

A FLURRY OF SUMMER SPORTS

A Review of the Great Bicycle Race and Wheel News Galore.

CHAT WITH THE KNIGHTS OF THE DIAMOND

Troun in Nebraska—New Gun Club—Springing—Tennis—Foot Ball and shooting and Fishing—Sports of All Kinds.

In reviewing the Coliseum six-day race of last week it is putting it mildly to say that it was a success. Manager Hayden deserves a great deal of credit for the enterprise he has shown in getting this race up and the magnificent prize list which he offered was second to none that has ever been given in the west. The bicycle craze is at the present time at fever heat and good clean racing will draw large crowds of time, and we might say "at any place."

There will be no more racing after the 15th of this month in the old Coliseum for some time to come, as it will then be used as a store house for the floats which are to be used during the state fair festivities this fall.

It is possible, however, that arrangements will be made to hold some races in the big building during the winter months. As the associated cycling clubs have been given a date on the national racing circuit, the people of Omaha will then have a chance to see some bicycle racing of the kind which they have never beheld before.

The people of Omaha will then have a chance to see some bicycle racing of the kind which they have never beheld before. All the cracks will be here, among whom are Sanger, Murphy, Ziegler, Conner, Cabanes, Tyler and many others of fame, and as the Omaha track is fast we may reasonably expect some record breaking. Returning to the subject of last week's race, the messenger boy is truly a wonder. At times his riding and head work were like that of a veteran, while at others he showed poor head work, but at no time did he show poor speed.

With proper care he will make a winner. If he wishes to keep the esteem of the wheelmen and be liked by everybody, he must be careful and not become a victim of the dreaded "Scarlet Head" which is very apt to be noticeable after a racing man has been made as much over by the people as this boy was. It is a pity that he never ever, that his friends have the large head over his performance than the boy himself, they seemingly prize the one who are doing the "blowing."

Fredrickson deserves a great deal of credit for his game riding, he is so large and bulky that it is a very hard matter for him to go around the sharp turns in the Coliseum track fast, while the messenger boy seemed to ride them as easy as he did the stretches. In a good half mile out-door track, we think there is no question but what Fred could beat the boy easily.

Holloway comes in for his share of praise. He rode a game race and deserves a great deal of credit. Holloway disappointed his friends, as did also Gader, who by the way is far from being in shape to ride a hard race.

C. Khor Denman has accepted a position with the Columbus Buggy company of this city. He will have charge of its cycle department, and invites all of his friends and wheelmen in general to call and see him. He will continue racing, however, and we expect to see him at the top of the heap of Nebraska racing men before the season is over.

Pisley was laid up a couple of days last week with a mild attack of tonsillitis. Russell Condon spent several days in the city last week. He came in from the Horn mountains, where he has charge of the construction of irrigation ditches. He says that he has more success building ditches than he did with the race.

A foreign wheel racer, seeking for a novelty, advertises that it will present a prize to the subscriber who shall present, with the most patches upon it, a bicycle which is still serviceable. A certain member of one of Omaha's wheel clubs has already subscribed for the paper and forwarded his tire, which he will venture to say, from the number of times that he has had to stop by the roadside on club runs to repair it, is all patches and patches, very little of the original tire remaining.

The village trustees of Babylon, L. I., have recently issued an order directing the police to arrest all cyclists who ride within the town limits on Sunday. In relation to this, Chief Consul Potter of the New York division, League of American Wheelmen, has issued the following statement: "I consider it my duty to give notice to all cyclists who see fit to ride on the public streets or roads in the village of Babylon, either on Sunday or any other day of the week, for the purpose of business or convenience or pleasure, that the New York state division of the League of American Wheelmen will take any and every action against the village authorities or any officer acting or claiming to act in their behalf, whenever a wheelman shall be obstructed, arrested or forcibly detained on the public highway or streets. It is, of course, within the province of the police to take any action to prevent the use of the sidewalks by wheelmen, or to require the use of bells or lamps, but beyond these reasonable regulations they are powerless to interfere with the free and unrestricted use of the public streets by wheelmen who choose to ride through Babylon on Sunday or any other day."

