Principally Because of the Absence of Export Demand Wheat Was Weak.

CORN WAS DULL AND FUTURES LOWER

Promises for Next Crop Were in No Degree Impaired, but Cash Corn Was in Some Demand.

CHICAGO, July 31.-Principally because of the lack of export demand wheat was decidedly weak today, closing at 11gc decline for September. Corn lost Sc. oats closed be lower and provisions finished

In an hour from the opening September which ci s d y ste day at 71 c had declined to 65 kc, being a drop of the per bu, in that short time. The foreign markets, with the exception of Berlin, were fairly steady at the opening, and the domestic situation was no less bullish than befor as regards the small deliveries of winter wheat from farmers and the poor quality of the little they were selling. Trading was similar in its local character to that of the previous days. The buils who sold out on the last buige took some wheat on the early decline and sold it out again when they found their action was not well seconded. From 69 se September recovered to 70c, and after fluctuating for over an hour between that and 600ge it took another dip to the, when Bradstreet's statement of the visible supply was given at a decrease for the world of 2,425,000 bu. A \$1. ear ago the stocks in similar positions increased 3,000,000 bu. The following exhibit of the wheat movement for twentyfour hours suggests no explanation of the
weakness of the market, except as to such
part of it as relates to the exports. Those
were again small, and that feature having
existed for some time is wearing itseri
into recognition and was probably at the
bottom of the whole trouble. Chleage receipts were 15 cars, 72 of which were new
red, and of these two others were up to
the standard of the contract grade. A year
ago Chleago received 30 car loads, of which
sears were contract. The total receipts
at western primary markets amounted to
461,000 but, against 1,225,000 but on the corhibit of the wheat movement for twenty-

ago Chicago received 600 cur loads, of which 588 curs were contract. The total receipts at western primary markets amounted to 461,000 bu, against 1,225,000 bu, on the corresponding day of last year. Minneapolis and Duluth received 197 car loads, compared with 214 on the previous year. Atlantic ports exports comprised 60,501 bu, of wheat and 7,908 bbis, of flour. The market ruled very weak, and without the support of bull operators, the price went down a shade lower than the lowest point it reached in the early break.

The corn market was dull in its speculative feature, and futures were a shade lower. The promise for the next crop was in no degree impaired. The comparative steadiness of the market arose from the good demand for cush corn. Car loads brought 150 core September to go to store, and 350 premium was paid for round lots for shipment. Receipts today were 271 cars. September opened at from 43c to 4275c sellers, and sold at 425c in the first minute of the session, it kept between 425c and 42c sellers during a greater part of the day, touching 425c for a mement under the influence of a weak spell in wheat. It was fairly firm near the end at from 42c to 427c, and 12c cush corn. The range was narrow. July fluctuated from 255c, and closed at from 255c to 355gc, and closed at from 255c to 255gc, and closed at from 255c to 255gc, and closed the latter price. May ranged from 255c to 255gc, and closed the latter price. May ranged from 255c to 255gc, and closed at the latter price, May ranged from 256c to 255gc, and closed at present by the comparatively light supply of the raw material, but by the light demand for the manufactured entirely by wheat and corn. The range was narrow. July fluctuated from 255c to 255gc, and closed the latter price. There was no independence to the market and fluctuations were ruled entirely by wheat and corn. The range was narrow of the second to the market and fluctuations were ruled entirely by wheat and corn. The range was narrow of the second to the market and fluctuation were r

TROPICAL FRUITS.

According to information from the European market prices on lemons are lower here than in any other consuming market, says the New York Journal of Commerce, and statements to that effect receive confirmation in the inquiries received from European markets during the past week, On Saturday several sales were made for export to England, and it is stated that negotiations are peading for the purchase of other lots. This is the first time within five years at least that European buyers have ame to this market for supplies. They want large sizes over there, and it would appear that these can only be obtained on this side, at prices European buyers are able or willing to pay.

prices European buyers are able or willing to pay.

Up to the present time the demand for lemons in the markets of this country has been dispappeding, as there has been little really hot weather. The trade now is looking forward to a better demand during the next few weeks, but realize that unless the weather becomes warmer their expectations are not likely to be realized. Latterly the demand for lemons has improved somewhat, and more orders have been received from out-of-town, but as a rule buyers are regulating their purchases in accordance with their ability to dispose of the stock readily Quotations:

ORANGES-Choice secullings, per box, \$2.56; Mediterranean sweets, \$2.5, fancy St. Michaels, none. LEMONS-Extra fancy lemons, 360 size, \$6.00; 99 Fre. 16.0955.50.

