NEW DRESSES FROM OLD

AN OHIO WOMAN'S COMMON SENSE SAVED HER MONEY. A Way of Home Dyeing that is Simple, Easy and Economical-Diamond Dyes Make Good Colors and Do Not Fade, Keep in Wash Out-How to Color, Fix and Wash and Wrap with Little Expense.

In a letter written last month by Georgia Hook, Paintersville, Green Co., O., she says: "I colored an old tan dress last fall that I had worn all summer and had a nice black dress. My girl friends went nearly wild over it, and they were so astonished when I told them it was my old tan dress, colored with Diamond Dyes. Several of them tried the dyes on their white cashmere and all of them had nice looking black gowns."

Diamond Dyes are especially prepared for coloring old dresses, and are the strongest, fastest and easiest to use of all dyes. To get the best colors it is necessary to use different dyes for wool and for cotton. Diamond Dyes are made in packages for each. Insist on having Diamond Dyes and you will always have colors that will not fade.

AMUSEMENTS.

The usual matinee will be given at the Clevelands tonight, "The Defaulter" being the attraction, the engagement closing with this evening's performance.

Denman Thompson's beautiful story, "The Old Homestead," will be the attraction at Boyd's theater tonight and tomorrow night. The sentiment of "The Old Homestead" touches the present well-springs of human nature. It presents a picture of a sorrow-stricken old man, who dreams of his wandering boy; of a lovable old lady, ever willing to lend a helping hand; of two old boys, who "for high boots thirty years" have been rivals in love, and who, at last, through the instrumentality of Uncle Josh, stop "knocking chips" of each other's shoulders, and become firm friends; of a boy who, having failed to find that contentment which he sought in the great city, returns, like the prodigal of old, and takes the farm on "the Young Year's day," finding there peace and happiness. The side of seats opened yesterday morning, and the demand is very good.

WANTS ONE HUNDRED YEARS Long Time Asked in Which to Pay the Central Pacific Debt. INTEREST RATE MUST ALSO COME DOWN. COLLIS P. HUNTINGTON SAYS THAT THE GOVERNMENT MUST EITHER TAKE POSSESSION OF THE BONDS OR GRANT AN EXTENSION.

SAN FRANCISCO, Oct. 22.-C. P. Huntington said that the Central Pacific would not be able to pay its government debt on the maturity of the latter. Therefore, if congress would not agree to some settlement of the government debt on a basis compatible with the financial ability of the Central Pacific, the United States government had no objection to the Central Pacific's taking possession of the property. He did not seem at all perturbed at the character of the Washington dispatches of the past two days. He said: "I have always said that the Central Pacific would not be able to pay its government debt on maturity. If simply cannot do it, and my associates are willing to pay the last dollar of the debt if we are given time. We want a reduced rate of interest and an extension of the time that shall give us a breathing spell, during which we can pay the debt in installments. I will not agree to anything which is impossible. I will not start out on a long journey, and I will not know in advance I cannot do it. I would be just to myself, my associates or the government. We can and will pay the debt if given time. If this request is refused then I have no objection to the government taking the road out of our hands. Possibly some people would be found who would buy the bonds at its face value. That would be their business and not mine. If the government is determined to take the road, and take the road with its first mortgage debt, I will not make any opposition. Bonds to run 100 years at 2 per cent would be a safe, easy and fair means of having us settle dollar for dollar with the government."

REQUEST FOR AN EARLY HEARING. Case Pending Which Affects the Value of the Interstate Commerce Law. WASHINGTON, Oct. 22.-An instance of the Interstate Commerce Commission Solicitor General Conrad filed a motion in the United States supreme court today for the advancement of the case of Theodore P. Brown, who is held in custody by the United States marshal of the western Pennsylvania district on the charge of refusing to answer questions put to him by the United States grand jury at Pittsburgh last May concerning the freight rates of and the rebates allowed by the Allegheny Valley railway, of which he is auditor. Brown, such answers would incriminate himself, and upon a second refusal was committed for contempt. The adjudication of the case is of great importance, as it involves the enforcement of the interstate commerce act, and also the constitutionality of the act of 1883 providing that the plea of self-incrimination shall not be a ground for a witness refusing to answer interstate-commerce proceedings. The solicitor general filed with his motion a letter from Chairman Morrison of the Interstate Commerce Commission, in which he says: "There are cases pending, and others which should be commenced, the result of which will be dependent upon testimony such as that given in this case. Action in these cases is not practicable or advisable until the question involved is determined and a decision is reached. Under these circumstances, the enforcement of the usual provisions of the act will be impracticable and the purpose of the law unoperative for the most part."

SHUTTING OFF ON THE PASSES. Western Roads Forming an Association to Make Them Safe. CHICAGO, Oct. 22.-As soon as the general passenger agents of the western roads are through with their work of reorganization of the city ticket agents of terminal cities in the association territory will be called together to form an association for the purpose of putting the interstate commerce act into operation. The general officers of the western roads are going to form a new passenger agreement, the terms of which are so restrictive that it will reduce the evils of the interstate act to a minimum. The result of the work which has been put in on the proposed agreement will be submitted to the Interstate Commerce Commission, and if approved will be held in St. Louis on Monday morning. The passenger agreement which has been in effect for the past year has been very successful, but it has been the cause of much disruption. It is proposed to make an agreement for the coming year narrower than ever before, and next year the roads will draw the lines even tighter, and are doing this until the free transportation evil is entirely wiped out.

TO FORM A PROTECTIVE COMMITTEE. Minority Stockholders of the Denver & Gulf Get Together. DENVER, Oct. 22.-A call has been issued from New York directed to the holders of outstanding first mortgage bonds of the Denver, Texas & Gulf & Fort Worth roads asking the bondholders to communicate with one of the largest of the Denver & Gulf bonds. The object of the movement is to organize an independent protective committee. Receiver Trumbull says the total amount of bonds of the two lines outstanding amounts to something like \$10,000,000. The first mortgage bonds of the entire Gulf system exceed \$22,000,000, and nearly all the bonds are controlled by the Denver & Gulf Trust Co. It is claimed that the call issued from New York emanates from a minority which cannot muster strength enough to affect the majority.

TO BEAT THE SANTA FE. Union Pacific Planning Easter Time from Chicago to the Coast. For some time the Union Pacific and Central Pacific have been doing some figuring to beat the time of the Santa Fe fast train from Chicago to the coast. The plan is to shorten the time of the Overland flyer between Omaha and Ogden eight hours, and
