Captains of the Government Steamer Mandan to Be Investigated. SIOUX CITY, Nov. 4 .- (Special Telegram.) -William Gillam, employed on the governnent steamer Mandan, now in winter quarters here, has preferred charges against Captains Todd and Leeds and Mate Newman, concerning the manner in which order is maintained on the steamer, which promise to lead to an investigation by the War department. According to Gillam's story, he became involved last Friday in a dispute with the mate over some minor matter of discipline, during which the latter drew his revolver and fired several shots at his subordinate, by way of emphasizing his views. AUSTIN, Tex., Nov. 4 .- There was an extra large attendance present today at the opening of the great international regatta and they were favored with a fine round of sport, though there were only three races entered for today. The first race was trial heats, three miles with three turns, over a threequarter mile course, participated in by Englishmen only. Entries: Bubear, Barry, Haines and Wingate. Bubear was in fine shape and won the race by five boat lengths, pulling an easy stroke of twenty-eight, Haines pushed him some in the last quarter by spurting with a stroke of twenty-nine. Barry came in a fair third, but Wingate was not in the race at any time, falling away behind from the start. Bubear and Haines, having won the race in one, two order, will now row in the final against two Americans for the championship of the world. The two Americans are to be selected tomorrow. Time of race, 1:48.

Time of race, 1:48.

The second race, one and one-half miles, with turn, for the amateur championship of Texas, was won by Ed Poggy of Austin, his only contestant being J. Martin of Galveston.

The third race was a trial heat, double scull, first crew in to row in the final against England's best crew for the championship of the world and a purse of \$1,000, three miles with turn. Peterson and Hanlon, Gaudaur brothers and Termer and Rogers started. This was a beautiful race, all boats being bunched to the mile and a half flag. The Gaudaurs got away from the flag first, but Teemer and Rogers, pulling long, steady strokes of thirty-five, soon pulled up with them and forging shead passed over the line with a five-boat lengths lead. Time, 17:47%. The last race was a magnificent one and lowered the world's record for three-mile double scull racing.

Tomorrow's program is interesting and

lengthy and the sports are betting heavily tonight on the great half mile dash which will be participated in by all the oarsmen. Jake Gaudaur and Teemer being the favorites. WILD HUNTSMAN DISQUALIFIED.

Both Owner and Horse Declared to Be Outlaws.

CINCINNATI, Nov. 4.—The judges of the Latonia races, after a thorough investiga-tion, which included a trip to St. Louis by

Presiding Judge Carter, rendered a de-cision in the Wild Huntsman case today. The horse is disqualified and the three moneys are awarded to the second, third and fourth horses Siluria, Monus and Clinton. No further entries will be received and fourth horses—Shuria, Monus and Clinton. No further entries will be received from A. J. Stafford, in whose name Wild Huntsman ran. It has been shown that Bill Brannon, who has been sultawed, had been interested in the horse within the last two months, if he is not his present owner. A horse owned all or in part by a turf outlaw is barred from a turf congress track, no matter if he has been sold to an innocent party. All evidence obtained by the judges point to Stafford's connection with Bill Brannon. He may, however, be the dupe of others. Carriag of Council Bluffs, who formerly owned the horse, and who testified that Brannon stole him, evidently gave his testimony to get even with Brannon, believing that the latter owned the horse. He evidently thought he was letting Brannon have him when he made the bill of sale to Stafford. The latter still protests his innocence of any connection with Brannon, and the latter day at Latonia today, and the stendance was immense. The weather was line and the track dead and rather slow. All of them were greatly disgusted with their western experiences, and Veruig laid the blame for the flasco upon Julian, who, he said, had managed Fitzelmmons affairs from the beginning. He blamed Julian for the failure of Fitzsimmons to take a special train for Hot Springs and thus evade the officers. and Geigerich, in general term of the court of common pleas, have disagreed in the suit brought by Henry Judson against the Flushing Jockey club. It was expected that the decision of the general term would have decided the constitutionality of the Percy-Gray racing law.

The suit was originally brought before Justice Lynn in the first district judicial court in a suit brought by Judson to recover a sweepstakes from the jockey club. Justice Lynn decided that a sweepstakes was a lottery and threw out the case. Judge Bischoff holds that Justice Lynn's decision should be affirmed. Judge Geigerich holds that it should be reversed. "You see, I have been troubled with caturrh as long as I can remember—for fifteen

years at least. Everybody knows something of the nastiness and misory of the disease and of its deeply injurious effects upon the system. In my case the complete stoppage of the nose caused a steady drip of vile matter into the throat, thus occasioning that incessant nervous hawk-

"Then somehow or other the poisons seemed to work their way into the stomach and tubes in the liver, bringing on billious spells. At these times I would have horrible nausea and headaches, with vomiting of a sour and bitter discharge. For years I had these regular old-fashioned sick headaches, with suffering and agony altogether too horrible to be put in words.

"My opinion is that when I first went to Drs. Copeland and Shepard my whole system was giving way under the poisons of entarth. But under their treatment I began to pick up right away, and I kept on improving until I got rid of the whole trouble. I can't remember when I have had so good health as I now enjoy, and for these radical and genuine results I give all the credit to Drs. Copeland and Shepard."