This action, which is a "butter" part ought to force some of the what-is-the-good-for-anyway croakers into their holes. The full-fledged Brahmin acquires his wonderful transcendent powers only by undergoing penance and by subjecting himself to a most heroic character. People nowadays do not scourge and cut themselves with rods, giving up three square meals a day and lifting their bodies with all sorts of inhuman tortures and pain by way of invitation into the mysteries of the supernatural world.

It is, in his way, a disciple of the Brahmin. The public which sees him in a hard ridden race with seemingly no effort at all rarely appreciates the fact that he is a man who has necessary for the winner to undergo before he can come to the tape fit to dollar.

A dollar saved on the price of a wheel is a dollar you never bought any fun with. All things come in racing to those who, having sufficient speed, know when to stop waiting tactics.

If excuses for delayed deliveries of wheels had a money value there is not a manufacturer who would not be a millionaire today.

While printer's ink cannot be commended as a lubricant for the wheels of a bicycle, no substitute for printer's ink will ever be discovered where lubrication of the wheels of the bicycle trade is a thing sought for.

The associated wheelmen who are wrong upon every rider of the wheel in the city the necessity of keeping on the right side of the street. If a wheelman has a clear case for damages, if the wheel is on the right side and the collision occurs on the right side and the collision occurs on the right side, it will be the one who will have the damage case. If the wheel is on the left side and the collision occurs on the left side, it will be the one who will have the damage case. If the wheel is on the right side and the collision occurs on the left side, it will be the one who will have the damage case.

The Mercer ordinance has been referred back to the council and is now a very different looking ordinance. The ordinance, however, is now a very different looking ordinance. money for Johnson's appearance, and the question was whether Eck demanded it for his mutual benefit. In either case Eck's suspension was to be expected. Johnson will probably leave for France immediately, where he will join the professional company at Paris, and henceforth ride for cold hard dollars, pure and simple, without the embellishments of "amateurism" to cover them. F. W. Eck will undoubtedly accompany him. Johnson first achieved a national reputation as a cyclist in the fall of 1892 at Independence, Ia., when he rode the first mile ever ridden inside the two-minute mark. He has distinguished himself particularly as an annihilator of records when pitted against time.

From a Tourist's Note Book. The club will take its outing today along the beautiful hill road which leads to Missouri Valley, Ia., dinner at the Cheney, an hour or so to visit the wheelmen in the little city and home again by the same route. If the road is dusty the run will be made in divisions after leaving the Bluffs.

The first section will be in charge of Lieutenant Melton, the second in charge of Lieutenant Harding, and the third, which will be composed mostly of recruits, will be captained by the captain. A number of ladies have signified their intention of making the trip. They will be assisted and encouraged in the third section. So come on, every one, and let's make the run one of the best attended of the season.

Where was "Mr. Jinks" last Wednesday evening? A little bird is responsible for the information that a party of the Tourists got off the road last Wednesday evening on their way home from Mystic Springs and were lost among the corn fields and frog ponds of the Iowa bottoms. Who was the guide, eh?

Some of those who were lost said they tried half a dozen different roads and think they had a combination of moonlight and blind run which would be a sufficient for a week.

Captain Mueller and his Turner boys will be with us today. They are a merry lot and are always welcome companions on a country spin. I understand some of the boys who did not attend the Wednesday head work were like that of a veteran, while at others he showed poor head work, but at no time did he show poor speed.

With proper care he will make a winner. If he wishes to keep the esteem of the wheelmen and be liked by everybody, he must be careful and not become a victim of the dreaded "Scarlet Head" which is very apt to be noticeable after a racing man has been made as much over by the people as this boy was.

It is a pity that he never ever, that his friends have the large head over his performance than the boy himself, they seemingly prize the one who are doing the "blowing."

Fredrickson deserves a great deal of credit for his game riding, he is so large and bulky that it is a very hard matter for him to go around the sharp turns in the Coliseum track fast, while the messenger boy seemed to ride them as easy as he did the stretches. In a good half mile out-door track, we think there is no question but what Fred could beat the boy easily.

