council a couple of weeks ago. When the to the amount of the award the mater was re-ferred back to the committee which had had t under consideration before to make another nvestigation. The committee met with the ompany's representatives one night and talked the thing over with a good deal of exhaustiveness, both of time and temper. Alderman Brown of the committee now an-nounces that the committee will do nothing, unless it is merely to reiterate the report first

The fact is that the council can do nothing more, except by a violation of the rules. When the matter was referred back to the mmittee no motion was made to reconsider. The rules provide that a motion when car-ried can be reconsidered only at the same meeting or at an adjourned meeting. There are to be no more adjourned meetings this onth, so that a reconsideration is out of the question.

Good Money in Begging.

Betty Cash and Amelia Hamilton have been naking the rounds of the towns in Iowa Nebraska and Kansas, raising money, ostensibly for Mount Zion church in Fort Scott, Kan. The other day they decided, instead of going around together, to separate and meet at Red Oak, from which point they would come on to Council Bluffs and go on with their money raising. Both women are colored, and each carried a book signed by the pastor of the church, vouching for them. The contract belong originally to Mrs. Cash, however, and her name was the only that appeared in the letter of recommendation. She sublet the contract, and yesterday found that the other woman had turned up missing. They had agreed to meet Sunday morning. Mrs. Cash thinks the other woman has gone off on her own hook, intending to raise as much as possible without turning it in to her. The psculiar thing about the case is that according to Mrs. Cash's statement, she gets half of all she makes. She says she has made on the average between \$5. and \$6 a day ever since she has been out, and she has been out eleven weeks. All the subscriptions are in small sums, ranging all the way from 5 to 25 cents, and she has had no trouble whatever in making her alleged charity business a profitable one,

She promised to sell a diamond and get money to pay the \$80 she owed him for rent. Yesterday morning when he came up town Mr. Wadsworth was somewhat surprised to learn that his tenant had moved out all of her furniture during the night and had disappeared herself. After investigating he found that she had had the furniture stored in a room over the Vienna restaurant, evidently thinking that it could not be at-tached for rent after it had left the build-ing. Work on Gilbert's Lake. A. C. Graham has been for several weeks past superintending the work on what is to be known, for want of a better name, as "Gilbert's lake," an artificial pond that is to constructed east of Big lake, in the gion about Mynster Springs. The work of grubbing out the stumps has now been com-pleted. Eight acres have been laid bare and 10,000 stumps have been removed. In about commenced. A cut of seven or eight feet will be made, forming a large basin, into which will run the water from the springs, which are so numerous in that locality. It is estimated that it will take sixty-six days for the basin to be filled by the water brought to it in a four-inch pipe, without making any allowance for seepage or evaporation. The city will have the right to use the lake during the summer for boating purposes, but for nothing else.

As a comfortable warm weather occupation ome of the members of the city council are talking of making a test of the fire hydrants scattered throughout the city for the purpose possible, of cutting down the water company's bill a few notches the next time ! comes in. So far as can be learned no test has ever been made, or at least not for a long time. The ordinances provide that they shall size a certain distance, and the aldermen fendly hope that the company is not deing its duty, as a generous "dock" would come in very handy these hard times.

A Presiding Elder's Experience of the Copeland & Shepard Treatment.

The Rev. D. K. Tindall, D. D., presiding elder, Grand Island, Neb., late of Omaha, and one of the most nated clergymen of the Methodist denomination, writes:

"For twenty years I was a sufferer from catarrh of the head. In addition to the usual offensive and impleasant symptoms, the disease had impaired my voice and to some extent interfered with my mental work. By advice of friends I took a course of treatment with the Copeland and Shepard specialists, and found it to be incomparably superior to any other system which I had ever resorted to. I feel it a duty to strongly commend these physicians to all in need of skillful and faithful treatment."
