

DORGAN GETS HIS WARRANT

State Finally Completes the Purchase of the Prison Contractor's Property.

COLONEL RUSSELL RUNNING THINGS

Relieves the Governor and Board of Public Lands and Buildings of All Responsibility in the Penitentiary Management.

LINCOLN, Aug. 20.—(Special.)—Ex-Comptroller W. H. Dorgan has got his warrant for \$33,490.90.

The last act in the transfer of the prison property and contract from the contractor to the state was the signing of the warrant by the secretary of state signed the voucher and State Auditor Moore drew the warrant. The closing up of the deal was brought about through an agreement between the plaintiff banks in Illinois and Dorgan. Several weeks ago these banks, through the district court of Lancaster county, secured a temporary injunction restraining Auditor Moore from drawing and Dorgan from receiving the warrant. The banks also applied for a receiver for Dorgan. When the case came on to be heard the injunction was dissolved and an appeal taken to the supreme court. Today a stipulation was entered into between the banks and the district court and a copy of the same with the clerk of the supreme court.

This ends Dorgan's connection with the Nebraska penitentiary. One portion of the middle in which the affairs of the penitentiary have been following ever since the adjournment of the legislature. There is, however, a deal of trouble ahead, and trouble, too, quite likely to cause both the attorney general and the land commissioner a bad time. The attorney general, of the entire Board of Public Lands and Buildings these two are the aggressive ones. The other members, Messrs. Piper and Bartley, appear inclined to let the attorney general and Churchill go ahead and run the penitentiary affairs to suit themselves. If the actions and words of the attorney general are indicative of anything, he is able to carry the whole load unassisted. Last week he personally "fired" Ed Coleman, night turnkey, and Z. T. White, one of the clerks, paying the balance of their wages "out of his own pocket." He then informed Coleman that he must get right out of the penitentiary. The Board of Public Lands and Buildings would charge him for every meal of victuals he consumed thereafter. Both of these men are appointees of Governor Holcomb. It is argued around here that Russell has just as much authority to discharge Warden Leidligh, an appointee of the governor, as he has to discharge the night turnkey and the clerk. The board members in good standing of the republican party, and fair constitutional lawyers, say the clause in the new law giving the Board of Public Lands and Buildings authority to "manage" the penitentiary did not confer upon Russell the right to discharge any one whom he saw fit. However, the board proceeded on the 16th inst. to re-elect the contract.

The new board of irrigation, consisting of Governor Holcomb, Charles C. Johnson, Churchill and Land Commissioner Russell, held a meeting today at the board rooms. The object of the meeting was to determine the rules of procedure for the board in the future. The members adopted a series of resolutions upon this subject. The first was that the board should have no jurisdiction over the penitentiary, and that it is, it is said, will be reached about the first week in September. They will likely elect Charles C. Johnson, Loup and Niobrara, in the order named.

General Colby and Mayor Fecht have gone to Hastings to make final arrangements for the coming of the National Guard next month. Colonel Bills has appointed Sergeant Clark, company M, Second regiment, to be sergeant major.

ARMED UP "LITTLE SODOM"

Lincoln Police Men Make Things Hum in the Tough Section.

LINCOLN, Aug. 20.—(Special.)—Mayor Graham has seen fit to lay off City Detective Langdon and Officer Pugh for fifteen days without pay. The mayor intimates that the period has expired he will reinstate them, but refuses to positively assign the reason for the lay off. He said this morning, however, that "some of these policemen think they should be on the job in a building they please and do what they please and I won't find it out, as the officers do not tell. One Saturday evening, not long since, two or three policemen were seen to force their way down into "Little Sodom" and made a regular Walpurgis night in one of the numerous disorderly houses in that vicinity. So great was the disturbance created by the off duty guardians of the peace that a brother officer appeared under the window and called to the police to come out and come out. He was gaged to a standstill and told to "go hunt a fire," which is a portion of the Lincoln police motto. The police were then hauled up to the station and turned over to the night captain. But no report of the arrest was ever made and no record ever entered in the books. These are facts taken in connection with the remarks of the mayor this morning the average reader can get some idea of the character of the phatic language of Mayor Graham is worth.

HEAVY SUIT FOR ATTORNEY'S FEES.