Holloway comes in for his share of praise. He rode a game race and deserves a great deal of credit. Holloway disappointed his friends, as did also Gader, who by the way is far from being in shape to ride a hard race.

has so far taken a strong interest in athletics, it must not be concluded that it is an athletic club pure and simple, for such is not the case. It is a club which has made attempts already made to found similar clubs in Omaha it was thought that the best way to win the hearts of the people and make its presence felt was to start with a club to make prominent that special feature for which there seemed to be the loudest call. Then as the time for each of the others began to direct their energy and attention to the directors' making a success of that. Certainly no club has ever won for itself such a place in this city in so short a time as has the University club of Omaha.

Hot Shot All Along the Line. Gustie Alberts is playing good ball for St. Joe. There will doubtless be a jam at St. Charles park today.

Mike Mohler is one of the stars of the Western League. The Peorias won twelve out of the last thirteen games at home.

Gene Brown is doing some bright baseball work for the Quincy Herald.

Perry Warden rates Johnson second to no other pitcher in the Western League.

Rockford no doubt is the best base ball team in the association.—St. Joseph Herald.

Dad Clarke was given two turns in the sack by New York and won both of his games.

Sandy Griffin, a brother of "the only Mike," is playing right field for the Syracuse Stars.

Harry Steyer, the old player, has been appointed sporting editor of the New Bedford (Mass.) Standard.

McCarthy of Boston is one of the brainiest ball players in the land. He never fails to take advantage of an opening.

Jimmy Macaulay, the old Doc Molnes third baseman, is conducting a dry goods and notion store in Baltimore.

The Hostons do not seem to be playing a first class article of ball, but they manage somehow to keep well up in the race.

Thomas is said to be the only man in the association who ranks anywhere near Underwood as a pitcher.—St. Joseph Herald.

Two of the season's best pitchers are printers by trade. They are Will S. Hart of the Pittsburghs and Con Lucid of the Brooklyns.

George Gore, the once famous felder of the Chicago and New York clubs, is now an employee of the street cleaning department of New York.

Joe Quinn is the great favorite with the St. Louis fans. He is the most timely and scientific batter on the team, as well as a reliable felder.

Horton, the Rockford pitcher, says the Quincy Whig, winds him up before he delivers a ball. His actions are really painful to the audience.

Hamilton, the Phillies' center felder, is a great all-round ball player. He is a good batter, a superb base runner and has no peer as a run getter.

Jack Crooks, the old Omaha boy, covering second for Washington, was presented with a bouquet of roses upon going to the plate in last Friday's game.

Out of twelve games won Rockford has won six from St. Joe. It is lucky for us there is one weak club in the league, since the Rockford Gazette.

Manager Caruthers says the Jacksonville boys are outclassed. He is trying to find new men and is a week's time, however, he finds it uphill work.

"Pop" Smith, who is with the Rochester Eastern League, team this season, has been playing ball for nearly twenty successive seasons. He was with Omaha in '92.

They called Darby the \$300 man over in the little Illinois village, and Abbey the \$200 man. Abbey, it is said, has only been farmed out by Pa Anson.

Robert Parisian Caruthers has been given exclusive control of the Jacksonville club. The others were pleased, only too well pleased to hand over to Bobby.

Deacon Abbey, on Omaha's last year's staff, will not pitch Sunday ball. Quincy has borrowed him of Chicago, and pays him \$200 a month for pitching, and pays him \$200 a month for pitching.

Joe Walsh has caught on with Des Moines and will captain the team. He played his first game with Traffic's outfit here last Thursday and played with all his old-time vim.

The Lincoln Call says that Van Buren is a grandstand player. Vandy, old boy, the Call couldn't compliment you effectively. Over here we don't think you can play pick-or-put.

Letcher seems to be growing longer and longer, and the longer he grows the longer he gets. His increased length, however, has added nothing to his ability as a ball player, and that is the fact.

