Not a single seat in any part of the house, with all the available standing room down-stairs and in the balcony taken up, was the size of the house that watched the curtain go up at the New Dohany last night. And until it dropped on the last act there was no cessation of the merriment that "The Privato Secretary" excited. There never was a more delighted multitude than that which crowded out when the curtain went down, and when it is remembered that it only cost 10 cents to raise all the floodtide of merriment the satisfaction was only that much keener. Tonight another equally fin bill will be presented, "The Southern Rose," fine a delightful four-act comedy, and only 10 cents to all parts of the house.