Attributed by One Journal to Manu-BOSTON, July 21.—The American Wool and Cotton Reporter will say tomorrow: During the past week the wool markers of New York, Boston. Philadelphia and elsewhere have witnessed a period of inactivity beyond that noted for som-time. Although there have been numerous buyers in the market, the aggregate and individual purchases may be attributed to the fact that many manufacturers are sufficiently well supplied to enable them to operate their machinery for some little time. Values remain firm and those who were in need of more stock readily acquired it at price's that ruled a week cariter. There are some, no doubt, who are holding off, with the expectation that prices cannot remain permanent and stocks be eventually procursed at lower figures. The amount of wool which has already been taken by consumers is far in excess of what was sold up to this time last year, even allowing for a large percentage of speculative buying in eastern markets. The sales in Boston, New York, Philadelphia and Chicago aggregate 6.672 (56 lbs., against 9.915.80 lbs., a year ago. Boston sales amount to 3.948,000 lbs. Parties who are in need of a new stock are acquiring at prices that ruled a week earlier, but the activity has somewhat declined.

STOCKS AND BONDS.

There Was an Increased Volume of NEW YORK, July 31.—There was an increased relume of business on the Stock exchange tolay, and the speculation was generally in tene, the result of the trading ranging up to 2% per cent, in which a great majority of the list participated. Covering of short contracts was the main strength of the market, but there to 2% per cent, in which a great majority of the list puritipated. Covering of short contracts was the main strength of the market, but there was also good buying on the part of operators who had taken profits during the past few days and who deemed it an opportune time to speculate for another upward movement. The shorts in the grangers were most active in clusing out the contracts. Rock Island being a heavy favorite in the later dealings. In the coal shares, Realing and New Jorsey Central alone of the group were traded in, and receded % and 'q per cent respectively, on rumors of a probable general strike of the miners. The foreign houses were small schers of the arbitrage stocks, but this business was not sufficiently large to affect the markot. At the opening of business prices were generally a fraction lower, and a pressure to sell Sugar was quickly developed, which sent that stock down its per cent. A slightly lower level was also established for the rest of the list, and speculation for a brief period was irregular, The irading, however, soon steadded, and the prices were well held on a small market until to clock, when active buying set in, under which the flaures, During the last hour Missouri Pacific was very prominent in the purchasing, large blocks of the stocks being absorbed at advanced quotations, the buying being credited to Inside interests. Chicago Gas was also in good buying for the account of a newly formed tall pool. Lake Shore on Small sales gave way 1% per cent, with a final recovery of 1% per cent. Buy State Gas broke 1 per cent to 30 on the sale of a 50c-share block, and New York, Chicago & St. Louis second preferred tox 11% per cent. Buy State Gas broke 1 per cent to 30 on the sale of a 50c-share block, and New York, Chicago & St. Louis second preferred tox 1% per cent. Buy State Gas broke 1 per cent. To bacco, 1% per cent. Bow markets were quiet today. Amert. Chicago Gas a per cent of the market soon for a voluniary unification of the chire Argentine debt. The commencement of the month

WOULD HAVE ARMED DEPUTIES Effort to Mix the County with the An effort is being made to get the sheriff

and the county board tangled up in the fire and police muddle. The commissioners met Tuesday and adjourned to yesterday without apparent cause. One of the members of the board wanted to know what the meeting was called for and was given to understand that probably another meeting would be held today. Further investigation developed the fact that the board is expected to be in session when the Churchill-Russell police board attempts to get into power. was announced that there would probably be need of deputy sheriffs to preserve the peace and that Sheriff Drexel had refused to do anything without orders of the board. The commissioners were asked by one of their members to be in readiness to order the sheriff to awear in 100 deputies in order to pre-serve the peace. The board has not taken any action in the matter and the feeling among several of the members is that it will be time enough to meet such an emer-gency when it arises.

SHE WANTS A GUARDIAN.

Girl Asks Court to Save Her from Parental Cruelty. Had not Julia Klosener loved the excitement of a Nebraska camp meeting it is doubtful if she would have had the falling out with her parents which resulted in her

> parents more than all else and caused ber arrept in police court two weeks ago. The probate court devoted the morning to streets, all of them, from the youngest ting in time at all kinds of work. Julie the court that she did not object to her share, but the beatings her father gave her and the bad names which he called he were more than a child ought to expect The stormings of Klossner, neighbors testified, were the talk of that portion of the tawn. About two weeks ago Hannah Johnson was talking with Julia, her friend, about pleasures of religion from the camp mee standpoint. Several young men passing that way joined in the talk until the trate father appeared on the scene, drove away the com-panions and had his daughter arrested, after he had administered a beating and locked her in the room. Julia says she is afraid to go home and wants her aunt, Mrs. Agenstein her guardian.

her guardian.

the child backed by the Associated backed by the Associated lately, as he is a cripple and does little work. Klossner's friends criticise him for being too straight laced and unused to American

FOUR MEN NOW IN THE RACE. Men Who Would Superintend the

Omaha Public Schools. The majority of the members of the Board quarters of beef.
SHEEP AND LAMDS Receipts, 30,234 head; on of Education have so far failed to agree on a candidate for superintendent of schools They expect to accomplish this result before Monday night, and frequent caucuses are being held in an effort to harmonize the varying preferences. So far they have succeeded in reducing the number of available candidates to four. These are Superintend ent L. L. L. Hanks of Kansas City, Kan Superintendent C. G. Pearse of Beatrice Neb.; Superintendent J. M. White of Car thage, Mo., and Principal Smith of the High school at St. Paul, Minn.

