers who sought conveyance to their work. They clambered aboard like a flock of sheep. The Tribby took three loads safely across, but when she returned for the fourth the Poles made a rush for her and all jumping together on one side caused her to lurch, capsize and go to the bottom.

For several minutes the canal was alive with half crazy, terrified human beings, few of whom could swim, but all of whom were struggling and clutching at each other or anything within reach. Many climbed out on the dock, but others were seen to sink and were not seen again. The canal is being dragged. It seems impossible that all escaped, and it is believed that two or three Poles are missing.

Two Verdicts of Attempted Murder.

ATCHISON, Kan., May 25.—The case of Jim Nutt, charged with shooting and attempting to kill Mrs. Jesse Payton, was given to the jury late last night. The defense made a stronger case upon the insanity plea than upon the occasion of Nutt's first trial. The jury returned a verdict of guilty as charged. The first case against Nutt, for attempting to kill Leonard Coleman, resulted in the same verdict.

Distillery Slop for Cattle.

PEORIA, May 25.—Representative Schaffer, author of the house bill to prohibit feeding of distillery slop to cattle, is in the city today. He says the house will do nothing about the matter until it comes to them from the senate and the house committee, which made the investigation, will not make a report because the senate committee report is substantially what theirs would be.

Minor Court Matters.

Minnie E. Frisbie has brought suit against Burton E. her spouse, for a divorce, reciting that the latter has unwisely consorted with a woman named Murphy.

Grace Green, a minor, has sued William Preston & Co. to recover \$2,000 damages for having had her left leg caught in a piece of machinery last November while working in the flouring mills of the defendant.

The death of General John B. Hawley was announced in court yesterday before the bench of judges by Mr. Wharton, whereupon the court appointed John M. Thurston, J. E. Woolworth, Charles J. Green, John L. Webster, Charles O'Hara, John C. Wharton and B. T. White a bar committee to take suitable action.

It becomes a question in the suit of J. Carroll Whinnery against the German Insurance company as to how much Whinnery's house was worth. It burned down last July while a \$1,000 policy was in force. The company makes answer to Whinnery's claim for the money that the house was not worth over \$700 at an outside figure.

Christian Tautkus is richer by reason of the verdict of a jury rendered in his damage suit against the city of Omaha. Tautkus sued for \$6,000, but the jury cut down the amount to the sum stated. The damage claimed was for filling done on the street beside Tautkus' lots on Poppleton avenue and Third street where he had a dozen houses into which the dirt placed in a street was washed upon the floors until it became a foot deep.

A case has been brought to the attention of the district court in which the plenary powers of a justice of the peace are illustrated. A few days ago two small boys, David Free and Willie Neal, were brought before J. W. Hempstead, a justice of the peace at Valley, for maliciously destroying several window glasses in a Fremont car. Free was remanded to the district court and sentenced to the reform school and Neal was sentenced to twenty days in jail. The boys' grand jury was returned at the city court. The county attorney is looking into the case.

TROUBLE IN GETTING LAUDER

Peoria Authorities Refuse to Let Him Go Unless the Bond is Paid.

SHERIFF WILL BEGIN A LEGAL PROCESS

Charges Against Justice Crosby for Accepting No Law a Bond from Laudier Referred to County Attorney—Investigation of Fee Question.

The commissioners, at their meeting yesterday, took up the charge against S. N. Crosby, a justice of the peace who is taxed by Alvin Locke with grossly neglecting his duty to secure a good bond in an important criminal case. The result was that Abraham S. Laudier was enabled to make his escape from the state before the case against him had been even called up for a preliminary hearing.

The Bee has given full details of the escape of Laudier. On May 13 Crosby is charged with maladministration of his office in that he required a bond of but \$500 for Laudier's appearance in his court on the following Wednesday afternoon to answer to the charge of having attempted to assault Amanda Locke, a girl attending the Omaha schools. The charges were referred to the county attorney for attention.

While the board was considering this case Sheriff Drexel entered and read a telegram stating the Peoria authorities refused to deliver up Laudier without payment of \$200 reward. It was at first thought that Governor Alford might be prevailed upon to interpose and secure Laudier's return. Finally Sutton introduced a resolution that the sheriff be empowered to visit Peoria and secure Laudier by legal process, calling on the county attorney for assistance, if necessary.

The controversy respecting the adjustment of certain fees questions in which the district clerk and the commissioners are in dispute, is to be referred to the judges. A report of the finance committee was adopted instructing the county attorney to select four men against whom a large number of hypothetical cases are investigated by the court for a determination.

On March 30, 1895, the clerk and board agreed to submit their controversy to district judges. Pursuant to this stipulation a submission of the case has been prepared which was read by the commissioners and received their approval. The first case in dispute is the case of Charles J. Jentke against Charles Johnson and others, docket 14, page 10. It was started June 7, 1888. July 10, it was dismissed at plaintiff's request. The plaintiff's costs were \$11.88, the defendant's costs \$5.20, making a total of \$17.18. Four dollars witness fees were paid on December 14, 1893. It was applied by the

FOREST FIRES IN MICHIGAN.

Serious Hazards Started Up Simultaneously in Many Different Places.

HOUGHTON, Mich., May 25.—Forest fires have sprung up in all parts of the upper Michigan peninsula during the past forty-eight hours. The woods are unusually dry and the fires spread rapidly. The western portion of Houghton narrowly escaped destruction yesterday afternoon.

City loans, P. & Potter, N. Y. Life.

Breaking Away from the L. A. W. SYRACUSE, N. Y., May 25.—Tom Eck has called a meeting of the board of directors of the American League of Racing Cyclists at Albany on June 5 to take action on the attitude of the League of American Wheelmen racing board toward Class B riders, by the expelling of Johnson and threatened suspension of Sanger, Titus, Tyler, Cabanne, Hall, and other men, which is being considered. An effort will be made to take the racing interests in this country out of the hands of the League of American Wheelmen, which, in their estimation, is doing much to injure the fast Class B men.
