#### A VETERAN'S STORY.

Gen. Catlin Praises Munyon for His Great Work.

Ils Restoration to Health Due to the Wonderful Little Sugar Pellets.

General A. B. Catlin, formerly Deputy Surveyor of the port of New York, is a veteran of the army, and a well-known republican

of the army, and a well-known republican politician.

"I have been troubled with catarrh for many years," said General Catlin. "I doctored for it a great deal, but did not obtain any material relief, and this winter my condition was terrible. I took cold easily, and my nose became stopped up. I had severe pains across the front of my head, my eyes became watery. I susezed a great deal, and my benes and joints ached continually When I got up in the marning my throat was filled with a nasty slime, which dropped there during the night. I had to hawk a great deal and this made me gag and often yould. There was a roaring or buzzing sound in my cars, and my breath was very offensive. I lost my appetite, ran down in weight, and became depressed in my spirits. "I tried thoroughly several of the best "I tried thoroughly several of the best physicians, so-called, in New York, took patent nostrums of all descriptions, but grew

"Finally I begin Munyon's Catarrh Reme dies. I thought it was no use, and had but little faith, but I began to improve right away. My disease rapidly yielded to the remedy, and I underwent a change that was wonderful. Within a short time I was en-tirely cured, the last trace of the hideous disease had vanished, and today my friends are marveling at the great change in me. It is a wonderful relief to feel strong and healthy again, and it gives me great pleasure healthy again, and it gives me great pleasure to testify that my restoration to health is due to Munyon's Catarrh Remedy."

Munyon's Homosopathic Remedy Company, of Philadelphia, put up a cure for every disease. No matter what the disease is or how many doctors have falled to cure you, ask your druggist for a 25-cent vial of one of Munyon's cures, and if you are not benefited your money will be refunded.

Those who are in doubt as to the nature of their disease should address Professor Munyon, 1505 Arch street, Philadelphia, giving full symptoms of their disease. Professor Munyon will carefully diagnose the case

Arrangements for the Alfalfa Building Being Completed-Details of the Preparations for the Big Show.

The board of managers of the Nebraska State fair met at the Millard yesterday with John B. Dinsmore of Sutton, Martin Dunham of Omaha, Milton Declittle of North Platte, S. C. Barset of Gibbon, E. L. Vance of Pawnee City, E. A. Barnes of Grand Island and Robert W. Furnas of Brownville present.

fair grounds was brought up by Mr. Barnes and wells were decided upon, the water to be forced up by steam numps.

There is an artesian well with a strong flow through a two-inch pipe a short distance

outside the grounds, and it was proposed to use this in the service. The subject of hydrants was considered and most of them definitely located around the grounds, so that all buildings and booths might be well supplied with water.

Plans for the alfsifa building were accepted, and an order issued for its erection.

The elevation shows a very neat structure with a large tower in the center, and one a trifle smaller on each side of the four cor-

tritle smaller on each side of the four corners, it will cover a space on the ground thirty-six feet square.

It was reported to the board that Postmaster Martin had received consent from the department at Washington to establish a postoffice at the grounds. There will be located in connection with the service a number of mail boxes in the buildings, and at convenient places outside. It is proposed to make the mail delivery first class in every respect. It is expected that all mait will be delivered by special carriers.

If any have been emitted it will be considered a favor to be informed, when response will follow at once. When editors reach the fair grounds, other, and heretofore courtesies, will be extended.

Assistant General Freight Agent Phillippi of the Missouri Pacific is still waiting for the lease of the property near the state fair grounds and consequently is not to the

grounds, and consequently is not in the mildest moods. He received an intimation from the authorities having the leave in charge that it would be executed soon. This, however, he has heard for several days past, and is inclined to doubt the authenticity of the statement. He is getting anxious, and wants to commence work on the terminals as soon as possible. The Burlington people are also becoming anxious, and between the two reads there is a feeling that the lease is a long time in coming. Mr. Hicks, who is acting in behalf of the State Fair and Driving Park association, says that he could not obtain a lease any sooner, as the owners of the property live.

Board Orders Thirty Men in His Department Laid Off. After a year of comparative harmony anther split has developed in the Board of Public Works, and if the present conditions continue there are livelier times in pros

At the regular meeting of the board yes terday afternoon Street Commissioner Kas par was absent. Consequently the proceed ings were brief, but important. Commis stoner Winspear introduced a resolution by which the street commissioner was instructed to at once lay off indefinitely every employe in his department except the streeting and sidewalk repair gangs. This some thirty men. The resolution was quietly declared passed and then Chairman Minne introduced another which practically deprived the street commissioner of the contro of his own department. It provided that the street commissioner should be directed to submit to the board a detailed dally reort of e.ch man employed in his departmen n the preceding day, the report to show here each man was employed and hor many hours he worked. This was als adopted without discussion. The contrac for grading Mason street from Twenty-eighth to Twenty-ninth street was let to Alfred Brainard at 11 cents.

The contract for grading the alley be-tween Twenty-eighth and Twenty-ninth and Mason and Pacific streets was let to the same oldder for 13 cents. He was the only bid ler in each case.

The action of the board in regard to the strest department was explained by Chair-man Munro to be because the expenditures in that department were too high. He said that the July pay roll had amounted to over \$3,000, or nearly double what it was in any single mouth of last year.

GATES OF SECTIONALISM DOWN

Tide of Immigration Welcomed that a Few Years Ago Went Westward. Happily the gates of sectionalism are off their hinges and the southern people welcome he tide of immigration that a few years ago was flowing westward. The newcomers are not more enthusiastic over the advantages of this region than are the natives. It is no strange that one finds so small a desire change among southern people, or that their temperament is restful instead of restless There is no rigorous season to pile up fue or fodder for.
