BRIGHT PHOEBUS MADE A GAME PICE

NEW YORK, July 4 .- In spite of the pouring rain, the attendance at Sheepshead Bay today was quite large. They were drawn to also run. the track by the Realization stakes, which was the richest 3-year-old event of the year. first race was called the course from the band to the Judges' stand looked like a pond. It was nearly 4 o'cleck when the horses in the Realization stake were called to the post, The betting had been lively, opening with Keenan as favorite at 7 to 10, while Bright Phoebus was next in demand at 3 to 1. Counter Tenor was at 10 to 1 and the others. at 15 to 1, with the exception of King Arthur HL, who was at 30 to 1. The horses got the flag with Cromwell in the lead. Passing the stand at the end of the first half mile he had four lengths the best of it, with Connosileur a head in front of Keenan, he two lengths ahead of Counter Tenor and the others following. The pace was fast and they got to the mile post with Cromwell still running easily, but only three lengths in front of Kosnan, who had displaced Con- Riders at Louisville Put in a Hot Afternoon nossieur, while the latter was five lengths in front of the field. As they swung around the far turn into the stretch it was evident that the three leaders had been racing their cars off and that they were about ready to

At the mile and an eighth post Bright Phoebus seemed to be the only horse with anything left in him, and as they rounded into the stretch Reiff got down to his work and the game colt responded with one of his irresistible rushes. Steadily and surely Bright Phiebus was gaining with a tireless stride. Griffin was working hard with whip and spur on Keenan, while Reiff was far forward on Bright Phoebus, pushing the colt to his hardest and trying to add to the advantage he had and at the same time hold his mount together for the last few strides. sixteenth of a mile remained, and both jockeys were straining their mounts. was shortened to a few yards, then a bound forward, and Relff got Bright Phoebus safely past the judges, winner of the big stakes by three-quarters of a length, while Keenan, beaten, but not disgraced, came in second and the ruck far behind. King Arthur III managed to get third money.

The first race was a surprise, for the favorite, Applause, did not show at the finish, being unable to extend herself in the going. Rey del Carreres, the topweight, won out efter a hot finish with Hanwell. In the third race all were scratched but Handspring and Applegate, about equal favorites. There was never any doubt, for Handspring ran easily all along, leading Applegate to the bend, when he came away and won as he

NOT ROOM ENOUGH FOR THE CROWD Women Fill the Entire Grand Stand to Sec.

the Fourth of July Handleap. CINCINNATI, July 4.—For the first time in years Cincinnati had races on the Fourth of July today. The beautiful grand stand of the Oakley race track was so crowded with women scarcely 100 men could find room in it except in the aisles, steps, lawns and paddock, which were packed with people. The attendance was fully 15,000. The event of the day was the Fourth of July icap, value \$5,000, one mile and a quar-The great 3-year-old, Lissak, was the ter. The great 3-year-old, Lissak, was the public favorite, going to the post at 8 to 5. Faraday opened at 3 to 1, and went to 5 to 1. Cash Day was at 3½ to 1 and the Fleischmann entry was as good as 7 to 1. The race was a beauty from a spectacular point of view. Lissak went to the front at the fail of the flag and led the field into the stretch where Cash Day headed him and St. Maxim came alongside the rail. Faraday, who was fifth entering the stretch came very was fifth entering the stretch, came very was fifth entering the stretch, come very strong in the last eighth, but he had waited too long. St. Maxim won by a head from too long. St. Maxim won by a head from Cash Day, who beat Faraday for the place. The time was 2:08, not as fast as anticipated, but the first part of the race was slow. The quarter was run in 0:26%, the half in 0:52% six furlongs in 1:17% and the mile in 1:43. Brown Dick's celt, Ulysses, broke the local record at five furlongs, running it in 1:01%, beating the strongly played favorite. Sir Play. Russian Convict iteld for Murder. SACRAMENTO, Cal., July 4.-Ivan Kovaley, the Russian convict, has been held to answer before the superior court for the murder of Mr. and Mrs. H. L. Weber, after an examination lasting two days. The last witness examined was Kovaley himself, and did not tell a very plausible or connected tale of his wanderings about New Year's day, though he claimed to have been in San Francisco on the night the Webers were murdered. It is generally conceded that a very strong chain of evidence has been formed against him.