Among these candidates Mr. White is making the most aggressive canvass. He has been a guest at the Millard, where he has held several conferences with various members, and it is stated that at the present time he seems in he ent time he seems to be a couple of laps ahead of his competitors. Mr. Pearse has been in Omaha several times, and is known 1.250 4.027 123 to most of the members of the board. He 10.000 11.000 12.000 most of the members of the board. He 2.800 2.100 600 perintendent last fall, and has been actively connected with the National Educational as ociation.

None of the four candidates have had any

experience in handling such a school system as that of Omaha. It is said that they have all been fairly successful in small schools and their supporters insist that any of them would prove capable of conducting the Omaha OUT LEAVENWORTH STREET.

Work on Street Railway Extension

to Fair Grounds Begins Today. Today, probably the Omaha Street Railway empany will begin extending its Leaven worth street line to the state fair grounds. Final action in the matter was taken b the company at a fully attended meeting of the board of directors yesterday afternoon. A resolution was adopted providing for th extension over both the Leavenworth and Center street routes, but President Murphy says that no track will be laid on Cente street soon, while the work of building of Leavenworth street will begin at once. A the necessary material is at hand and the work will be pushed forward as rapidly as possible. The grading of the street by the county and city, however, is only well under way and the street railway company expect to be hindred somewhat because greater progress has not been made. But the line will be in operation by the time the fair opens

Testimony Sent to the Queen. The commissioners appointed by Governor Holcomb to investigate the Dawson-McCarty use unsurpassed. scapade and report to him will have the testimony forwarded without comment. While it is their opinion that both parties have been wrong, Assistant County Attorney Slabaugh states that the evidence shows that the affair was condoned by the Dawsons. Queen Victoria will be given an opportunity o read over a verbatim copy of the festimony.

LOCAL BREVITIES. The wills of both Parmelia A. Hopkins, who died last May, and that of John Mc-Govern, who expired July 7, have been effered

W. G. Albright has sued his former partner Arthur H. Cooley, alleging that there is a large sum of firm money due him and which has not been accounted for. A new hand went to call for a messenger boy at St. Joseph's hospital yesterday and turned in a fire alarm instead, giving

the department a little unnecessary exer Assistant City Attorney Cornish will leave

this week for a two weeks' vacation. In case Mr. Connell does not return before his departure, Frank Ransom will perform the utles of city attorney. Mrs. Brown's gasoline stove got unruly yesterday and gave the fire department a run to 1440 North Twenty-second street.

Mrs. Brown was slightly injured by the ex plosion. The house was not damaged. The son of James Norton fell from wagon Tuesday afternoon in the ailey be-tween Charles and Seward streets, while driving over the crosswalk, which is in bad ondition, and has been for some weeks, and his left arm was broken. A wee-be-gone child, about 10 years

ige, was picked up on the streets yesterday and sent to the police station. She gave her name as Lena Krusha, and said she lived at South Omaha. She is being cared for by Matron Cummings until her friends are Deputy United States Marshal Coggeshall

took four prisoners Tuesday to the United States penitentiary at Sloux Falls. They were F. T. Lambeth and Charles Foster sentenced for appropriating postal funds, and Hubert Wallens and Charles Shepard for counterfeiting.

The Salvation army corps No. 2 is going to have what is known among Salvationists as a musical blizzard. It will take place in the hall at 1433 North Twenty-fourth street this evening. The meeting is to be conducted by Staff Captain Cousins, assisted by Adjutant Mrs. McAbee and ber string band. Fred Anderson, permit clerk in the office of the Board of Public Works, has been laid off until October 1. This is on account of the action of the council, by which the ex-penses of the board for clerk hire were limited to \$1,800 per year. This is not sufficient to pay the salaries of both clerks for

James Kosuk has been adjudged insure and sent to the Lincoln asylum. The charge of horsestealing against Kosak will be dismissed. He was captured in lowa about a month ago. According to the story of relatives Kosak had only bought the horse of the thief. At any rate he was kicked in the head by a borse and is now insane.

Charlie Smith was released vesterday from the county jail, where he had spent the last five days in solitary confinement. He was last spring charged with incorrigibility. On promises of doing better, the customary suspension of sentence was entered. Smith has

pension of sentence was entered. Smith Las improved his time by spending terms in jail three times since that date.

Renovation and enlargement of the county jail quarters are now in active operation. The workmen are busy remodeling the two is lower east rooms in the front part of the jail, placing new partitions and irons. The commissioners will expend at least \$300 in carrying out their plan of separating the women and children from the other prisoners.

Considerable complaint is heard by those interested in watching the county jail on the score that the attorneys of the city seem more inclined to break the jail rules than the prisoners behind the burs. A recent jail improvement has been to change the sand of the prisoners behind the burs. A recent jail improvement has been to change the sand of the right to reject any and all bids. Address all belts to P. L. Metcaff, Sec., at the middle them.