Root of Indianapolis is hitting the ball on the nose and felding his position cleverly. Manager Watkins' prediction about him seems to be coming true. He is one of Dave Rowe's finds.

The Omahas draw more fines than any other players. If the fines go the Omahas will change boarding places real often during the season.—Rockford Morning Star. Well, the fines don't do it, do they?

Omaha pitchers have been getting it in the neck at a lively rate, and it seems that the whole caboodle are being hit. The new boys and vigor, occasioned by taking several doses of Harter's Iron Bitters, which made them play ball.

The eastern scribbler who is dealing out some gentle roasts to Jimmy Warde. They say he "evens up" too often. Now, Jim, take a pointer, give your decisions all one way.

Horton went in to pitch for Rockford in the third inning, and it was a caution the way he fired the balls over the plate. He doubles himself up in the third inning, and fires the ball as if shot out of a cannon.—Peoria Transcript.

for us, got a telegram from Watkins of Indianapolis, saying: "Take first train for St. Joe, and get a good horse, at least Saturday. May 18, caught a cross-bait rainbow trout, weighing ninety-two pounds, one large one weighing three and one-half pounds and one four and one-half pounds. This of course was a large catch and will probably not be equaled again. But it has been a common thing to catch a cross-bait rainbow trout in a day's fishing. They bite best very early in the morning or about two hours before sundown. Yesterday Mr. Smith and myself caught two cross-bait rainbow trout, one day before caught eighteen speckled trout. We use at this time a minnow about two and one-half inches long for bait, carrying them along the creek ways. Later in the season they can be caught with a fly hook. An amusing incident happened recently. We came onto a fellow on the creek with a party of four or five who started out to follow us and do a little fishing on an aide for a blind. One party was just putting on a bait, and to my surprise he used a chub about six inches long, and then wondering why he couldn't catch anything. This was a four in the party and between them caught three trout. I understand.

Of course there are a number of little secrets about bait and manner of fishing which I have learned by experience and it made a number of the would-be sports of Long Pine very jealous at our large catches.

Many people saw our catch of trout and over thirty-five people were served with trout for breakfast Sunday morning, the fish, at the railroad eating house, Long Pine, from Manager Smith's catch of the day before.

It is a common thing to get trout served at the Dwellin hotel or at the railroad eating house at Long Pine. The gentleman who is in charge of the Dwellin, being quite a fisherman.

C. B. SARGENT.

With the Shooters and Fishers. A meeting was called on Monday evening at A. W. Allen's office, 996 North Twenty-fourth street, to perfect an organization to be known as the Crescent Gun club. Following officers were elected: L. E. Roberts, president; A. B. Lidstone, vice president; A. W. Allen, secretary; W. L. Wright, treasurer; H. L. Burket, assistant treasurer; J. F. Hoyt, William Simeral, captains; E. L. Armstrong, A. B. Lidstone, H. J. Davis, board of managers. The club grounds will be at East 16th and D.

The first shoot was called for Saturday afternoon, June 8, at 2 p. m.

At the great Knoxville, Tenn., tournament last week, Hikes made the following record for the four days with 614 out of a possible 680 birds, 96.20 per cent. Frank Parmelee of Chicago shot 618, 90.89 per cent. G. W. Loomis, seventh, 564, 82.94 per cent. Reed was among the also rans, with 57.56.

Don Chamberlain, Jim Dewar and Andy Hunt are at Lake Umbagog for a few days, and Sullivan makes the following report for the four days with 614 out of a possible 680 birds, 96.20 per cent. Frank Parmelee of Chicago shot 618, 90.89 per cent. G. W. Loomis, seventh, 564, 82.94 per cent. Reed was among the also rans, with 57.56.

Charley Metz leaves for northern Wisconsin this week. He will be back with the muscalonge at Phantom lake.

Midsummer Foot Ball. The University club of Omaha foot ball team is going to Butte for a game with that team on the Fourth of July. Last Thanksgiving the Young Men's Christian association team went from here and took Butte into camp in the time of 46 to 4. The Young Men's Christian association will send many of the fine points of the game again this time.

