NAMES A FISH COMMISSION

Governor Holcomb Carries Out His Intention of Reorganizing the Body.

Oakley and Meikle Give Up Their Commissions and Are Succeeded by Kirkpatrick and May-Oberfelder the Third.

AINCOLN, Sept. 20,-(Special.)-The new state fish commission was appointed today by Governor Holesmb. It consists of J. S. Kirkpatrick, Lincoln: William L. May, Omaha, and Robert Oberfelder of Slaney. The personnel of the new commission represents three parties. Mr. Kirkpatrick is a republican, Mr. May an administration democrat can, Mr. May an saministration democrat and Mr. Oberfilter a populist. With the exception of Mr. May the others of the old commission had emission Mr. Kirknatzick allowed to name the delegates to the judicial commission had resigned. Mr. Kirkpatrick succeeds R. H. Oakley of Lincoln, whose term expires June 21, 1896. Mr. May succeeds James B. Meikle of Omaha, term expiring June 21, 1897. Mr. Oberfelder succeeds May Belling June 21, 1897. Mr. Oberfelder succeeds May Bellinger; county central committee, C. Bellinger; county central committee, C. whose term expired just June. This gives Mr. Brown, chairman; W. S. Raker, secretary. Oberfelder the long term, until June 21, 1898. FULLERTON, Neb., Sept. 30.—(Special.) Oberfelder the long term, until June 21, 1898. Mr. Kirkpatrick is a prominent lawyer in Lincoln, of the firm of Darnell & Kirkpatrick. formerly a law partner of Governor He was formerly a law partner of Governor Holcomb's at Broken Bow. Robert Oberfelder is a prominent business man of Sidney, interested in stons quarrios and cattle ranching. "Lew" May has been one of the fish commissioners for the past seventeen years and has also been prominently mentioned as a candidate for United States fish commission. Owing to the fact that Mr. Kirkpatrick receives the short term he becomes chairman of the commission, which will hold frman of the commission, which will hold first meeting one week from Wednesday next. It would seem from the complex-ion of the new commission that J. B. Romine of Seward was in line for the appointment of superintendent of the fish hatcheries. It of superintendent of the use incumberts. It is known that the present incumbent, Mr. O'Brien, is objectionable to Mr. May. Mr. Kirkpatrick said that the first business of the commission would be to make a trip to the hatcheries and look over the grounds with a view to future improvement. The commissioners draw no salaries. The salary of the superintendent is \$1,500 per annum.

C. F. McGrew, the bank examiner, will withdraw his resignation. The State Banking heard has assured him that the man pushed forward by Tom Majors for the fifth examiner will not be granted a commission and in view of this fact McGrow will remain. There is no more work in the way of bank examining than can be easily accomplished by the four examiners. This final result is con-sidered a victory for Church Howe and a severe set-back to Majors.

There promises to be a fair representation of Nebraska delegates to the western states

LINCOLN. Sept. 30.-(Special)-At 2 'clock p. m. the republican state convention will meet at the Funke opera house Wednesday to nominate its ticket for the coming state election. There is no trouble on the horizon unless it should develop over some dnor matters connected with the organization of the convention. At present no one eems to know who will be named for temporary officers, but at 8 p. m. tomorrow the state central committee will meet at the Lindell hotel to arrange for this matter. There will apparently be no opposition to the nomi-nation of Justice Norval. Nor is there any expressed doubt over the nomination of C. H Morrill for one of the State university re gents. Who will succeed Hon, J. L. Knight as regent is not so plain. Two names men-tioned around republican headquarters today were those of J. B. Weston and Hugh , Dobbs, both of Beatrice. As the Minneapoli, platform will in all probability be reaffirmed there is no likelihood of any prolonged dis cussion over the silver question. The call provides for a convention of 1,057 delegates. and a very full representation is anticipated.

INFORMATION RECEIVED. Union Pacific Officials at Sea Concerning the San Francisco Report. Press reports from San Francisco are to the effect that a big suit has been commence by the creditors and stockholders of the Union Pacific to have all the lines and branches of that road thrown into a com-mon pool and administered on as a trust

fund by the federal courts. Local officials of the Overland system are very much at sea in regard to the matter. They assert that they have no idea of what the action can be or can mean. They are inclined to think that it is some branch of the Oregon Railway & Navigation troubles, several cases concerning which are tied up in the court of appeals, in which the report says the present case has been commenced They do not think that the Union Pacific system proper is involved in the litigation re-ferred to. No official notice of the matter has been received at headquarters.

Will Try to Reach an Understanding There will be a meeting of the Western Passenger association in Chicago today. The meeting is called for the purpose of considering rates to the Atlanta exposition. There has been trouble over these rates and charges have been made against the Burlington for violating the terms of the agree-ment by making a special train rate from Kansas City to the southern show city. Rates have been generally demoralized in the west, and the meeting of the association will take up and consider the many com-plaints that have been made by the members of the association since the last meeting. General Passenger Agent Francis of the Burlington will attend the meeting.
