OMAHA LIVE STOCK MARKET

Receipts of Cattle Were Light and of Hogs Moderately Heavy. DEMAND FOR GOOD SORTS IS STRONG. Beef Men and Butchers Pay Steady Prices for What They Want—Stockers Sell Higher—Hogs Drop a Nickel to a Dime.

As is usually the case on the day following a holiday, receipts were comparatively light. So far this week the supply has amounted to 6,125 cattle, 25,625 hogs and 1,887 sheep. As compared with arrivals for the corresponding five days last week this is an increase of 1,100 cattle and a decrease of 7,400 hogs and 1,887 sheep.

The supply of cattle today was small and the general quality of the receipts was well below the average. There were no good to choice beef cattle here, and the comparatively few useful beef steers offered would come under the head of poor to fair. This applied to the western as well as the native fed stock.

CHICAGO, May 31.—CATTLE—Receipts this week will run about 6,000 head over last week and will about equal the receipts of the corresponding week last year. The arrivals today were about 4,500 head, and as trade was again extremely slow, prices failed to show the slightest improvement.