The law firm of Marquet, Dewees & Hall has filed a claim in probate court for \$20,000 against the estate of the late John J. Fitzgerald for attorney's fees for the conduct of various cases for him during his lifetime. S. M. Hall, partner in the deceased in the law firm, is the plaintiff in the suit. The late John J. Fitzgerald died August 12, 1894, and left a will which valued his estate at \$27,000, the same being for notes.

LOCAL MUNICIPAL FINANCES HAD AN ALING LAST NIGHT AT THE REGULAR MEETING OF THE COUNCIL.

The annual appropriation ordinance was submitted and passed to a second reading and the estimate of the city for a 35-mill levy, which will raise a fund of \$231,667.45, based on a valuation of \$5,750,000.

WOLF FAMILY'S SAD LOSS.

The topic of conversation on the street today was the horrible death of Mrs. G. R. Wolfe and little daughter of this city in the Quincy hotel. These are facts which telegrams were received stating that Mr. Wolfe was last night located at Albuquerque, N. M., and had boarded the first train for Denver on reaching that city. The wife and daughter were there at 5 o'clock this afternoon, where he will meet his son, Robert, and the other children who left Lincoln last night. Martha, the 15-year-old daughter of Mr. and Mrs. Wolfe, who was visiting friends at Fifth, was summoned by wire to return to the city this morning. She and her sister Clara are prostrated with grief.

ATTEMPTED TO USE A RAZOR.

John Kaffer, alias Jack Williams, has gone to the county jail to board out a \$111 fine and costs. He attacked Fred Rosenbrock down on the "reservation" with a razor. He is the same man who was arrested for shooting at a Burlington conductor who put him in the county jail for a month. He and his companion, who proved to be a Lincoln young man in male attire, were attempting to steal a ride out of town. The Lincoln street railway company has decided to pay employees twice instead of once a month, as formerly. They will be paid on the 15th inst.

RECORDS ARE BADLY MIXED

Experts Employed to Discover the Extent of the Beatrice Defalcation.

CLERK PHILLIPS CANNOT SECURE BAIL

Mass Meeting of Citizens Looking to a Thorough Investigation of the Books and Prevention of the Guilty.

BEATRICE, Neb., Aug. 20.—(Special Telegram.)—At a meeting of the city council held today reports were read from the special committee recently appointed to investigate the records of the city clerk and warden commissioner, recommending that in view of the confused condition of the records that an expert be employed to investigate them, going back over the books as far as 1890. The special committee was authorized to act in conjunction with the committee appointed by last night's mass meeting and employ such expert. Excitement over the arrest of the clerk and commissioner has abated somewhat, but there is an earnest demand on the part of all honest citizens that the affair be thoroughly investigated and that no guilty man be allowed to escape. There are now four charges of felony against Clerk Phillips, who has been unable to secure bail, and three against Commissioner Hawkins, who has furnished bail and is at liberty.

NORTHWEST NEBRASKA'S CROPS.

Careful Investigation Shows that Section in Very Fine Condition.

LYONS, Neb., Aug. 20.—(Special.)—A Bee reporter who was on a trip yesterday into Cumming county accompanied by George E. Hunsberger, to take notes on the crop. They drove north-west of Lyons about twenty miles. The small grain is all in stacks except occasionally a farmer has threshed some for feed. They took a drive to the west and south of Lyons, and saw a number of large grain stacks, each of which would turn out more than 100 bushels. They saw more farms with eight and twelve stacks to each than a less number of farms with one or two stacks. The county there are from twelve to seventeen large stacks to each. Anton Jermar, a wealthy Bohemian farmer who had lived on his farm for twenty years, would have over 4,000 bushels of small grain. Particular note of the corn crop was taken. Frequently they would get out and go into the fields to examine the crops. The corn here is full and large. A few fields in the drive of forty miles were damaged by the dry weather, but the majority of the corn made a good average crop. Anton Jermar said his 140 acres of corn would average more than forty bushels to the acre. His corn, he said, is the best he has ever raised. There was many large stacks of hay. The county should have an abundance of wintering. Part of Hart county has been damaged by the dry weather. The large crop of small grain and hay will make an abundance of feed for all kinds of stock. There are thousands of bushels of small grain and corn in the northwestern Nebraska cannot complain this year.
