PLANNING A MASTER STROKE

Cuban Sympathizers Getting Ready an Extensive Filibustering Expedition.

TO SAIL FROM THE ATLANTIC COAST

Expanding Said to Be Going Ground Rapidly—Martinez Campos Sick of His Job and Ready to Return to Spain.

JACKSONVILLE, Fla., June 6.—A special to the Florida Citizen from Fernandina, Fla., says: The master stroke of the Cuban revolutionary movement in this country will occur within three days.

The principal leaders in the United States were quartered at Jacksonville two days ago, but yesterday afternoon quietly slipped over here, took carriages and went to Ocean Beach, where they stopped at the Strathmore hotel. From an adjoining room the Citizen correspondent overheard the whole of the deliberations, which began at 8 p. m. and lasted until a late hour.

The consulting boards decided that the expedition should be made ready at once; that they should sail from some port between Brunswick, Ga., and Jacksonville, Fla.; that it should be commanded by Colonel Enrique Collazo, the war-scarred veteran of 1868 and 1878, and that the fleet should consist of three new-purchased torpedo boats, the latest pattern and of great speed, and manned by experienced seamen.

Collazo is to land the expedition at some point in the province of Puerto Principe, where forces of the Spanish army are not to co-operate. The expedition is to land in Cuba within thirty days.

MOBILE, Ala., June 6.—There is no truth in the report of a filibustering expedition being organized here. The schooner Meteor sailed from here two days ago, but did not stop at Dauphin Island.

MADRID, June 6.—General Martinez de Campos sent a cable message to the Spanish government announcing that several insurgent leaders are expected to effect a landing on the island of Cuba, and adds that owing to fresh disturbances on the island, probably the recent invasion of the province of Sancti Spiritus, he has ordered his agents, he asks for a reinforcement of six battalions of infantry.

WYOMING REPUBLICAN CLUBS

Many Delegates Attend the State Convention at Cheyenne.

FAVOR FREE COINAGE OF GOLD AND SILVER

Resolution Adopted Denouncing the Democratic Party for Its Numerous Hindrances at Home and Abroad—National League Representatives Selected.

CHEYENNE, Wyo., June 6.—(Special Telegram.)—The state convention of Wyoming Republican clubs convened here today, being called to order at 10 o'clock this morning by President Hamilton.

The delegates to the National League convention are: Senator C. D. Clark, Congressman F. W. Mondell, C. W. Burdick, T. F. Burke, Mrs. Esther Morris, August Training, E. W. Martin, E. Stone, Fred B. Blair and George B. McCallum.

Resolutions were adopted denouncing the act of the democratic party in placing wool upon the free list and for its failure in the management of both foreign and domestic affairs; declaring in favor of a vigorous American policy, including an enforcement of the Monroe doctrine, and favoring the free and unlimited coinage of both gold and silver at a ratio of 16 to 1, with full legal tender and unlimited coinage in payment of public and private debts.

A public meeting was held under the auspices of the league tonight, at which resolutions were made. Tonight's session was even more boisterous than the afternoon proceedings and the delegates were in their seats until long after midnight.

The democratic state convention meets here June 25 to decide whether the Carlisle idea for "sound money" or the Blair plan for free silver shall prevail. The republicans think their old dominant opponents will be so divided as to give today's nominees a winning margin.

For Lieutenant Governor, William J. Worthington of Greenup. For auditor, Samuel J. Stone. For secretary of state, Charles Finley. For treasurer, George Long.

As the state law prohibits the use of any party name in the national election, the convention adopted Daniel Boone's log cabin as the republican emblem, instead of the eagle. During the latter part of the convention, the proceedings were obstructed by disorder, but at the session tonight the convention was still in order.

FIGHT IN THE LAST DITCH

Hearing the Short Line Case Commenced Before Judge Merritt.

SALT LAKE, Utah, June 6.—(Special Telegram.)—The last act in the great struggle for the possession of the Oregon Short Line and Utah Northern opened in Judge Merritt's court today, and among the chief actors were some of the most brilliant and distinguished attorneys in the United States.

Some new questions were raised at the hearing today. The petitioners asked that such an order be entered as will leave it optional with them whether they accept the Utah Southern and Utah Southern extension lines, extending from Salt Lake to Frisco.

Question and expressions dropped by the court during the arguments indicate an inclination to take the interests of the Union Pacific into consideration, and some modifications of Judge Sanborn's order are predicted.

WORK OF BOWER BURGLARS

Postmaster Graham Fatally Shot by Masked Men at That Place.

REFUSED TO THROW UP HIS HANDS

Companion of the Murdered Man Jump Through a Window and Escapes—Assassins Being Closely Hunted by Officers.

BEATRICE, June 6.—(Special Telegram.)—A bold attempt at murder and robbery occurred at the little town of Bower, twenty miles west of this city, last night. The scene of the affair was in the store of Postmaster Lantz Graham. During the earlier part of the evening friends and neighbors to the number of five or six were in the store, and about 10 o'clock all went down except a Mr. Hart, who remained in the doorway talking to Postmaster Graham, when two men stepped from the side of the house, and, covering them with pistols, commanded them to throw up their hands.

Help was hurriedly at hand, but the murderers had fled. Postmaster Graham was lying on the floor, and it was found that he had a bad wound in his breast and head. He was partially conscious and physicians were promptly summoned. One bullet had passed through the right arm, and another shot had other had fractured his skull. His wounds are regarded as very serious. A posse at once started in pursuit of the murderers, but they secured nothing from the store or postoffice, being frightened away before accomplishing the robbery.

Word was at once wired to all surrounding towns describing the robbers. In the search for the robbers, it was found that they had a buggy hitched just at the outskirts of the town and had escaped in it. A big posse in pursuit and the trail seems to lead northward.

At a late hour this afternoon Graham was still alive, but cannot live until morning. Graham had been taken to the hospital the day. His statement of the affair is that he and Hart, a neighbor, were sitting in the store when the two men with the upper jaw and the other with a mustache, presenting revolvers ordered them to throw up their hands. Graham raised a chair over his head to strike, when both fired. Hart was trying to make good his escape and breaking out a window escaped and gave the alarm. A shot, evidently fired at Hart, was found in the wall, by the door, where he was trying to escape. Another shot was fired, passing through the transom over the door, and the bullet was found in a box on a shelf. Four shots were heard by parties living near.

The buggy tracks were followed for some distance north, but the trail was finally lost. Graham had been taken to the hospital, but was committed by parties living near, but no arrests have been made. Graham has kept store at Bower for about ten years, and has a brother-in-law of Hon. G. J. Carpenter and has a wife, living in Pennsylvania.

PREACHER WANTED TO LEAVE TOWN. White People Could Not Stand His Teaching Social Equality. ATLANTA, Ga., June 6.—A special from Tuskegee, Ala., says: A party of the best citizens of this town gave Mr. Keller, a white man of Ohio, a "surprise party" at 7 o'clock yesterday evening by calling on him and informing him, through their spokesman, Dr. A. J. Gautier, that his presence here was obnoxious and disgusting to the white people of Tuskegee, and especially so to the citizens of Tuskegee, and that he must leave the town and county on the first train which passes through Tuskegee, at 11 a. m., or abide the consequences. Keller pretends to be a minister, claiming he was "called" to preach to the negroes of the south. He has been holding a protracted meeting here in the negro church for the past ten days, eating, sleeping and mingling together with the negroes, making his headquarters with one Thomas Harris, where he was found by the committee that waited on him. He is teaching and practicing social equality, which was never submitted to by the people of this section.