All day yesterday, from 8:30 in the mornthe Bank of Spain to advance the funds ing until 6 o'clock at night, Chief of Police White and Captain Mostyn were closeted with which to prosecute the camapign with some one of the prisoners. The examination proceeded slowly, as the services of an interpreter were required with none of the prisoners being able to talk English. The greater part of the time was taken with Bukove, who has not before been put through the sweating process.

BELIEVE BUKOVE DID IT. From what could be gathered from the statements of the other prisoners the offi-cials have come to the conclusion that this Allen and Harry Russell, who are wanted is the man who killed Seljan, and from what he said in the sweat box yesterday this conclusion was strengthened, although street jail today. The prisoners were about nothing positive was obtained from him to take their daily exercise in the yard of So much was gained, however, as to verify the jail. Keepers Edward Schneer and the suspicion that the prisoners knew more Charles Schoen were in the office of the jail, the former sitting with his back to the door and Schoen was walking about the room. The three men entered the office at the same time. Russell leveled a revolver at the head of Schoen and the two others covered. Schoen with their weapons. These degrees the same time in the prisoners knew more without the subjection that the prisoners knew more with the statements which were willing to tell. Bukove contradicted many of the statements made by both Mr. and Mrs. Mikan. He seems to be much shrewder than either of the other two men under arrest, and more intelligent, having knowledge of three languages. To any leading edge of three languages. To any leading questions, however, he, like the other prison-ers, simply answers "I do not know." In the first place, Bukove denied the statement of the other three prisoners that

all the occupants of the house were in the house on Tuesday afternoon. He says that he left early in the morning and that he did not return until late in the evening, spending the afternoon in Jefferson square. he returned he said that he only half shaved Seljan, while the others said that he complated the shaving. The other that while shaving Seljan he cut him in the Russell stood on the steps a few feet from throat, but Bukove denies this. Further-the door, and looking up and down the street more, Bukove positively identified the jackwhich was covered with blood, butcher knife, the awl and the razor as

There is another fact that the prisoners

have failed to explain. Mikan and Bukove had steady jobs at the smelting works. Buvention was conspicuous by slight attendance. The convention was called to order at 12 produce \$13. There is still another important contradiction. The prisoners said that the firs they knew of the disappearance of Seljan was when Weckback saw them looking into night, was found today within 100 feet from the window of the room which was bespat-tered with blood. This was shortly before theory of foul play. 8 o'clock Wednesday morning. In this same connection, too, mixin said that he had not sern Seljan since 8 o'clock Tuesday morning, and had no idea of what had become of him until he looked into the window the following morning. He said that Seljan had locked himself in and that and public houses are closed and the men and boys, to a man, have all been sworn in as deputy sheriffs. There is no blood in the room on the floor near the door, and arena will be arranged in the regular way and some of the best bull fighters in Mexico. could not himself have opened the door with with a supply of trained horses and some of the finest bulle will be brought to Atjudge from the condition of the rest of the

VICINITY SEARCHED AGAIN. Detectives Dunn and Donahue spent all day yesterday in searching in vain for a trace of the missing body. Armed with a a pany case. Judge Ludwig of Milwaukee has dark lantern and with poles they explored every hole in the neighborhood, and exam-med every vacant building, but the hunt was

fruitless. Not a trace was found.

As nothing has been obtained from the prisoners by the police officials while questioning in accordance with the theory of murder, some of them are inclined to ques-tion on the theory of suicide. It is not for an instant thought probable that Seljan cut his throat and then left the house and threw himself into the river, because of the fact wholly of wood, and stood upon an eminence that he must have been dripping with blood and would have left a trail. But waite not probable, it is thought not impossible that the man might have killed himself in the room and that the occupants, discovering this and fearing that they might get into trouble over the matter, disposed of the body. This theory will probably be broached to the prisoners today with a slight hope that it may tend to make them talk.