Leon After the Kid. KANSAS CITY, Mo., June 5.—To the Sporting Editor of The Bee: I see by the Police News of Boston that Frank Sullivan has entered for the lightweight championship at 160 yards. Now, I will say this: I will run Mr. Sullivan for seventy-five yards at Omaha, Neb., for \$200, at the fair grounds, in the month of July, 1895, pistol shot start. Shafeld rules to govern. If Mr. Sullivan takes his son Frank can beat me, he can win some good money. I will send forfeit if Sullivan accepts and will take the sporting editor of The Bee for stakeholder, or any other good man. I will send money to bind a match if that is agreeable. LEON LOEBER.

The Kid, Uou and Dog. Since the passage of the law by our state legislature making dogs personal property they have been several important cases of high priced dogs throughout the state.

Messrs. C. E. Yost, E. M. Morseman, J. J. Dickey, W. Lyle Dickey and Guy C. Barton have formed a team to fish for muscalonge on the boys' fishing trip. Muscalonge are the only fish they look at. Ordinary four-pound bass will be thrown back into the water, and only the best are kept.

A bench show as given by the Omaha Kennel club is an enterprise of considerable attraction. The club has announced its plans through the sporting sportsman's journals and the secretary is now receiving applications for premium lists from all parts of the United States, which in itself speaks highly for the club as an advertiser of Omaha's enterprise.

The Omaha Kennel club has printed a neat card announcing that it will give its second annual bench show of dogs in Omaha on Saturday, June 8, at 2 and 2 1/2 and giving the further information that "entries will close September 4. A premium list of \$2,000 to \$3,000 will be ready for free to men on bases and it says two makes 13 points, and A 1 Jack). Who wins—A Subscribers." Secretary's address, Box 642, Omaha, Neb.

Dad and Dad Chamberlain of the Pacific Express company have purchased at a fancy price Flossie Wilshire, a prize-winning rocker spaniel bitch in whelp to Champion Black Duke. The Chamberlains boys also own a litter brother to Champion Pickanin, by Champion Black Duke and Woodland Jude. There are three more puppies of this litter on their way to championship honors; i. e., Woodland Duke, Woodland Prince and Jummie II.

Questions and Answers. OMAHA, June 4.—To the Sporting Editor of The Bee: A bet B that Mysterious Billy Ryan will win the Intercollegiate championship pugilist for five years. Will Ryan be the champion. Who wins?—Mark. Ans.—B.

CHETIE, Neb., June 4.—To the Sporting Editor of The Bee: A bet B that Mysterious Billy Ryan will win the Intercollegiate championship pugilist for five years. Will Ryan be the champion. Who wins?—Mark. Ans.—B.

Be Swift. Be Wise!

ACT WHILE Opportunity Beckons.

Don't miss getting a summer suit with finest trimmings and elegantly tailored, at prices wonderfully lower than ever before quoted, for stylish made-to-order garments.

ED HART, The Tailor, Y. M. C. A. Building, 210-212 S. 16th St.

Orchard & Wilhelm Carpet Co. 1414, 1416, 1418 Douglas Street. Chamber Suits-- We shall continue for one week longer our sale of fine and medium priced Chamber Suits. These goods are the most exceptional values of any line shown in this market. No OLD GOODS. Everything bought this spring at lowest cash prices and the entire stock is offered without reserve. Do not miss this opportunity.

Remnants-- All of our odd lengths of Carpets, Mattings, Oil Cloths, Linoleums, etc. Odd pairs of Lace Curtains and Portieres will be closed out at much less than value, previous to inventory.

With an ace, counting run of five; then A plays a deuce, claiming a run of three, which B says he is not entitled to. Which is right? Answer in Sunday's Bee, June 2.—C. M. B.

Ans.—A is correct, only he gets a run of four instead of three.

APPLEGATE, Cal., June 4.—To the Sporting Editor of The Bee: Would you please send me the date of birth of John L. Sullivan, Corbett, Pat Ryan, Jackson and others of note in the pugilistic arena.—E. W. Harvey.
